

True Father: Are we here for the sake of the Unification Church or for the sake of heaven and earth?

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father and True Mother:

True Father: "Are we here for the sake of the Unification Church or for the sake of heaven and earth? The Unification Movement exists solely to serve God and mankind. That is the way God thinks, and that is the way we must think." [1]

True Parents did not come with the purpose of establishing a new church or religion. They came for the purpose of realizing the ideal world of God's design. They exist for the sake of God, for the sake of heaven and earth, and not just for the sake of a church. Their purpose was and is to save all the people of the world. They are ready to sacrifice the Unification Church for the sake of world salvation, if necessary.

So why did the Unification Church come into being? Because Christianity did not support the providence.. So True Father had to establish an organization to work with. The Unification Church was created as a tool to create the ideal world.

So just as True Parents did not come to live for a new church, but for the world, so we, too, need to not lose sight of the goal of world salvation. Just as God lives for the sake of the world and not a church, so we, too, have to have the same mindset if we want to be united with God and True Parents, if we want to be totally on God's side.

So if we are witnessing for example, we should do it for the world, not just for the church. Our heart always has to be for the liberation of the world. We always need to ask ourselves if what we are doing is moving God's providence forward. Because God and True Parents alone cannot bring the providence to a victorious conclusion. God needs us to make this happen. Only through True Parents together with all of us can the providence advance:

True Mother: "Cheon Il Guk leaders must fully embrace the Will of the Heavenly Parent and True Parents, moving forward with the determination to live for the sake of the 7 billion people of the world. It is only by taking up this path, and living with a heart of true love and working to save the world, even at the cost of our lives, that we can fulfill our responsibility." [2] Mother, 5.3.2015

This is the job of all of us. We all are supposed to live for the liberation of the world from suffering and conflict. This should be our basic motivation. If that is our basic motivation, then we are the pride and hope of God. Then God, through us, can make a big difference in this world. And we will feel God all around us, and God's blessing wants to come to us.
