

## True Father: God established true love as His ideal of creation

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father and True Mother:

True Father: "Man's value becomes limitless and without price when he is united with God." [1]

When are we united with God? How does unity with God come about?

It comes about when we cherish what God cherishes, when we have the same dream as God has. God's dream is His ideal, and this ideal is the ideal of true love:

True Father: "God established true love as His ideal of creation, the highest and most absolute value. Even the absolute God desires to submit absolutely in front of true love." [2]

Uniting with God is not so much about obedience to God. It is rather being obedient to what God is obedient to, and that is true love. God wants us to treasure true love just as much as He does. He wants us to treasure His ideal of true love as much as He does.

If we treasure true love as much as God does, and treasure His ideal as much as He does, then there is a good base for unity with God and True Parents.

Of course, just dreaming about God's ideal of true love is not enough. What God and True Parents want to see is, that we contribute to the realization of the great ideal of true love. Then our unity with God and True Parents will become deeper and deeper.

How can we contribute to the great ideal of true love? By joining God's lineage through the blessing of True Parents. And by becoming the embodiments of true love ourselves. As we strive to become embodiments of true love, our environment changes to the better, because God can exercise His power, and because true love is the greatest power:

True Father: "When love begins to flow regardless of the environment in which it is flowing, the environment adapts to this flow and develops. God will be pleased only when we adopt the perspective that can make this happen. That is why we must walk the path of love." [3]

Our job is to advance in heart so that from our heart more and more love can flow to the people, wherever we meet them. That means we need to become more and more a blessing to the people around us. We need to move them by our heart and by telling them about the great ideal that God has. We need to tell them that now is the time that this ideal is being made a reality, together with God and True Parents, and that we are working on it, and that everyone can participate, that everyone can become a true person:

True Mother: "If you embrace all 7 billion people of the world, should you not be telling them what you know? You should show them what kind of person you are and tell them you became what you are because of True Parents, and encourage them to join you. That is what True Parents meant by starting a true love movement." [4]

As we do all this consistently, we are certainly creating more and more unity between us and God and True Parents. And our value increases day by day. It indeed becomes limitless, in spite of all the shortcomings we might still have.

Love from Bruno
