At around 10:00 a.m. on June 29, True Mother visited the site of the Hanwon (traditional tea house) currently under construction near the Hyojeong Café, and then moved to Hyojeong Yeon on the fourth floor of the café. She spent some pleasant time relaxing and looking out over Cheonshim Lake and conversing with Mrs. Wonju Jeong McDevitt, the Chief of True Mother's Secretariat, International Headquarters Director-General Young-ho Yun, FFWPU for a Heavenly Korea President Gi-seong Lee, Foundation for the Global Support of FFWPU Chairman Jong-gwan Kim, Pyeongchang Hanok College Professor Chang-sun Kwon, and Sunwon Construction CEO Hak-yeol Maeng. She treated those in her party and the members of the training center staff to a cup of coffee and listened to Professor Chang-sun Kwon's prayer and a report from President Gi-seong Lee about the Songpa Church Dedication Ceremony conducted the previous Sunday, following which the group enjoyed some refreshments together.

True Mother gave us a providential message as follows:

"While you are living on the earth, you need to gain the qualification to enter the eternal world. This is like a certificate of completion or a citation or a certificate of merit that will allow you to reside in peace in the eternal world. At this moment, you are drinking coffee with me. This is a source of pride that you can brag about for all eternity.

So while you are living here on the earth, you should acquire many such records so that you can enter the eternal world and live with Heavenly Parent forever. With the shimjeong of parents when they give birth and raise their children, Heavenly Parent created all things in the universe and human beings, then waited for them to grow up successfully through their growing period and reach the same level as their Creator God.

However, human beings lost their direction and did not reach their maturity. Their self-centered thoughts and judgments have created a world far from Heavenly Parent, and that is the deprived world we live in today. This was not Heavenly Parent's desire, but having created human beings, Heaven has had no choice but to work for the providence of salvation. It took four thousand years to give birth to Jesus Christ, but the people in those days all ran away and Jesus Christ was driven to the cross. So Jesus said he would come again.

Since then the history of Christianity has transpired, and to a certain extent, Jesus' followers were able to create an environment in which Christianity could spread through the world while waiting for the Messiah's return, but the Christians have not understood thoroughly the true nature of Jesus, nor of their Creator, Heavenly Parent. They understand only vaguely the Father, Heavenly Father, and the relationship of father and son.

However, because all things are created by women, it is not enough for a man to come as the Messiah. Because God created both men and women, the only begotten daughter must finally be born, so that the first Messiah, the only begotten son, can move on to the position of True Parents."

After she spoke, True Mother asked those in her party to take turns singing to create a heartfelt atmosphere. First, President Gi-seong Lee dedicated a song entitled "Hometown" to True Mother, and this was followed by the heads of the other organizations singing to express their hearts of infinite gratitude to True Mother. True Mother departed the training center at 11:14 a.m. after bestowing great grace and love on the blessed families who visit the Hyojeong Cheonwon Holy Ground.
