The 1439th Tianxin Garden is all night sincere

Summary of Corporal Makoto Tsuka

Today the 1439th edition is the 66th True Child Day and also the 60th day of True Mother's Detention Center. And tomorrow, the 1440th is the 222nd day after entering the temple of Heavenly Fathers. If you add up all the two, you are six, but you do not know how difficult it is to go beyond this six. Through the hardest and toughest times, we believe that we are true children of victory, and that amazing grace will be with us in tomorrow's Tenshinki Special Elegance.

Message from the head of the Korean church offering a reflection in front of the detention center

"When you feel that your mother is healthy, and that you have blessed your food in the midst of more difficult circumstances, then there will be a heart of thanksgiving and repentance. This conviction springs up again from deep within me, saying, 'Alas, the providence is hidden, and the

heavens are still guiding us.' The scattered thoughts of the foods gather, the discouraged hearts are quieted, and the foods resolve in their hearts to walk again. Even just the fact that it resonates with the sentiments of true fathers, it is a day that I feel comforted and above all the love of Heavenly Fathers. "\

Mr. Fumiho asked us to provide a resonance hand for his mother. "Mother, please do not sit still and exercise, don't have a stiff neck." People who play the hands can immediately enter the feelings of the Great Mother of the Spirit World. If you resonate with the spirit of handling your mother, you will have an amazing experience. How important is resonance prayer and resonance hand. If you pray tonight with that in mind, there shall be great favour.

Testimonials from Second Generation Trainees

When I became an adult, I cut off all social media platforms and stayed dormant, but I continued to have strange dreams. Dreaming of receiving Qinghei training, dreaming of being surrounded by a very warm air when walking under the tree of love. When I had such a dream and felt heaven was forewarning me, I joined the Daiyaku-juku for the first time in 8 years through a friend and heard the praise at the World Center, my tears started flowing without even realizing it. The two generations are linked to their true bloodline, so they can benefit from it if they come. I received a surprising blessing from participating in the spiritual training session, and I was able to love my relative father whom I held a grudge. A person who cannot feel love is the same as a dead person. A heart full of gratitude has allowed me to change into a completely new person. This amazing occurrence happens only because our grit is accumulated, and because Tenshinzu is optimized.

A message from Mr. Suzushin

What we have to show our mother with the true child's day. Shouldn't we show them strong and bold, not frustrated. Miracles are happening. A true child is responsible for repaying the love of a true father. Parents are stronger in their struggles. Let us move forward too. Let us all be sure. Spread the word. Forgive. Love. Be one. "Therefore, in this era, one must become one with Tenshinni and become one with Tenai Shishoshi, whom your mother created.

It is recorded in Numbers 6:10, how they conquered Jericho.

"Joshua commanded the people, saying, "Do not call out." Do not let your voice be heard. Nor let your words go out of your mouth. Only on the day that I command you called, ye shall be called. ...On the seventh day, at the break of dawn, they rose early, and did the same, and went around the city seven times. It was the only day that I went around the city seven times. At the seventh time the priests blew the trumpets, Joshua said to the people, Call me out." The Lord has given you this city.'" So Jericho fell.

People are all over the place driving your mother to detention right now. It's time to just be the center of mother. Centered around your mother, if you are told to "shout," you shout, and if you are told "speak up," you raise your voice. Now that we have been given the word, "Forgive, love, be one," we hold onto this word and move forward. Let this be the day we move forward with 1440 great victories.
