

True Father: What is the mainstream concept? You must invest and forget

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother, Sun Jin Nim and Heung Jin Nim [in the spiritual world]:

True Father: "In general, people think that living for others entails loss, and is not beneficial to one's self. However, you must know that the truth is otherwise: This principle [of living for the sake of others] enables you to become the owner, the central figure and heir. This is how heavenly law works." [1]

Not many get the idea of at least checking out if and how living for the sake of others works. For them the idea of living for the sake of others is foolish. They cannot imagine that it makes sense to give to others without expecting anything in return.

But this unconditional giving is exactly what living for others is about. It is God's way:

True Father: "What is the mainstream concept? You must invest and forget. You must forget. I really, really ask you, so you must do it because of God and True Parents." [2]

True Mother: "God's true love is love that forgets that it has invested, so it invests again and again and again. If the memory of giving remains, then love cannot flow freely and endlessly." [3]

Heung Jin Nim: "Being unconditional means not to expect any reward..... Do you love one another unconditionally or do you seek some kind of payment in return? Some people think, "I loved you, why don't you love me?" or "I gave you a present, why don't you give me one too?"... This is almost a formula of how people think, yet it is one of the main problems in man." [4]

It is one of the main problems of a fallen people. It is not human nature, it is fallen nature, inherited through the fall.

So if we want to restore ourselves, if we want to find our original self, then we need to leave Satan's fallen concepts behind. We have to exercise unconditional giving to rise up to higher ground and to grow in heart and love. We need to practice unconditional love towards the people we meet, no matter who that may be:

Heung Jin Nim: "You can only grow when you demonstrate unconditional sacrifice and thus fulfill your portion of responsibility....." [4]

By giving and loving unconditionally, we become more and more like God and True Parents. And God will bless our effort. He will be moved to tears because He can be confident that His lifestyle multiplies on the earth and Satan's world disappears, based on true love:

True Father: "We have to call together all people of conscience and deep faith and educate them to be the workers of true love of our eternal God, workers who can practice the true love of God and True Parents. Regardless of age or gender, so many people throughout the world today are starving for true love. In other words, they are waiting for true people to emerge who are able to live for the sake of others." [5]

We all are requested to become such people. And certainly we all have that potential. We just have to realize this and then become the people with a new heart of true love:

Sun Jin Nim: "We must grow and become true sons and daughters equipped with clear vision and a new heart." [6]
