

Tribal Messiahs: You Don't Have to Bring 43 Couples to Korea to Register for the Cheon Bo Won If You Promise to Fulfill by True Father's Ascension Anniversary

Happy New Year everyone.

True Mother wants to recognize all Blessed Families as Tribal Messiahs. She is prepared to register everyone in the Cheon Bo Won in 2020. This is her promise to True Father and a gift to us of immeasurable value. She knows that not everyone can get the work done in the short time until Foundation Day so she opened a way for us all:

Promise that you will fulfill by True Father's Ascension anniversary (Sept. 4, 2020) and you can register!

Don't over think it. Thank God deeply and do it. This is about love - True Parents' love for you, and your love for them.

Over the past year we have seen dramatic expansion of Tribal Messiah success. An essential part of that has been the support that families have provided for one another. The chief factors keep people from starting on their 430 is they don't know how, or they are apprehensive. When other families work with them, that goes away. I know this from personal experience. I have faith and confidence that as people "promise to fulfill", the support they need will be provided. This is where Tribal Messiahship goes deep and wide; when those who have gotten to 430 support those who are starting. This is the culture of Cheon Il Guk.

Thank you

God Bless You

Accomplisher's option – More detail, including the Jan 5 & Jan 13 deadlines

*(in order to meet the new extended deadlines, until January 5 (the 6th or Monday is the absolute deadline in Korea, but you may miss that if you can't have your information to Athia by January 5th)
THE BIG CHANGE IS that Accomplishers can apply for Cheon Bo)*

Re January 5th Deadline

If a member has accomplished their vertical 430, and has accomplished their horizontal 430, but not yet their 43, they can NOW apply to CheonBoWon and still have until January 5th to get their information to their HTM coordinator to get to Athia to be given an invitation to participate in this Foundation Day's events.

The 6th or Monday is the absolute deadline in Korea, but you may miss that if you **can't have** your information to Athia by January 5th.

Re January 13th Deadline

If a member can *promise* to accomplish their vertical and horizontal 430 by the Anniversary of True Fathers Ascension (9/4/2020), they need to at least submit their names to their HTM coordinator to submit to Athia by Jan 13.

NOW ACCOMPLISHERS CAN APPLY TO REGISTER IN CHEONBO-Do it by Jan.5 !!!

Hi SR5 Leaders,

There will be an Official Memo coming out in early January, which will have the final requirements and procedures.

But for NOW, in order to meet the new extended deadlines, until January 5 (the 6th or **Monday is the absolute deadline in Korea, but you may miss that if you can't have your** information to Athia by January 5th) **THE BIG CHANGE IS** that Accomplishers can apply for Cheon Bo.

On the national HTM coordinators call last night, the last day 2019, Dr. Shimmyo asked **Athia: Yesterday's email from you seemed to be saying that even though you have not reached 43 that have finished 40 day separation and 3 day ceremony, in other words, as long as you have reached 430, you can still go to the CheonBo event, right?**

Athia said: Yes. If you've reached 430 horizontal tribe and vertical tribe.

Dr. Shimmyo: Accomplishers invited then?

Athia: Yes, if all the ancestors are blessed.

When Athia re-asked international headquarters, they said: It's not necessary for the CheonBoWon, but True Mother still wants you to do the 43.

Dr. Shimmyo and Athia's joint conclusion: True Mother wants to have as many people as possible register in the CheonBoWon, because she loves us. She loves us.

As righteous people – which Mother talked so much about in Newark – what do we need to do in SR5? We need to help all our accomplisners who have finished their vertical 430 – or those who are close – register in CheonBoWon – and do so by Jan. 5th if they wish to go to Korea or by Jan. 13th if they can promise to be finished by April (True Parents wedding anniversary) or September (SeungHwa ceremony).

ACCOMPLISHERS CAN APPLY TO REGISTER IN CHEONBOWON, (if they can do so by Jan. 5 if they want to go to Korea in February, or by Jan. 13 if they will go in April or September)

ALSO, a related question came up last night, and the answer was: Even if people cannot go to Korea, still encourage them to register on HTMA and upload their lists, because even if they can't go to Korea, they can still register in CheonBoWon

YES. Please upload your lists, even if they are incomplete. People who don't need to meet a deadline (such as the new Jan. 6 deadline) should still register & upload their partial lists. However, please try to help those with complete lists first - since NOW ACCOMPLISHERS CAN APPLY TO REGISTER IN CHEONBOWON if they do so by Jan. 5 or Jan. 13.

NOTE: there will be an **Evaluation Committee** put in place to review **everyone's** accomplishments. It is not guaranteed that even fully accepted victors who go to Korea in February or new accomplisners (according to this new, big change) will actually receive their robes etc. in April or even September. It will depend on what the standard is that is finally set, and if you have fully met that standard. So be ready for anything. And keep on working on your 43 !

2 New Options – Accomplisher’s option, Promiser’s option

The deadline to apply to participate in Korea this February has been extended to Jan 6.

Please continue to help our victors to complete their forms.

- Requirements to apply for the Cheonbowon and participate in Korea this February have changed. Now you only need to:
 - Bless all 8 lines of 430 generation of ancestors
 - Complete your tribe of 430 couples
- Although CheonBoWon applicants are invited to participate in the 2020 Foundation Day events, the actual CheonBoWon registration will be happening later on in April.
- Therefore, participation *only* in the Foundation day events have opened up to include
 - Members who have completed HTM of the number 430 on both vertical and horizontal levels **[Accomplisher’s Option]**
 - Members who have proclaimed they will complete the vertical and horizontal **430 by the Anniversary of True Father’s Ascension [Promiser’s Option]**
 - Couples who have *only* completed the vertical Ancestor Blessing of 430 Generations for 8 lines
