(A summary of the message given by Vice President Myong-kwan Lee during the opening ceremony of the 1478th Hyojeong CheonBo 2-day Workshop)

The works of the HJ Heaven and Earth CheonBo Training Center are True Parents' works centered on Heavenly Parent. The era of Heavenly Works under True Parents' direct dominion began in October 2014, almost five years ago. The CheonBo Providence began with the Stage 1 Formation Stage Providence starting in 1971, moving on to the Stage 2 Growth Stage Providence in 1995, and then to the era of the Stage 3 Completion Stage Providence, which arrived on October 27, 2014. Now, the substantial Holy Spirit True Mother is officiating CheonBo Works on earth, and True Father has made remarkable changes and improvements by his works in the spirit world.

True Parents said on September 19, 2015, "Now is the era that True Father and True Mother are completely united on earth and in heaven, and they are directly officiating Chung Pyung Works at the Heaven and Earth Training Center. True Father directly officiates the ancestor blessings in the spirit world." True Father and True Mother have become complete one, on earth and in heaven, and they are officiating the spiritual works at HJ Heaven and Earth CheonBo Training Center.

The Origin of the HJ Heaven and Earth CheonBo Training Center

True Parents decided to build a training center after receiving a revelation from heaven. On June 17, 1971, True Father broke ground with a pickaxe at the construction site for the first building at the training center, on the sloping mulberry field near the lake. True Parents directed the construction of the Chung Pyung Training Center Original Sanctuary, staying at a tent they had pitched nearby. The construction of the Chung Pyung Training Center Original Sanctuary was completed on July 12.

Later, on March 15, 2000, during the Growth Stage era of the training center's history, True Parents added "Heaven and Earth" to the name of the training center, so for nearly 20 years it was called the Chung Pyung Heaven and Earth Training Center, a place representing both heaven and earth.

Now we have moved into the training center's Completion Stage era, and on February 15, 2019, True Parents have changed the name to HJ Heaven and Earth CheonBo Training Center. HJ stands for "hyojeong", which means a filial heart for heaven.

"CheonBo" means the treasures of the heavenly kingdom. It signifies that if you come to the training center and participate in workshops, you will inherit the treasures of the heavenly kingdom. It also means that the training center is a place to foster talented individuals who will become living treasures of the heavenly kingdom. With the blessing of such a meaningful name, the Chung Pyung Works have become

CheonBo Works, and the Chung Pyung Providence is now the CheonBo Providence. We are in an era of amazing change.

Let's fulfill the mission of the heavenly tribal messiahs to bless 430 couples horizontally and 430 generations of ancestors vertically

In the course of human history, we were born with the blood ties of our ancestors. In a depraved world, our ancestors lived with many kinds of sin, including original sin, individual sin, hereditary sin, and collective sin, and they took this legacy of sin with them when they went to the spirit world. In order to clean up their sins, they must be liberated and saved through us, their descendants on earth. We have learned about this from our True Parents.

Ancestors in the spirit world are liberated and blessed through their descendants on the earth, and then they can be reborn as absolute good spirits. This kind of amazing heavenly works have become possible through True Parents. True Parents told us to complete the liberation and blessing of all of our ancestors up to the 430th generation by Foundation Day in the 8th year of Cheon Il Guk, 2020. Originally, blessings for ancestors up to the 430th generation were scheduled to be completed in 2023, but True Parents announced a new goal to complete them three years ahead of schedule, by 2020. In order to make it possible to accomplish this, Ancestor Liberation Ceremony for generations up to 430 will be held from May to September this year (2019).

After members complete the ancestor liberation and blessing for generations 430, their families must be recorded in CheonBo Won as honored families. True Parents spoke to us about this, "I told you that you are in a blessed spot. You are in a position in which you can become an honored family. Becoming an honored family is not something that can be done any time. Each family needs to fulfill their loyal and filial duty before Heavenly Parent and True Parents as honorable Cheon Il Guk citizens during the next 1st, 2nd and 3rd generations." (Cheon Jeong Gung, August 11, 2016)

What we have to leave before heaven is our result. True Parents told us that we should enter our records on CheonBo Won, where they will be kept as a source of pride for future generations (Cheonseong Wanglim Palace, April 12, 2017).

True Parents said that we should meet a standard for victory by blessing 430 couples horizontally and 430 generations of ancestors vertically. CheonBo Won is the place where we can record all our efforts and achievements for our posterity. True Parents explained further, "I am building CheonBo Won to ensure that all your jeongseong and results will be preserved permanently with a record of your life on earth attending True Parents." (February 28, 2018, the 5th Anniversary of the Foundation Day of Cheon Il Guk)

In CheonBo Won, those who have succeeded in blessing 430 couples horizontally and 430 generations of ancestors vertically will be listed. Before you go to the spirit world, all of you should have your results listed there, right?

Our ultimate goal is to enter the Hall of Honor as Cheon Il Guk citizens after we achieve the victory of the ancestor liberation and blessing for generations 430 vertically and 430 couples blessing horizontally. For the victory of the CheonBo Won Providence, we should extend the CheonBo Providence throughout not only South Korea and Japan but all across the world. That is why True Parents started the providence of the Branch Training Centers.

The CheonBo Providence recorded in CheonBo Won holds an important meaning which will continue for 100 years, for 1,000 years. Let's fulfill our mission as heavenly tribal messiahs horizontally and vertically so that our families' victories can be recorded in CheonBo Won.
