

True Father: We must restore this nation by love

Anyonghaseyo, dear brothers and sisters,

Here again some inspiration, based on the words of True Father and True Mother:

True Father: "Abel must go into the satanic realm, make his showdown with God's love and when he is victorious he can return to God with Cain following him. In that way the younger gains the elder brother's position. Cain will happily take the position of younger brother and follow Abel to receive the love of God." [1]

The whole world has to come into the realm of God's and True Parents' love. God uses the people that are closest to His heart, in order to reach those who are further away. In this way the whole world can be

pulled by the power of true love. God and True Parents need people who can pull others by true love:

True Father: " Abel can pull Cain to his side by the magnetic force of love." [2]

The magnetic power of love can pull all mankind back to God. As owners of the providence we need to be aware of this and constantly use this power. Satan has no weapon against this.

This love has to have a high quality, though. Otherwise it would not be so powerful and could not attract many people. It has to be a love that is unconditional and that never gives up, thus bringing God's power into action.

We certainly cannot expect people to follow us just because we know the Divine Principle:

True Father: "Many religious people incorrectly think they are always right and others are wrong and therefore have to follow them as Abel, but that is not the right way. First Abel has to take care of others, and only then can he expect them to follow." [3]

Only based on the power of true love can we win the heart of people. By the power of true love we can win Christianity and the world for God. Heart and love are the key. Without that we are more or less powerless, no matter how much effort we make:

True Father: "We must restore this nation by love. Even though other Christians have treated us as their enemies, we must love them more than anyone ever has. Eventually that love will win out. " [4]

Only with a high quality of love can we win over Christianity and other religions. This love must be a love that keeps embracing people, no matter how they respond, a love that never gives up, a love that is the engine for the Kingdom of Heaven:

True Mother: "By practicing true love and living for the sake of others we build the heavenly kingdom on earth." [5]

True Mother: "All Blessed Families around the world should establish the ideal of Tribal Messiahship and practice true love in order to realize world peace." [6]
