Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of Sun Jin Nim and Heung Jin Nim [in the spiritual world]:

Sun Jin Nim: "When you love who you truly are, when you can see the miracle of who you are, you become aware that this divine light in you is also in all other living beings, because everything in creation was created out of love." [1]

We need to see us as God sees us. We need to our potential that God has given us. We need to overcome all the wrong concepts that we might hold about ourselves. We have to realize who we really are, instead of believing in Satan's lies about ourselves:

Heung Jin Nim: " I want you to understand you're not who you think you are. The person you really are is trying to be born right now.

Satan has been working so effectively with all of his brilliance. Remember, he was the star of morning. He was made to help people think clearly, and yet his mind became fogged. And yet it remained so sharp to justify his own fallen nature and to come to you in history and help you fall away from God. That mind is what you've been identifying yourself through up until now. Too much! Too much! Don't accept it. It's a bad habit of thought that you've got. It's a bad habit. Do you understand, like smoking? It's like a drug

habit the way you think many times. This is the time to change that habit." [2]

Heung Jin Nim wants us to understand who we really are, seen from God's viewpoint:

Heung Jin Nim: "This life that you have been experiencing is not real life. You can't see clearly from the spiritual perspective. You are such incredible people. You haven't even scratched the surface of the Principle of Creation about who you are.

Heavenly Father made you in His image. Oh, you don't know what that is. You haven't been able to experience God.

I want to help you. Oh, Every one of you, you could save this world. You have the power yourself. Now, that power is available to every one of you. You are far greater than you realize. Please try to throw away your concepts of yourself and listen to the Divine Principle. Listen to what our Father and Mother are trying to tell you. Listen to your own heart." [3]

We need to discover who we really are. We need to discover our own heart:

Heung Jin Nim: "I want you to discover your heart. You don't know what a baby looks like until it is born. But when that baby is born, then you can see its face. You can see the pink and beautiful color of the cheeks... And you can see those nice curls and you can see every little dimple. But when it was inside, you couldn't see it. Well, it's the same with your own hearts. As long as you are not born in heart, you don't know what's inside. And, therefore, it's very hard for you to reach to the outside. And fear of the inside leads to fear of the outside. Therefore, we are all afraid of everything inside and outside." [3]

Heung Jin Nim wants us to be reborn. Through the Holy Marriage Blessing we are already reborn. We were reborn as true children of God. We are now in God's lineage. But that is not the end. There is still a lot of rebirth to do:

Heung Jin Nim: "The time has come for your potential to be realized, for the full spiritual power to be unleashed on this earth...

Father has told you these things so many times, but you couldn't realize it because of the evil environment that you were in. And now because we have brought down the spiritual world to the earth, the heavenly realms, these realizations can come to you. This spiritual growth can take place now.

You just have to learn the secrets of bringing a heavenly environment around you. And the simple secret is to keep calling my name. And I can come. Call Jesus' name. Wherever Jesus is, I am. Wherever I am, Jesus is. We come together. We are a matched set. We have different personalities, different wisdom. Learn how to use us to help you. Sometimes you need me more than Jesus. Sometimes you need Jesus more than me. We are your brothers. We want to serve you. Anything we can do from the spiritual realm, we will do." [3]
