Summary

40 day trainees testimony

I hope that a trainee who studies hard and aspires to become a psychologist, will become a great spiritual consultation psychologist who will lead us through the 21st century, known as the Age of Spirituality. There is true paternal spirituality at Senchin Graduate School, but a new academic field centering on the spiritual benefits happening at Tenshingen is being studied. If we experience the spiritual world more deeply, inform all people in the 21st century about the living Heavenly Father and the Spirit world, and establish theoretically how we are saved by the grace of the True Father, I believe that the 21st centuries will enter a world that cannot be resurrected by Holy Mother Han.

**Proof of being a student**

This time I will participate in 40 shu while taking care of my sister who suffers from depression and recession for 10 years in a pregnant woman's body. Since she is in the position of her elder sister, she is devoted to her sister according to her father's feelings, she believes that her child will have a spiritually cheerful child who can control evil spirits. Then he realizes that this Tenjiku Shuren Buddhist monk is going to receive Confucianism in order to be reborn as a child of Heavenly Father and Mother. Ten years ago, my younger sister turned into something I couldn't have imagined, and she was able to reborn so much that she wanted to become a Tenji family with blessings. Through my sister I was able to understand my parents' feelings.

**Message of a true father**

"What is the core of the God-tribe Messiah? 430 10 families, 4300 were completed. Since the time of the Korean race, the Korean race has been over 4300 years, and in 1968 the day of God was proclaimed, a new history began. 4300 years will be the number of emancipation. One completes 8 numbers by blessing the 430 families of the ancestors of the eight families of both families, and one completes 9 numbers by evangelizing and blessing 430 families on earth, and one receives more than 430 times for weekend training. Mother opened the way for me to worship with Tenshinni. That's why we must devote ourselves all night long in the whole world, and unite with our Heavenly Father, the Absolute Good Spirit Heavenly Angels to properly spell Holy Mother Han.

There will be difficulty reception for training sessions every week. That's why visual training is practiced to help people know it in the spirit world and surpass the principles of individuals on small conditions. At

least once every two weeks, if you really don't have time, you must come to the main office once a month for reception. I don't know where your mother is. The sacred place for completion, the representative sacred place of Heaven-ichikoku, and the capital of Heaven is this Tenju-danchi. Muslims turn to Mecca daily to worship. WHERE IS THE ROOT OF OUR FAITH, WHAT IS OUR IDENTITY, WHERE IS OUR DESIGNITY, EVERYTHING MUST GO TOWARDS MOTHER. In the golden age of the Great Restoration of Tenichikkoku, the place where all the people of the world headed is the Tenju Danchi, the center of it is Tenshin-ni, the center of the mother's belly. Don't think that you waste your money just because you're going to attend weekly training. Have the feeling of sorryness to stand even on small terms, want to help your mother even if it's just a little bit, and have the desire to be able to help even if it is not enough every day.

A year has 52 weeks, for 430 times you need 8 years. With this eight-number basis, the responsibility of the mission of the God Clan Messiah is fulfilled, and we can see the completion of ten. If it's difficult to stand by yourself, you have to arrange the conditions, even if you have a representation through your family. When that happens, individual and household principles will be further accelerated and fully optimized through all-night seismic and weekend training. The spirits who reoccurently serve them become light spirits. All their grudges and so much evilness will all fly away.

That's exactly what weekend training is for, like no other. The special training of Tenjiku over the weekend is coupled, resulting in the full blossom of heaven's blessings and love through major role.

So, weekend training and major duties must be receptive. Through daily all-nighter seisei, weekly tenjiku training, and four special daijiku, I have to make a cord of a cord that connects me with my absolutely unbreakable mother. Through this umbilical cord of sincerity, you will receive all the blessings that Holy Mother Han gives. What an awe inspiring moment this is. The underworld is rejoicing with this moment. "This is the man I will reign and do my work, truly this is the Messiah of our clan." "As a true direct daughter who is completely united with your mother, who I should obey. This is the true leader, master, father and mother." To be their hope, light, and salt, fulfills the responsibility of Mesiah, who is fully united with this generation's Holy Mother Han."

Instead of accepting the work of the central spirit within you as it is, you have to strongly separate and organize it, and tell inspiring stories to those spirits. Join the Tenshinken all night prayer, listen with your ancestors and be touched. You must educate the spirit that is within you. You have to sing for them with beautiful voices. When you praise, you must praise enthusiastically, and gracefully, so that the spirit within you may be moved by that grace. You have to educate and release your core spirit through the power of emotional culture. Tenshinken all-night prayer was given by Heavenly Father and Holy Mother Han, a general gift set gift bigger than Santa, its preciousness and value is beyond words.

Healing and miracles that bring life, revival and eternal life, this is the miracle. Where on earth is a flock that produces a mighty energy with over 40,000 earthmen and thousands of billions of spirits? I need to thank God for such a great blessing and favor. You have to be a parenting child who can give thanks and repay your mother. We must never forget that we are truly the happiest people who can enjoy everything. It is also a blessing to have realized this before death. How grateful I am to know this truth, to know this knowledge in my life. I participate again today with a feeling of "Thank you very much" and I hope that this will be a time for the Fathers who are entering the union prayer to experience the use of your whole body through your hands, mouth, and praise.
