Anyonghaseyo, dear brothers and sisters,

Here again some inspirations, based on the words of True Father, True Mother and Heung Jin Nim [in the spirit world]:

Heung Jin Nim: "If you don't have the right heart first, all the organization in the world won't make any difference. The heart is the most important thing, the heart. What is your heart? What is the content of your heart? What is the level and depth of your heart? What is the level and depth of embracing people and feeling responsible?" [1]

The world of the heart comes by us becoming new people, by us becoming true men and women, true children of God, whose heart resonates with the heart of God, True Parents and Jesus.

The ideal world can only come by us becoming people in the image of God. And that means that we become people who have developed the heart of God within themselves. That means that we love others the way God does, and that we desire strongly that the providence goes forward, so that God's ideal will become more and more visible.

God's ideal of a world of true love can only become visible by us becoming people who resonate with the heart of God. If that is our focus, then also our activities will be fruitful. If our focus is more external, then we will run in circles and in the end lose power:

Heung Jin Nim: "So you've been very stubborn and determined in the past, and not giving up in terms of your responsibilities. But now you need to make a determined effort, ten times that determined in terms of reaching into yourselves. That is why sometimes you felt empty because your determination was more external, but not internal." [2]

Our determination to develop a divine heart in ourselves must be strong and constant. As long as we strive to become more loving, more divine, in any situation, then this even helps us to overcome external difficulties, much more than just focusing on solving these difficulties:

True Father: "Seek to become that master of love. Program your life like that, and you will never be a loser." [3]

We need to keep feeding our divinity by speaking, thinking and acting based on true love:

True Father: "You have to look with heart, listen with heart, speak with heart, and act with heart. You must live with the destiny of heart." [4]

If we do this, our fallen nature will wither away, step by step. And we become new people, the people that God wanted to see from the beginning, people in His own image. Such people can make a tremendous difference in this world, based on their heart:

True Mother: "You need to grow internally and then reach a position in which you can lead the external world." [5]

To grow fast, internally, in heart and love, we need help:

Heung Jin Nim: "I said before that love is the key, but actually because of your barriers of love you need help. You need help to guide you to the deeper levels of love. Therefore your faith is the key because through your faith I can be with you and when I am with you then I can lead you in an understanding of love. And with that faith and with that love then nothing can stop your march forward to victory." [6]

That applies of course for True Father and Jesus as well. They all are waiting for us to ask for their help, especially in the field of love, because if we do not ask for help, they cannot help us. They need our invitation. They do not come uninvited, because they respect us too much. But as soon as we call on them they are right there.
