Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim:

True Father: "Re-creation is carried out by investing and forgetting, then investing and forgetting again, in true love." [1]

True love is about investing our heart into people, forgetting what was given and then giving again, limitless. True love is not about giving in order to receive something in return. True love is unconditional. It gives without expecting, and it never stops:

True Mother: "God's true love is love that forgets it has invested, so it invests again and again and again. If the memory of giving remains, then love cannot flow freely and endlessly." [2]

True love is not about fighting and struggling with other people, no matter what they do or say or believe. Instead, true love is big enough to embrace everyone:

Heung Jin Nim: "Do not struggle with other people. I never antagonize others. I could probably fight with so many people because I can see evil in them. Instead, I take responsibility for them and love them." [3]

True love is not about investing only into some nice people. It is even about investing our heart into people who have hurt or betrayed us etc:

True Father: "God gives this love of infinite value from the position of the Father and forgets what He has given. Even if the sons and daughters who have received that love betray Heaven, He gives again." [4]

True love is not about judging others, but about investing heart into them, embracing them, being a blessing to them. That brings big blessings into our own life:

True Father: "It does not matter how many times another deceives you or betrays your expectations. Do

not give up because you will not lose. I was actually betrayed many times and know that I will continue to be betrayed, but I am secure in my way and I go on. I have never found that my position gets worse; instead it is always improving. That is the heavenly standard." [5]

By loving like this we become like God:

True Father: "It would be normal for you to love only those who respond to you in love. But when you sacrificially give of your love to those who are hostile to you, you begin to reflect the real quality of God's own love. True love moves in this way. Its quality does not change regardless of the response of the people." [6]

We all are requested, and able, to reflect that God-like love. That is our real job and mission:

True Father: "Many people misunderstand who Moonies are, but one day they will realize that Moonies stand for real love." [7]

People with God-like love in their heart are the real engines for restoring this world, cleansing it from all evil. Nothing else can do it:

Heung Jin Nim: "Determination will not save the world. Love will save the world." [8]

Only love will save this world, and this love has to have God's standard. This is the standard we all can achieve:

True Father: "The mission of restored man/woman is to demonstrate a higher quality of love than ever existed in the satanic world." [9]

Living the Divine Principle, living for the sake of others, is all about demonstrating the highest quality of love. It is about unchanging investment of heart and kindness, into all people we encounter, good or bad. It is not about fighting or arguing with them, trying to prove them wrong or whatever, but about embracing them, lifting them up, being a blessing to them, in one way or another.

That will make us victors of true love just as True Father, True Mother and Jesus, who can turn any situation into a victory, a victory of true love:

True Father: "Even when the entire world is thrown into confusion, if your love does not change, or if you choose the path of loving others for their sake, then you can always be in control of any situation. Nothing can stand in your way. " [10]

This exactly is our destiny. Blessed indeed are those that are advancing in this direction. Blessed are those whose love is unchanging and unconditional, and whose love knows no barriers or limitations.

Love from Bruno
