Anyonghaseyo, dear brothers and sisters,

Here again some inspiration, based on the words of True Father and True Mother:

True Father: "Have you been able to love another person in such a way that you can save him/her, and he/she will follow you wherever you go? That is the perfect saviour, isn't it? When you share this beautiful love with another it will probably be the first such experience in that person's life. Since it is the first, he/she will cherish the memory of it as long as he/she lives. You have to have that intense feeling of love toward the people you witness to. When you love a person like that, he/she will be drawn to you." [1]

True Parents have started the true love movement, and they want us to keep it going, by attracting people through true love:

True Mother: "If you embrace all 7 billion people of the world, should you not be telling them what you know? You should show them what kind of person you are and tell them you became what you are because of True Parents, and encourage them to join you. That is what True Parents meant by starting a true love movement. It is about living for the sake of others. " [2]

By making effort to love people the way God does, we bring them closer to God and True Parents. By

loving with true love we bring ourselves closer to God, too. In this way the world can come closer and closer to God's ideal. It only goes by way of true love, by winning the heart of people:

True Father: "This is the law of recreation -- simply to win the heart of people."

We cannot win the heart of people simply by giving them lectures or debating with them, but by becoming people with a heart of love, expressing the heart of God:

True Father: "If you are cross at someone, unkind to someone, that may determine your fate -- an ill fate. I want you to be always humble, kind, loving and understanding of others, even though the person visiting you may be a cross or evil person -- even unforgivably evil. God can then turn him/her and use him/her to help you, to make you a success." [3]

If we treat people this way, then we are really living the Divine Principle and we become people of true love:

True Father: "When you really live and consummate the Divine Principle, your personality has a heart of love." [4]
