

True Father: We need to expand the movement that creates families of true love

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration based on the words of True Father and True Mother:

True Mother: "God's providence must continue until all people are centered on True Parents, and until a culture of heart overflowing with love and peace takes root, establishing a new order." [1]

The goal of God's providence is the world of the heart, the world of peace and love, the world without conflicts and wars. This is the dream of God, True Parents and Jesus, and they want us to have the same dream.

And they want us to be the people who work together with them to make this dream come true. And how to do that?

True Father: "In order to establish a world of true heart-centered culture, we need to develop our personality through education in true love and True Parentism, and we need to expand the movement that creates families of true love that have received God's Blessing. Under that Blessing, we can become ideal couples and families by continuously training ourselves through a life of faith in which we practice true love by living and investing for the sake of others." [2]

Practicing true love also includes loving those that oppose us:

True Father: "If you put yourself in the position of God or Jesus -- trusting persons while they betray you, loving persons when they don't deserve it, wanting to live and care for those persons while they are not qualified -- the world will change." [3]

Our love has to develop to the level of God's love:

True Mother: "To achieve the perfected ideal, their [the people's] love must come to have the same qualities of maturity, unselfishness and total investment that characterize God's own love." [4]
