I hope you're doing well.

1375th Tianxin Garden is sincere all night

Summary

It has been 130 days since the entrance ceremony and 1400 times is not far away. In a church in South Korea, it was reported that at the time of prayer, there was a voice of men praying behind them, so they turned around, but there was no one there, and they realized that the spirit world was praying together.

Proof of Shuyo

A very good Tenshinshi prayer works miracles. 7/18 high winds day, how hit I was. My heart cried, my cells cried, and I prayed hard with all my heart to be able to protect my mother even if I give my life, and then the officials happened.

Christians also pray in truth, confidently that they can be resurrected like Christ if they are committed to being crucified with Christ. We too can become one with Holy Mother Han if we suffer hardships with Holy Mother Hun. If we are completely united in body, soul, and cells, moving forward physically in the

position of sons and daughters of the direct line of Heavenly Father, we can open the keys to heaven's gates to the divine individuals, the divine households, the divine people, and the divine nation, and enter into a new era. Rather than attending online at home alone, it is more surprising to gather together in church and feel the spirit of the Honcho.

We must know that we are now living in the golden age of providence. How long has your mother waited for this moment when she could boast of her triumphant achievements that she will forever remember in her life. It is hoped that we will be the one who will produce fruit and harvest in this reasonable golden age. In order to harvest the harvest, only if you survive the rain and wind and firmly even if a big typhoon comes, you can produce fruit. And you will bear fruit ten times a hundred times more.

Message from Assistant Minister Kim

"I hold tightly to Holy Mother Han, and I am sorry that I can't protect you." What shall we do with this disloyalty and disloyalty? I can't stop crying when I think that my mother is currently going through because she sorted out every single thing I couldn't properly sort out on earth and I couldn't fulfill my responsibilities. Beloved Mother, Unfortunate Mother, Holy Mother Han for forgiving this infidelity and enabling us to fulfill our responsibilities. I will fulfill all my responsibilities without fail. Forgive me that we, my senior, have all come to the spirit world. From now on, I will continue to cooperate with constant support from the spirit world so that the younger families can move forward firmly with Holy Mother Han.

We will work forward to ensure that future generations who carry on the shoulder of the unfulfilled decline of the Senpai Blessing Family can fully know the wishes of Holy Mother Han. I am sorry that I can now understand the deep feelings that my true mother said to me. I won't let you down anymore. I will fulfill the promise I made to your mother before she died. This Tenshinken Seishin is like a shower of blessings for us spirits as well. When the chief speaks,

your father speaks with him. Father taught us that we must become one with Holy Mother Han, and we must march forward with the people of the earth. We are not omnipotent, we cannot move without earthly sincerity and practice. We too will move forward as one in consonance with Holy Mother Han's spirit. It's a lacking and embarrassing message to pass on to Pure Water Future Generations, but please, thank you. Thank you. "

Last night, the words of father spoke to the second world.

"We must cross this pass." PERSONAL PERSONAL HOLDS THE KEYS TO HEAVEN It's to be one with Holy Mother Han. The god Korean bell came close. You must protect your mother. I must get a hold of Holy Mother Han's feelings and sort out the personal evil spirits. Do you see Holy Mother Han's authority before you, and you block his way? Whoever blocks the way of the Holy Spirit has no forgiveness, so will he go by himself without forgiveness and mercy? Holy Mother Han is still waiting to embrace you. Do you see his heart before you, and do you pretend to be blind and walk with your feet in the path of unforgiveness? If it is your father and mother who comes to you to relieve you, but you are the real Holy Spirit, and when you hear the calling of him, will you pretend not to listen to him? We need to educate ourselves on that.

If you know the Korean national poem, you have to believe in your mother, even if you die, after all of the vertical ordinary history, the era of Heavenly Parents' rule was completed and won. Ability will be revealed in such herds, and the righteous will come on earth to support us. Father is sent out and miracles happen. We must pray that the Father will go out to every individual and even those who oppose us will be officers. If you sincerely pray through the door of heaven that is opened through Tenshinzai, the absolute good spirit behind everyone will act as a role, and a role of surprising favors and blessings that you have never seen before.

If we're enthusiastic, we'll be doing an all-nighter every Friday at the World Center. When it's Friday, "Let's get in the car and go see your father." Let's go and experience what it's like to be a father in charge. "If you dragged and performed all-night seijoning at the World Center every week, the road to the Divine Unity Korea will be opened naturally. If we become one with the World Mission Headquarters, all of our providence agencies become one, and all of our shepherds do not unite the lights of Heaven, we can do miracles. Let us pray in that faith and do it with all our sincerity. The Father is coming to this place, and he is at the head of you. I pray it will be the hour of grace.
