I hope you're doing well
1440th Tianxin Garden is sincere all night

Summary

Holy Mother Han's true mother was instructed to do Tenshinken Special Seijin on June 1, 2020, and told that this is the eternal new culture of Heaven. In order to fulfill the words, I started doing a special 3 hour all-nighter devotion every night, and before I know it, the sixth winter has arrived, and today is the 1440th. Meanwhile, I realized the surprising acts of the living Heavenly Parents, the true Father and the absolute good spirits. I was able to see what a great blessing the saying "Proceed in Spirit and Truth, with the sincerity of the Lord." Even though the beginning is weak, a drop of pure water becomes a river and a great current pouring into the ocean. ""If you devote yourself, there must be results." Preciousness without consequence is a thing that passes. "As I struggled to fulfill my mother's words, I came to realize the duties of my Heavenly Father, who lives. And today marks the 1440th.

On New Year's Day 2025, True Mother gave us a year mark, '13 years of Heaven, where we will receive the Creator Heavenly Father and Mother as an entity, all the blessed families in the whole world will

become true children of Heaven, who will fulfill their responsibilities as elected people with True Father and Mother', and blessed us to pray a prayer of gratitude in the name of the blessed family associated with Holy Mother Han, and enabled us to experience amazing spiritual power when we pray in that name. Finally, the entrance ceremony for Tenjongu-gu Tenichi Shrine was won, and said, "We have been waiting for 6000 years due to the corruption of humanity until we reached this day. Thank you Heavenly Father. I'm sorry. But now you are the true master of the earth. Heavenly Father, I pray that you embrace and love your children from this day forward until your heart's content. Now this world is arranged one by one in your main vipt, and the world of one family of mankind who welcomed the Heavenly Father by true love. "I declare to all the heavens that the gates of heaven are opened wide in the name of Holly Mother Han." I believe that the trials that are presented to us today and everything that happens in the world is a process for welcoming our Heavenly Fathers to create a world of one family.

Then hard trials came upon us by media who did not know the truth of providence, but we who know the truth will not waver. Jesus said, "Even if you don't believe in me, believe in the work that I do. "Then you will know that the Father is in me and I in the Father," true parents have been in various provisions for patriots, lovers, and patriotism for 71 years after the association was established. Voices of praise for the True Mother are reverberating in the five and six continents. A five-color race screams at their mother in the detention center, demanding their release. There has never been a mother like this in human history. We can rise again, run forth, fly up like an owl, and hold the world in the bosom of our Heavenly Father.

After the decline there is always a comeback. By the law of struck down and snatched we win. Dad Danbury came back after a beating and got a big win. Missionary work has been banned in Taiwan for 16 years since 1975, but since 2001, we see miracles of receiving an award every year for excellent religion. Knowing the truth about the Family Union, the government had to commend it. Korea has won countless presidential awards, and missionaries from Japan have received many awards for their benevolence. Now we must testify to the work of our true fathers.

To those who persecute, Mother says, "Forgive, love, and be one." The way we should go is the way of love, and the heavens come is the place of love. While in the detention center, all the blessing families in the whole world are told to be united as one, centering on Tenai Shoshi. And today, even if it's not a major job, the many food that filled the World Center are gathered to support the mother in the detention center. Today's prayer has a different feeling. The 1,440 all-nighters are exactly what fulfills the 5th Verse of the Household Pledge, "I swear to promote the progressive development of the unity of the subjective celestial and subjective terrestrial world." Today, if 144 thousand people move forward without interruption and devote themselves to 12 horizontal numbers, multiplied by 12 vertically horizontally, I believe that if 144,000 people move forward without any interruption and dedicate their sincerity, a remarkable task will occur. We will surely win. For the living Heavenly Father is with the only daughter, the Holy Spirit, the true Mother. Because Father serves in Tenshin-zai with the absolute good spirits. With the testimony of the sympathy we hear each day, we may add faith to faith, love to love, and advance for His will. The reason why we will always win is that we are true children who have become one with the true father and mother. The reason why we are compelled to triumph is that there are righteous men who stand by Holy Mother Han even in trials. Today, superdenominational leaders and peace ambassadors joined us, and leaders from all over the world continue to support us. From now on, more and more righteous people will support us.

Today, through the 1440th Tenshingai Special Seiji, I believe that Heavenly Parents will have mercy on this people and will serve as a role in enabling the Korean people to understand the truth of providence and fulfill their responsibilities. The Korean people must not repeat the mistakes of the Israeli people. The day will surely come when the whole daughter sent by Heavenly Parents will receive according to Heaven's will, and all the people will praise the Korean national electorate poetry. I believe that this is the way for the prosperity of the Korean people and the way for the divine unity of Korea. Your unity prayer will be the key to unlocking all that. By participating with all my heart in the 1440th All-Night All-Night, which the heavens have served, I wish to congratulate everyone who will inherit fortune and everyone's household.
