1374th Tianxin Garden is sincere all night

Summary

A song of praise called "I will love you forever," this poem was written by academy students in their all-night devotion and felt inspired by Keishin's message.

""Let us praise, let us love, let us praise together, forever beautiful mother, I will never leave my mother's side. How much I wanted to tell my mother the truth, wonderful mother, how much I wanted to call that name, I will love you without forgetting that name. Let us praise, let we love, let us sing praise together, beautiful mother, that smile of yours, I will protect you forever. How much I longed to express my love to my mother, I will just praise you alone, mother, how much we wanted to call that Name of yours, I won't forget that name again. I will increase my love, I will live loving you bigger than my heart forever."" The students of the Spiritual Academy have a clear heart, and there are people whose revelation descends today evening. I hope that everyone will receive the role of heaven's surprisingness with this Tenshin no Seishin.

Proof of Shui students who went to Central and South American missions.

When you ask Central and South America what to prepare, you get the inspiration that says, "Do your hands and serve," and joins the service in the gate room for two months. Over 100 people from all over the world come to visit us every day. You can't do it with your parents' feelings and your grandparents' feelings to play all day long. When I feel like my hand is taking the place of my father's hand when I'm handling, I've experienced a miracle role in getting better of a terminally ill patient. After that, I went to Central and South America and was moved to the other side of the earth, crying out Holy Mother Han with tears soaking the floor, resonating with Tenshingen and giving their all-time sincerity.

Considering the size of Tenshin-sai Seishon, I wish that everyone participates actively, even if it is said to be voluntarily participated, giving beneficial to young people When your father was 16 years old, he prayed overnight prayers at Nezou Mountain, and he met Jesus and passed on his providential mission. In the past, those who made history for independence are also those who decided to make decisions in their teens. Now we must go forward as mighty warriors to build the kingdom of heaven.

Tengu yakuji training is to give birth to the children of evil spirits into the sons and daughters of God. I have never had such amazing grace. In the past, religion was only a cast out demons with people called devils. A stronger spirit can enter that empty place and become worse than before. You all would be angry if they were kicked out. True Fathers and Mothers can take them to the underworld training center and do 100 days of absolute training, and then come to receive blessings through earthly officials, and after blessing they become absolute good spirits, and become sons and daughters of Heavenly Fathers and True Fathers. You can receive the transmission of true love, true life, true bloodline. For all spirits to be born, they must borrow earthly flesh. You can follow the path of life by reception and participating in ascetic training sessions, so that spiritual children can be born from your bodies. Gotta take the road to clean the 3320 spirits they say are entering our bodies.

It was reported that Kaoru brought his wife, who was schizophrenic because of her central spirituality, and participated in 40-shu together, and he felt like a daughter and gave her a hand to his wife. How grateful the mother of the family was that the old lady loved her difficult wife and surpassed the relationship of the bride-in-law and became like her real daughter. When two mothers pray in Tenshinji with one heart, heaven will come to the presence.

In each church, a refined team forms a naming prayer for those who have difficult situations. If it becomes a church that devotes its sincerity like this, it becomes a church with love, a church like your mother's nostalgia. A church that doesn't care about will have a feeling of being thrown into hell. We must form a community of love and act to save difficult foodies.

The 11-year-old girl of the Russian Church asked for a birthday present for Tenshin Kai, so when she asked the spirit world, her father's message said, "Give her about five uniforms and share them to those who devote Tenshin Koi." Leaders need to be spiritually powerful to educate grudge spirits. You have to be able to organize it with Tenshinki Seisei. Training uniforms and tenshin lyrics are the love of Holy Mother Han, which she gives as full armor to those who seek to advance. Through Tenshinkai Seisei, difficult things can be solved and evangelism can be achieved even more than now. In order to transmit the power of Tenshinki to all of Russia and solve the problems of the state in a tangible and peace, one must become one with Holy Mother Han in pure soul. If you listen to the heavenly voice with eagerness and embody the sentiments of Holy Mother Han, you will spread greatly from despair to hope. Unite with your mother in absolute faith, absolute love, absolute gratitude, and heavenly affairs will be accomplished. Tell Holy Mother Han's love and compassion. Use this ascetic uniform and Tenshin liaison stick to witness the blessings of Tenshinbai throughout Russia. My dear wombies. Your sincerity reaches heaven, and those who practice it will establish a world of peace. "

I have to consider Tenshin-sai Seishin as our mausoleum, and I will go to your father and allow your father's thoughts to become my thoughts. So you can spend a day with your mother and work miracles. How important is Tenshinken and how important is 40 shu? When I went to the spirit world, I didn't know my true father and mother, I never knew Holy Mother Han, I ended up living without being able to realize the spirit world, how resentful it will be if that happens. I can live and talk, I need to be grateful to be alive and breathing, and become one with Holy Mother Han. We are the true entity of history 6000 years. You must become direct sons and daughters of Heaven with true love, true life, true bloodline, even Satan recognizes. Tonight, pray in thanksgiving for the victory of heaven's favor and receive the ability heaven approves.

Dad's message on Danbury's anniversary (1985.8.20)

40 years in Danbury. We need to tell Christians the truth and value of Holy Mother Han. Heavenly Father, Creator Heavenly Father, who exists as Heavenly Mother, holds us as children. Putting your mother through too much trouble. Don't keep your mother waiting any longer. You must fulfill your mother's words. You have to interact with the spirit world through Tenshinshi Seijin, completely unite with your mother's feelings, educate the ignorant, and embrace them completely in the viewpoint of your parents. "

Let's make sure that people come out tonight that your father is here and have a surprising experience.
