Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father:

True Father: "When we understand the mission of the Messiah as a mission of true parents to realize God's love in this world, we understand that we too are called by God to pursue and accomplish this mission. The mission of the Messiah is thus the cosmic mission that all men and women of faith ought to undertake." [1]

We all are requested to walk in the footsteps of True Parents, becoming True Parents ourselves. In order to do that we need to develop the same heart as they, the same heart as God:

True Father: "No matter how difficult it may be, you should inherit our True Parents' TRADITION to be patient and OVERCOME WITH TRUE LOVE. You cannot harbor any hatred or grudge. There is NO WAY you can, because God and True Parents have not done that. You should EXACTLY FOLLOW TRUE PARENTS' FOOTSTEPS... I am telling you this is the way to go." [2]

We cannot be True Parents without the heart of True Parents in ourselves. We cannot be True Parents, while not embodying the love of God, just as True Parents and Jesus do. So developing our heart constantly, becoming more and more able to love the way God does, is crucial.

The more we do that, the more we can plant the love of God on this earth, wherever we are, wherever we go, under all circumstances. God's love then can spread more and more, and at the same speed evil will vanish. True love is stronger than any evil force. In the end only true love will remain:

True Father: "Today we are having a revolution to break up all the boundaries of the universe. It is our task to spread love. In the end only love will remain strong and prosperous." [3]

By spreading true love in all directions, we become the most powerful people. Because true power comes from true love, and true love is the strongest power of all:

True Father: "If you become a person receiving and utilizing love and use your life as a bullet in God's war, then you will make yourself one of the strongest people on earth. Nothing will be able to destroy or

deter you." [3]

We will not only be the strongest people, but the richest as well:

True Father: "You must love so much that the universe will be filled with your love and you will reap the fruit of all the seeds of love which you sowed. Then will you be rich or not?" [3]

Our legacy has to be the one of true love. That is the legacy of True Parents, and it must be ours as well.

To leave such a legacy, we need to become more and more able to love the way God and True Parents love, without limitations. We need to melt down all the evil in the world, with the power of our heart. That is the only way to establish the world of love and peace:

True Father: "If you have such great love that you can love even your enemy, that power will melt everything. God needs a movement that can melt the wrong world down and change it into the right one." [4]

We all have to become such people. We all have the privilege to participate in such a movement of God. The more people walk in this direction, the faster the ideal world is around the corner. Because then the power of God is moving.
