

True Father: The path of true love is the fundamental root

Anyonghaseyo, dear brothers and sisters!

Here again an inspiration based on the words of True Father, True Mother and Heung Jin Nim [spiritual world]:

True Father: "The path of true love is the fundamental root that takes priority over any human activity or undertaking." [1]

The path of true love is very fundamental, because it transforms us into people who resemble God. This is the goal of our life. It is our destination. Nothing is more important than this:

True Father: "We must become perfected individuals who match the standard of original, perfected individuality. To do this, we must continually revolutionize ourselves and fulfill our given responsibilities." [2]

We become people of true love, who resemble God, by revolutionizing ourselves. Revolutionizing ourselves in the ways of true love must always be on the forefront of our mind. If we focus on it, we will see ourselves growing in heart and love, in patience, compassion, understanding of others, in humility, forgiveness, kindness etc.

Revolutionizing ourselves in God's way means to push the fallen nature out of the way. The fallen nature always tempts us to think, feel, speak and act in fallen ways. It always blocks the way of true love. The stronger the temptation, however, the greater will be our growth of heart, if we overcome this temptation.

So we can even welcome strong resistance and temptation from the fallen nature, because that is our chance to grow fast, as long as we do not follow that resistance or temptation, but overcome it instead.

Revolutionizing ourselves will make us more and more able to embrace all people, even those that are hostile, have different views, are seen as unlovable and whatever. We will become able to love them unchangingly, unconditionally, no matter what. And God will work in our lives in mighty ways.

We will more and more become able to see people with God's eyes and embrace them with the heart of God, instead of fighting with them, judging them, looking arrogantly down upon them, resenting them etc.

We will become like True Parents, like God:

Heung Jin Nim: "Open up your hearts and really embrace each person and don't let anything hold you back from loving the people. That's how my Father lives.

He just loves everybody, even the people that hate him, even the people that attack him, even the people who hurt him. My Father just keeps loving them..." [3]

To become such people is our main task. As more and more people go this path, the world will become a worldwide family, with God in the center:

True Mother: "When you live your life as a true child who resembles the True Parents, you will understand and feel that other people are not strangers but your brothers and sisters..." [4]

As more and more people become true children of God and True Parents, we will see all mankind becoming true brothers and sisters, becoming one world wide family, with God's love in the center.
