Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father:

True Father: "No one can deny the truth, that nothing else other than a new movement or a revolution of true love, can save today's world." [1]

From the beginning of human history God wanted every human being to reach the highest level of love in their life time. The highest level is the level of God's love. But because of the fall, mankind did not inherit the heart and love of God, but inherited the nature of Satan, who has nothing to do with true love at all, but is the master of a "love" that is self centered.

Throughout history people were unable to love the way God does. That created the miserable world we are living in. Therefore it stands to reason, that all the misery and conflicts in the world can only be overcome, if humankind becomes the embodiment of divine love, a love of the highest quality, a love that never ends, a love that expects nothing in return, a love that loves everyone without exception, even those who hurt and offend us.

Jesus came to start the revolution of love, but he was killed. 2000 years later True Parents have made the breakthrough. Green light is given for all mankind to become God's substantial self, that means God in the flesh. Green light is given for the perfection of our love:

True Father: "All the difficult problems in the world now can be fundamentally solved only through the perfection of true love." [2]

The conflicts in the world started with the corruption of the human heart. And they can only be overcome if the human hearts become perfected, if our love reaches the level of God's love.

It is the greatest blessing imaginable, to belong to those who constantly and consciously strive to reach that level, the level of heart of God and True Parents, as well as Jesus:

True Father: "You should make an effort to expand yourself and grow more like God every day." [3]

True Father: "You must make daily efforts and struggle to overcome the limitations of your heart. That is what we are here for" [4]

By making such constant effort to advance in heart, we can see ourselves reaching new levels:

True Father: "You have to witness the perfection of true love within your own life." [5]

Satan tells us that that is not possible, that this is something that only True Parents can do. But True Parents did not come to be the only True Parents forever. That is not the purpose of the coming of True Parents:

True Father: "Mother and I are not going to be the only True Parents. My goal is to make all of you True Parents." [6]

If we would not have the potential to become True Parents ourselves, embodying the heart and love of God, then the ideal world would never come. But each one of us has a vast potential of heart and needs to actualize it.

The problem starts when we think, that this is too difficult for us. Limited thinking is a terrible enemy. We have to get rid of it and work on advancing in heart and love day by day, at every encounter with people. Then we will see ourselves growing, and we get the power to focus on it even more.

Growth of heart does not simply come by doing external things, no matter how great they are. Growth of heart is not a by-product. We have to focus on it, based on our own desire and on the realization of how vital this is:

True Father: "I never want to feel that you are just following my instructions but rather that you have really perfected yourself in the image of God on your own initiative." [7]

The ideal world does not come by external activities alone. It does not come by prayer and fasting alone. It can only come by us becoming people in the image of God, who love everyone the way God does, and whose love never stops, no matter what people do to us.

Our love has to reach a level that has never been before seen in this world. That is real restoration, and that is the way for the true love movement of True Parents to spread:

True Father: "The mission of restored man [woman] is to demonstrate a higher quality of love than ever existed in the satanic world." [8]

That is our real mission, and it is neither impossible nor too difficult. Instead, it is a huge blessing, a blessing that people in the past could not enjoy! But we can, thanks to True Parents having pioneered heart and true love all their life. We have to do the same thing, becoming pioneers of heart and true love, walking the path of paths every day of our life. Then we will have lived a true life.
