

True Father: What is the difference between false love and genuine love?

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father and True Mother:

True Father: "What is the difference between false love and genuine love? Once false love begins, it diminishes and becomes weaker. Once genuine love begins, it increases. True love keeps increasing until it embraces the world. This heart that is infinitely embracing, this heart that holds everything, says, "I will embrace more. I will embrace more!" It is only true love that activates the original heart like this. Only true love does this." [1]

Genuine love, true love, never ends. It is unconditional. It keeps going, no matter what the response is. It does not retaliate, it does not resent, it does not blame. It endures in every situation, without complaining, and keeps going, and growing. It is eternal.

True love has its root in God's love, in God's parental heart. As soon as we practice true love, God's blessing is coming to us, because then God finds His own nature in us. That is highly inspiring for God. The more we walk the path of true love, the more we want to continue on this path, because it is inspiring for us, too.

As long as we practice true love, we reduce our fallen nature, making it weaker and weaker, because we are not feeding it.

False love is rooted in Satan's selfish attitude. It "loves" for the sake of oneself. It only loves as long as it seems profitable. The moment nothing comes back, and particularly if something undesired comes back, it stops and turns into resentment and hatred easily.

This kind of "love" has been prevailing all over the world since the fall. It caused conflicts and struggle on all levels. People were just demanding to be loved, and became resentful if that did not happen. And when they were hurt, they retaliated. Thus conflicts were perpetuated. And no one knew how to break this circle of hatred and violence. Everyone wanted to live in peace, but then contributed to conflicts. And the conflicts were transferred to the spiritual world and the so created evil spirits are creating further havoc here on the earth.

Only a spiritual revolution, the revolution of true love can make an end to all this misery. And that can happen now, since True Parents came and started exactly this revolution of heart. And we are the ones to carry this revolution forward, by receiving the blessing from True Parents and by practicing true love, loving even the unlovable, thus resonating with God's and True Parents' love more and more.. That will bring about the ideal world, where true love is everywhere at any time:

True Father: "The revolution of love will make possible the realization of the ideal for which God and all humankind have been waiting and hoping since the beginning of human history." [2]

True Father: "No one can deny the truth, that nothing else other than a new movement or a revolution of true love, can save today's world." [3]

Sun Jin Nim [about True Mother]: " She [True Mother] is calling upon all of us to arise as champions of peace, to become manifestations of Heavenly Parent's love and truth so that together we can usher in a new world of lasting peace and prosperity for the whole human family and creation." [4]

We all have the great chance in our life to participate in this revolution of love, becoming men and women in the image of God, bringing God's and True Parents' love to every corner of the world, changing this world into God's world and living a true and fulfilled life at the same time.
