Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim [in the spiritual world]:

True Father: "The way to heaven is opened by loving your siblings as God does. As you strive to follow my standard you should strive to bring your siblings with you. The conclusion is that it is your siblings who lead you to the highest, quickest and best way to heaven, not God or me." [1]

We cannot claim to love God while not loving people who are God's beloved children. God loves all people, all humankind, and we are requested to do the same. We need to develop the same heart as God:

True Father: "If you want to become a son/daughter of God you have to resemble God's heart. Since God's heart is planted in the world, you have to love the people of the world." [2]

God is not interested in people's nationality, race, religion, language, culture, status, titles, degrees or the like. His heart goes beyond all this, and so should ours.. We should channel God's love to all the people of the world so that they can come to know God through us:

Heung Jin Nim: "God wants to express His heart through your heart." [3]

The more we train and develop our heart day by day, the more God can express His heart through us, and God's love can enter into this world. The world should have started like that from the beginning, but mankind was cut off from God, and God's love could not be channeled into this world. The world could not enjoy God's love, but suffered from the complete lack of it. God needs people who turn all this around and channel the love of God into this world:

True Father: "God wanted to create an environment in which love would spread everywhere. That is why He needs us to love." [4]

God needs us to love the way He does. This is necessary to create a world wide revolution of heart, to create the Kingdom of God:

True Father: "The mission of restored man/ woman is to demonstrate a higher quality of love than ever existed in the satanic world." [5]

Our True Parents have shown and still show us the way, and we need to inherit their tradition of true love:

True Father: " I am clearly showing what a life of true love is like. Who can say otherwise when they see the model lives of the True Parents, who have given and given, forgiven and forgiven, and loved their enemies? You must realize that it is your destiny to walk this path of absolute faith, absolute love and absolute obedience." [6]

By striving to become True Parents ourselves, we can bring God's love into this world and establish the ideal world of God's design:

True Mother: "Ladies and gentlemen, I hope that all of you unite with me and become sparks that light up this dark world and guide people to God's bosom. God Bless America!" [7]

The more we exercise our hearts to the limit, the more we become sparks that can ignite a fire, the fire of heavenly love, that can wipe out all evil from this world. The time for this has definitely come, and we call can do it. If we ask True Father, Heung Jin Nim and Jesus to guide us on this path of transformation of heart, we can speed this process up.
