

True Father: You must love the evildoer with your whole heart!

Bruno Klotz

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father:

True Father: "Today we are having a revolution to break up all the boundaries of the universe. It is our task to spread love. In the end only love will remain strong and prosperous." [1]

This world never became the world of true love. Instead, false, self centered love came to full bloom, causing resentment, hatred, division, conflicts and war, all over the world, on all levels.

This cycle of hatred and resentment can only be broken as people begin to love with true love, which means loving even the enemy. Only a movement that practices such a love can save the world:

True Father: "If you have such great love that you can love even your enemy, that power will melt everything. God needs a movement that can melt the wrong world down and change it into the right one. " [2]

Even if we have never loved our "enemies", that does not mean, we cannot do it. Certainly everyone can. Some people think that by loving the "enemy", this enemy might not even change. And so they do not even try, because they see no point in it. This way our own thinking blocks us from becoming embodiments of God's love.

True love is not about changing people or making them do this or that. True love just invests, for the sake of true love. Everything is about investing heart and kindness, without a thought of what the response might be. Such love is the most powerful force. The moment we wonder about the return, this love is not "true" anymore, and it loses its power.

One return of true love is for certain, however. By us exercising true love, loving everyone, including "enemies", we come to resemble God, we come to resonate with His love. We become divine children of God, not just in name, but in substance and heart. And the world will change, very fast.

Loving the "enemy" is the very boundary line between God and Satan:

True Father: "Even though you are persecuted by all of this world, which is the realm of the enemy, you must love the evildoer **WITH YOUR WHOLE HEART**. That is the condition you have to fulfill. God is

MOST CONCERNED about that condition, so those people who are striving to be God's children should also be most concerned about it." [3]

Loving the "enemy" is about loving everyone that is difficult to love. It is only difficult, if we think it is difficult. And we may find 1000 reasons for thinking so. We may even have "tried" it for some time, but then given up, because we did not see a "result".

But if we did it only for a period of time, or only once, it was not true love. Because true love is permanent. It does not "try" to love someone and two weeks later gives up. True love is not about "trying". True love is permanent. Once started, it is eternal:

True Father: "Even a rock, a symbol of permanence, cannot endure forever the effects of erosion. Only the human heart was created with the potential to remain unchanging for eternity. Hence the title "lord of creation" cannot be awarded based upon money or knowledge. It is not based on power. It is only based on true unchanging love, God's love." [4]

True love is not just about giving and investing into an enemy once or twice. True love is about attitude and heart. It is about having the HEART to love the enemy. And if we create that heart in ourselves, then we never give up loving "enemies". Because we have that heart, just as Jesus had:

True Father: "Jesus overcame death with a heart to love his enemies and a prayer of blessing for his enemies. That is why Satan surrendered in that moment. This is where one gains the qualification to be God's eternal child. Even Satan recognizes this qualification, and gives his signature of approval. You, too, will be able to stand and say, "Listen, Satan, am I not unmistakably the child of God?" and Satan will reply, "Yes, that is correct." [5]

Such power comes from the heart that is ready and willing to love every "enemy". And why should we not be able to develop such heart? Why should we not be able to live according to the philosophy of loving the enemy, just as Jesus and True Parents do?

True Father: "What is the starting-point for realizing God's ideal nation? What is the starting-point for recovering the original homeland? It will start from individuals who live by the philosophy of loving their enemies." [6]

Anyone can live according to the philosophy of loving their enemies. Only our own limited thinking can stop us from doing it. If we want to build the ideal world, we need to get rid of limited thinking and become the people in the image of God, become True Parents ourselves. That is most certainly God's and True Parents' greatest dream. Because that is the foundation for God's kingdom.
