Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father:

True Father: "In the last days women need to take the lead in overcoming conflict and strife in the age of division with their motherly love and create a new history of reconciliation and unity. The mission of women is to educate and restore young men and women, who are in the position of being their children, and even their husbands in order to realize the ideal of the Kingdom of Heaven." [1]

The world is in conflict and division since the fall of man. And healing can only come from people who have the heart of true love for everyone, who can go beyond resentment and hostility, just like our True Parents have done and still do.

When talking about True Parents' love, we have to include both, true fatherly and true motherly love. Both types of love are highly important, because they equally represent the true parental love of God.

According to True Father, motherly love is even more important for creating peace than fatherly love. For

sure is that both types of love are absolutely necessary, true fatherly love and true motherly love, with other words: True Parental love.

Certainly women need to be aware of their great importance in creating world peace, with their motherly love. They need to see their immense potential of heart and not nurture the idea that only men are to create world peace. For world peace we need true parental love, and that includes both, male and female.

When it comes to true love, there are no limits, neither for men nor for women. Both, men and women, have an amazing potential of heart. men for fatherly love, and women for motherly love. The point is to use this potential to the fullest, so that the fatherly as well as the motherly heart grow and grow.

The more that happens, the more the world will change in a positive direction. We will see the liberation of mankind from all conflicts and divisions. We will see the world that God has designed from the very beginning, the world of love and heart, of peace and happiness for everyone:

True Father: "True Parents are the representatives of true love, who teach the way of true love. The teaching that they bring can uproot all the sins of history. When we practice it, we can finally achieve liberation." [2]
