Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim [in the spiritual world]:

True Mother: "If we are filled with the divine spirit and truth and lead a life of constant prayer and gratitude for all things, we will be able to hear the voice of our Heavenly Parent, which will sweep through our entire being." [1]

We all are created to be divine beings, filled with divine spirit, just as divine as God is. That means our heart and our love should be in line with the love of God, True Parents and Jesus. Our mindset should be in line with the mindset of God. God's dreams and vision should be our dreams and vision. God's words should be our words. God's worries should be our worries, God's headaches our headaches.

Without the fall of man we all would be divine people. Because of the fall, however, the first human beings did not reach that level, but rather got filled with a lot of elements that are not in God. These elements were passed down through the lineage and contaminated mankind. They caused conflicts and struggle on the global level, even in the spiritual world.

Now is the time that all this gets reversed. True Parents have emerged for the first time in history and they started the revolution of heart and true love. They opened the way for all of us to become True Parents ourselves. The age of heart has begun: And we are challenged to be the central players in establishing the world of the heart, which is the hope of all ages:

Heung Jin Nim: "I am the sign of a new age. I am the beginning of a new age of heart. But the central player is yourself. It is yourself. Please, do not turn me into a God that you would worship. I am the first of the second generation. I am the first of the second generation. But I want you to join me. Each of us are to become as gods. God's sons and daughters. To inherit fully, through our True Parents." [2]

What are we to inherit from the True Parents? It is the divine mind, the divine spirit, the divine heart. We are challenged to fill ourselves with the divine spirit, by exercising our heart and love day by day so that we more and more become people in whom God can live fully, people who express God fully:

True Father: "Once you reach the divine mind within you and come back out to the world, you will find that God is already before [in front of] you; thus nothing will be able to disconnect you or overcome you." [3]

We all have the potential to develop a divine mind. It is not something for just a few. It is the eternal destiny of all of us. God, True Parents and Jesus are eagerly waiting for us to realize who we really are and what is achievable in our lives. They do not want to see us limiting ourselves based on concepts that God would never approve of, that rather the devil has whispered into our ears.

Love from Bruno
