

True Father: With the right tradition we have everything!

Anyonghaseyo, dear brothers and sisters!

Here again an inspiration, based on the words of True Father and True Mother:

True Father: "Only one promise can inspire God: "I have decided to be a sacrifice in order to establish the tradition of love. I have been trying to live for others. All I want to do is continue living this way."... Otherwise you have no true pride before God, even though you work hard witnessing and fundraising."
[1]

For God nothing is more important than the establishment of the tradition of true love. This tradition is not about working hard or praying a lot. It is not about projects, no matter how great they may be. It is about inheriting the heart of God. It is about becoming one with God in heart. And that means to love the way God does:

True Father: "You must inherit the realm of God's heart. You have the theory, and when you practice it, you can become one with God. You must establish such a tradition."

It is exactly this tradition of loving the way God does, that God wants us to spread and to hand down from generation to generation. Only this quality of love can be the basis for the Kingdom of God:

True Father: "I want to see love in you that is not self-centered, love that branches out to embrace your family, society, nation, world and God. As long as we have the right spirit of love it doesn't make any difference whether the World Mission Center, the News World Building and Belvedere are all blown up and nothing remains. With the right tradition we have everything. This is the only thing we want to keep

and hand down from generation to generation." [2]

To establish the tradition of divine love and to spread it and pass it down to the subsequent generations is the essence of our mission. Everything else is secondary:

True Father: "The essence of your mission is to create this tradition of love and expand it to your posterity." [3]

True Mother: "My message today for you is to become water that spreads out the true love of our Heavenly Parent and the True Parents of Heaven, Earth and Humankind." Hawai, 22.7.2014

And what does true love look like?

True Mother: "True love is to love even someone who seems impossible to love, and thus, in true love you have no choice except to love even your enemies. " [4]

The power of such love will bring about the Kingdom of God. Certainly nothing else will do:

True Father: "Even though you are persecuted by all of this world, which is the realm of the enemy, you must love the evildoer with our whole heart. That is the condition you have to fulfill. God is MOST CONCERNED about that condition, so those people who are striving to be God's children should also be most concerned about it. This standard of loving... is the very boundary line between God and Satan... The conclusion is to love our enemy." [5]

Developing such a love in our heart means to establish the tradition of love. This is what God is waiting for, and we are called by God to become the people who love the way God does, and certainly nothing less. If we do that, we will bring about God's Kingdom, and God will shed tears of joy, no matter what we do otherwise.

If we need some help in getting there, we can always ask True Father, Jesus and Heung Jin Nim to teach us love. That will help us to advance in heart much faster.
