Summary

Message from Mr. Tsushin on the 1322nd edition

"A mother's love cannot be done. Don't worry mother. We will never give up. How can we who are like our father and mother pretend not to know that love? None of us brothers know that our father and mother's persistence in that love no one can bend. We know well that no one can win, even if they stood on their own persistence. So don't worry, Mother. We will always be there for you mother. Never leave for a moment. We will grant you what your mother wishes of us. so that I may reward you as a result of your faith. The responsibility of the groundman is important. If the earthly man fulfills his responsibilities, we will fulfill our heavenly wishes 200%. I will do my best to fulfill that responsibility. In this spiritual warfare, we will surely win. "According to this word, a song of praise was made with the help of the spirit world.

Since two years ago there were so many problems, ungrateful and complaining a lot, I didn't like praying. Consequently, challenges came upon his children, and he also suffered a pain in his neck that he couldn't stand up, and he realized that he would face such difficulties if he lived every day in a life of complaints, and he began to participate in all-nighters. In the 1000th all-night devotion, when I do my all-nighter to become one with the sentiments of Heavenly Father and True Father, I shed tears over the situation of my family, and what will happen to my family if I give up, I resolve that I should never give up. At that time, I heard a voice saying, "That is the true spirit of your mother," and I gained a great sense. Her child's difficulties have improved, her husband's faith has completely changed, and the whole family participated in the all-night devotion on Friday, and gave a touching evidence that she has come to realize that she has been educated in her mother's womb.

We are able to maintain our spiritual and physical life in miraculous grace everyday. If it is not for that Grace, can we maintain that faith in the midst of the world's unbelieving speech? Everyday Tenshinzu Revelation keeps us alive and we must go from faith to faith. If you advance from faith to unbelief, you will meet so much adversity. Winning without giving up no matter the circumstances is the spirit of Heaven, the spirit of Heavenly Father, and the spirit of Holy Mother Han.

Mother only said that becoming one with Holy Mother Han is the ultimate victory. This is where the hidden Heavenly Mother's entity, the real Holy Spirit, acts as Seihira. By the entity Holy Spirit, we can save our ancestors and become Messiahs of the past. By saving humanity, you can become the Messiah of the present clan, and by sorting out the spirits coming into the second and third generation, you can save the future. About to do the mission of the third age Messiah. You can't do without being one with the entity Holy Spirit. The presence of the entity Holy Spirit is a great blessing. Who became one with Holy Mother Han. To be a true ladder and a true character, not a person with evil desires, but just living for Heavenly Father, True Father and Mother. Don't grow with worldly desires and evil desires. Therefore, the hope of Tenshinsen, which can only hear the voice of heaven, united in the center of Holy Mother Han, is the greatest gift of heaven. When the time is right your mother will go up to heaven. You will be the god of the day with the foundation of victory, and you will be able to serve your father anytime and anywhere, but you must prepare your children who will hear the voice of your mother. Everyone's goals must get there.

Message spoken by Apostle John

"When I had been praying for Jesus, I repented, Jesus came to me. When I put everything down to me and just mourn him alone, I felt sorry that his words were too annoying, and there were so many things I couldn't do, and I just prayed with an ingrained feeling. And at some point, I started to resonate, and I had my first experience of crush, and the fragrance of love came through. I swore at that time that I would never again betray the Lord before heaven, and I did obediently, that I would do according to the request of heaven. As I moved forward to draw closer to the feelings of Jesus, I became connected to the world of his feelings and the world of his love.

"When he said to me, 'John, you are my disciple, whom I love,' I had to go on in one with him. But years had passed by, and when I saw Jesus as a spirit after my flesh, I fell down at his feet and drowned. Jesus held me tightly like that. ""You do a lot. When he comes, he who knows his will must prepare him. By his grace you shall be blessed and reborn as his son. The heavens will surely fulfill his will and glory through those who prepare it. 'True fathers' authority is grace inexpressible blessings, and the blessing of discharge even dead spirits and be born again as heavenly apostles, was a blessing, according to their words.

To all who live with the underworld, where we live is a world of mood and a world of love. Do you want to communicate with the spirit world and understand the realm of the heavenly world? HOLY MOTHER HAN BE ONE WITH YOUR MOTHER'S SENTIONS. Please shed tears of sadness for your mother. But it must be done when your mother is on earth. It's too late when your mother went up to heaven. A sad regret approaches so much that it feels too miserable. Those who have felt that love late, no matter how hard they try, they have to move forward with sorry feelings in the corner of their hearts. The way of absolute love, absolute faith, and absolute obedience is the way through which we can question heaven, and through which we can go as substitute for the will of heaven. There will be many frustrations, and there will be many persecutions in the world. But in the midst of these our tears and sweat, all of our integrity, shall be recorded in heaven. The heavens will do greater parties by it. "

If we become fully one with Holy Mother Han in this age, we will live each day with joy and praise through faith that we realize each day. I pray that today will be another time of prayer.
