"During the workshop I wanted to meet my ancestors for whom I invested so much and who has been taking care of me all this time. They came to me during Ancestor Liberation Ceremony together with ancestors of my husband. My ancestors were comforting me letting me understand that they know about difficult circumstances of my past life. My beloved father was also there. I was crying and could not stop my tears. Now I feel that it is possible to solve everything because my ascended ancestors will be together with me."
