

## True Father: You are starting to vibrate today for the sake of the world

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father and True Mother:

True Father: "You should rather have the living tradition of your teacher [True Father] than celebrate his birthday." [1]

That does, of course, not mean that we should not celebrate True Parents' birthday. But Father wants to remind us that True Parents have not come only to be respected and celebrated.

Their purpose is to build God's ideal. God's Kingdom cannot simply come by us applauding True Parents, thinking they will establish God's ideal all by themselves.

We need to inherit certain things from True Parents, so that world restoration and liberation can move forward:

True Mother: "You were determined to love and respect True Parents throughout their lives, but were you also determined to achieve their dreams?" [1.10.2014]

To make True Parents' dream a reality, we need to first inherit these dreams. We need to make their dreams our own, if they are not our own dreams yet. They dream of a world where true love is everywhere, in all relationships, on all levels, a world free of sin and conflict.

If we believe that such a world is utopia, then we have not yet inherited their dream, which is God's dream. Then we do not understand God's ideal and do not believe in it.

As soon as we dream of the ideal world and long for it, we get the power to move forward, because we see something that many others cannot see yet.

And, as True Father said, we need to inherit the tradition of True Parents, instead of just celebrating their birthday. What tradition is that anyway:

True Father: "The Unification Church is the church of vibration, the vibration of true love. You did not come here for the sole purpose of singing "Happy Birthday" to True Parents. I don't want you to come for that. I want you to become somebody. Become a Moonie of true love vibration. From today, as a birthday gift take back with you the vibration of true love. You are starting to vibrate today for the sake of the world." [2]

We need to inherit the true love vibrations from God and True Parents. We need to become people who are able to love the world and everyone in it like True Parents do. That is the tradition they want us to inherit and pass on from one generation to the next:

True Father: "We must possess heaven in our hearts and convey the heart of heaven to others." [6]

True Father: "As long as we have the right spirit of love it doesn't make any difference whether the World Mission Center, the News World Building and Belvedere are all blown up and nothing remains. With the right tradition we have everything. This is the only thing we want to keep and hand down from generation to generation.." [3]

And of course, we need to spread that tradition to the people around us, so that finally the whole world inherits it:

True Mother: "If you embrace all 7 billion people of the world, should you not be telling them what you know? You should show them what kind of person you are and tell them you became what you are because of True Parents, and encourage them to join you. That is what True Parents meant by starting a true love movement..." [4]

And we need to tell the people that the time has come when God's ideal can be realized, and that they can be part of it, particularly by joining God's lineage through the blessing of True Parents.

Then God's original lineage can spread more and more, as the root of the culture of heart. Satan's world will lose more and more power, until it finally disappears completely.

All this does not have to take centuries or millennia:

True Mother: "One unified world of peace is really not so far away." [5]
