**Excerpt From Pres. Lee Gi-Seongs Message Below:**

In the prolongation many were crucified and as the Second Coming Messiah has come, also the Only Begotten Daughter, True Mother has come to this land. And the Providence of paying indemnity of the mistakes done vertically can be paid horizontally. And True Parents Life Course has been the path of tears, blood and sweat. Their disciples who should not have made mistakes, made mistakes. Those Central Figures who were supposed to attend True Parents, made mistakes and could not attend True Parents properly. And that is why True Parents had to walk the difficult path.

And even now, True Mother (and especially Mother God, ten thousand times more), is walking a harshest path.

The Holy Song, Page 40, in one of the verses in the song lyrics, it says 'I have found a very precious 'friend'... This is about the most precious Person, and True Mother said we shouldn't use 'friend' (the holy song lyrics have a word with the meaning like 'friend'). We should use a different word. And True Mother scolded us that we should (change the words in songs we use)... in this song to use 'I have met the precious and amazing Parents' (This reflects this final stage of Providence) There is no one who is more precious than True Parents, especially he Only Begotten Daughter. (and Jesus knows this and He Himself cherishes Her as most precious... I have met precious and great True Mother. Jesus also absolutely needs True Mother...God in Jesus' Heart is liberated because of Holy Mother Han and Entrance Era...)... None are more precious than True Mother/Parent. (Hidden Mother God, no concept throughout history except Genesis... Always we say 'He' and 'Father God') How does She come to Me, as She went over the stormy sea and path, She has come to Me

How does She come to Me (Heavenly Parent)? As She went through the thorny path. As She went over the raging sea, She has come for Me (Heavenly Parent). When we think about the Epic History of the chosen Han people of Korea, when we think about the Korean history, in order to see the Only Begotten Daughter on this land, the trials and suffering that this nation has faced is truly indescribable.

Ministers gathered...

The more that we talk as a person, not as a religion... These gatherings are so important to look at each other, the same man that cries with the same tears that his grandchildren grow up in a free and safe society...

Pastor Mark Burns

(big applause)

Are you really happy to be here? Are you really happy to be here, shout yes! (Yes!) To all of the wonderful people from around the world. To the wonderful Holy Mother Han. She is stronger than ever. I am so blessed to have seen Her today. I was so moved by Her strength, that even behind bars, even imprisoned unjustly, I see that She brings joy to the world.

And I encourage... I felt that I needed to encourage Mother when She was behind bars, but instead She began to encourage me. big applause... As She looked at me. We only had ten minutes to talk, and She spoke to me for 8 minutes and 45 seconds. And She wanted the world to get this message, 'Tell the world what they're doing to us. Tell the world what they're doing to the Mother of Peace.'

We're here to tell the whole world. We're not going to get quiet but louder and fight for the release of the Mother of Peace, so that there can be joy, joy around the world, that God can come and bring changes and bring us united more than ever before. If you believe then say 'Yes' to that. (Yes!)

I believe that what Satan meant for evil, God would turn it around for the good. Yes. The Mother of Peace told me today, 'Tell the world what they're doing, tell the world! what they're doing to the Mother of Peace.' You cannot go to the Vatican and greet the Pope, smiling in his face at the same time, locking up and imprisoning world-renowned religious leaders. She said, to my children, 'Tell the world.'

She said tell the world, 'This, what is happening to Her is not Democracy. We need to live in a country to where we can minister the Gospel of Jesus in peace. We are here to fight for religious freedom, not just for the FF, but for all faiths, because the reality is this, my brothers and my sisters, if they come after one of us, they will eventually come after all of us, and it is now time like never before that we stand together.' Somebody say, 'Stand together!'

So, my brothers and my sisters, be encouraged. Know that President Trump is standing with the Mother of Peace. President Trump is standing with the Mother of Peace, and America is standing with the Mother of Peace. I've come to bring a message of peace. I've come to bring a message unity. I've come to bring a message of joy, that you my brothers and sisters that are here in Korea, you are not alone. We are not here not here to fight the government. We are not here to speak ill of any nationality, but we're here to deal with the true enemy, and that is Satan from the gates of hell, and I believe that anything that is truly sent by Heaven, will be contested by hell, but you've got to find joy my brothers and sisters, because Satan only attacks whom God has chosen to elevate.

So, this is what I want you to do. I want you to pray longer. I want you to pray longer. (nods yes) I want you to sing longer. I want you to praise louder. We will not be defeated. We will be victorious. We will win. If God be for us, then who can be against us. If you believe it, shout 'Yes!' to that, shout Yes to that, shout Yes and tell everybody that you know, we will be victorious in the Name of Jesus. Satan should have left us alone. Satan should have left us alone, because all that is happening with Mother's incarceration is that all of the entire world is looking at the FF Church and we are growing stronger and stronger in the Name of Jesus and if He be lifted up, He will draw all men to Me in the Name of Jesus of Nazareth.

That's why we serve a Way Maker. You are here moving in the midst, I worship You... I worship You... You are here moving in this place, I worship You, I worship.. Way Maker, Miracle Worker, promise keeper, light in the darkness... Way Maker, Miracle Worker, Promise Keeper, My God, that is Who You are... You are here touching every heart, I worship You, I worship You... You are here healing every heart, I worship You, I worship You... Yeah... repeating and the interpreter sings also the interpretation... Let's look Satan in the face and tell him about... Come on say it... Open your heart... Come on stand to your feet and everybody sing... That is Who You are... That is Who You are... Come on say it loud... Come on I need you to open your voice... Lift your voice shout... One more time... Come on let me here you shout... Say it... That is Who You are... Yeah, Way Maker... repeating... Love is come home in the Name of Jsus... Yeah, Yeah... Come on Choir say it... That is Who You are... I can't hear nobody say... Lift your voice and say... That is Who You are... Way Maker, Way Maker... yeaah... Way Maker Promise Keeper, Light in the dark that is Who You are... Lift your voices yeah... Say it like you mean it... That is Who You are... That is... Come on put those hands together... Come on give him glory... Open up your mouth Zion... Give Him glory... Shout Yeah... big applause...

Kim Ju Wan... says about the song Way Maker...

Choir... Everybody let us show our love... Let us show our passion... How great is sings Every Praise is to our God... like Gospel singers... Sing Hallelujah to our God, Glory Hallelujah to our God... every word of worship with one accord... again... again... God my Savior, God my Healer, God my deliverer. Yes, He is... God my Savior, God my healer, God my deliverer.. God my Savior... Yes She is... Yes She is... and they jump up and down and dance... circle dances... and sing again...

Then they sing Way Maker

Heavenly Parent... Heavenly Parent shouts all in between

Heaven has never stops working... We come together at this moment and fight for Holy Mother Han...

Promise Keeper My God, Chambu mo nim, Way Maker my God Hannul bumo nim... Chambu mo nim

Chambumo nim!!!!!!

Heavenly Parent is with True Mother

Our praise will never stop

HJ Report

Chun Yu San

Truly this main hall has become a place filled with the Holy Spirit... When Pastor Burns was speaking, I could feel Martin Luther King, working for the freedom right that this nation is violating... At 1,447th vigil, thought inadequate, I would like to share the grace and method of one-heart prayer.

True Parents Word, even if human beings do something wrong, God cannot directly teach them. But if three people become one, even if one person does wrong, if the other two do not do wrong, they can teach that other person his wrong. Prayer brings grace more quickly when 3 or more people do it together. After praying they must consult among themselves. If you consult with outsiders, satanic spirit will invade. Even if God does not help, when 3 become one, new sprouts will come forth there.

So, True Parents, the one-heart prayer, They told us how strong it is and allowing the to become possible. So, when I was the pastor... there was big fire in that place, and I was offering devotion with other pastors during vigil, someone sent me a picture that seemed like a picture of fireworks, and after prayer I realized it wasn't fireworks but a mountain fire... The people sleeping at the Pine Ridge Resort, a property of our Movement, one of them said that if the resort doesn't burn down, they will become a Unification Church member... You can see ashes, but it didn't cross over... the cow was burned and the motorcycle... and a dog that was white has golden hair and the house is made from cardboard and next to it where a family was sleeping the fire jumped over that house...

Kangwan pastors gathered in one heart and that family was okay... and I experienced this in different levels, when we began offering prayer for college entrance exam students... For 13 days we offered prayer to enter the desired university and work area.... prayer and offering paper and the matte changed in a good direction... made me happy and I applied again and my son applied and was accepted by all of them, passing by the grace of the prayer... Now he tries to participate in the Cheon Shim Won... but we must offer prayer aligned with the Will of Heavenly Parent...and one of the Workshop trainees went out and that member was in the same car as I was and suddenly she said she didn't have a child for the last 8 years... so I shared another sister of no child for 8 years and at a gathering Father pointed and said, 'You didn't have a child in 8 years' and she later asked Father why He pointed to her sadness... was to inspire many to pray for her while she prayed to achieve the 4-position foundation by having a baby and then she conceived after 9 years of marriage...

And PL gave her a present of clothing for a pregnant lady... and I met her again and her son is now 4 years old and had a second child... 'Let our son find a path that aligned with Heaven's dream and Providence' not just my son to find a university... say the reason you want to enter such and such school or want to pass the exam... but find a dream centered on Heavenly Parent's hope... Heavenly Parent is always living while dreaming...

True Parents When you offer prayer for each other, Heavenly Parent will be with you... If ten people offer for one person, Heavenly Parent cannot forget that person...

testimony... power to heal someone with spiritual problems... prayed for one person one after the other...

Sometimes in church no one knows the other... and when you want to witness, choose one person and the desire you want fulfilled and then they offer prayer and devotion..

True Parents. instead of offering for many people, focus one by one... It is completely different... and don't start a new person until that one person starts to change... also asking what someone's desire is and then with specific name and desire, you pray for that, very specific for the person next to you and all the members in the group write the witness content then become everyone's witness desire too, multiplied,... then set the length and connect it to Cheon Shim Won and meet once of week to see what has changed...

True Parents... pray with sincere earnest... and love one person to set that person before the will... tears always come out for knowing there is the team earnestly praying for them and feeling this is what the life in the Heaven realm must be like...

testimony... 3 position foundation and prayer using Facebook... for the points and then 40 days and another 40 days and because there was a group, didn't give up... and now the result of her husband coming to church and getting off cigarettes, and other testimonies with family members returning... and felt would have given up if prayed only alone...

True Parents... If you offer prayer, believe and pray as if already accomplished, 'I have already become the result' no doubt that it will be fulfilled... not, 'My husband is hopeless. He will never change.' So, Chun Yu San was startled to hear this... and said, 'How can you not believe in his coming back' 'just believe' and then she reported that...

'Trust in Me and go forward... 1,061st... 'not battle of force but of devotion' and those moments when we are most moved are looking at trainees offering devotion' and last time Christian ministers came here, they received the most grace when looking at our members offering praise... (Is Pastor Burns there) As

you see them singing, do you feel hope in Unification Church... applause

Yesterday 2nd and 3rd gen offering devotion at Cheon Shim Won at DC and Tree of Blessing, today and every day... Testimony of one of them: I thought I had always offered devotion with my best effort.... grateful to offer devotion

2024 Heung Jin Nim... 'the righteous people are prepared. You must go and find them through the Cheon Shim Won devotion.' Because we have, 50 religious leaders gathered in front of great King Sejung and had a peace rally and requested the release of True Mother in front of all the media and today 12 righteous people have come together in this place... big applause...

At the 1,140th Special Vigil Devotion, it was the day of weekend Workshop, not GWs, but first time to offer vigil at World Center on a non-special day, but members one to fill this place... and was hoping to go over 144,000 but at that time a little more than 100,000 and at the New Year 1,468th vigil, let us bring a gathering of one heart and no one can stop... and going over the standard

True Mother... Wherever you go, there will be righteous people. Boldly say who you are confidently and the righteous will be drawn... As I was looking at Pastor Mark Burns giving his words, we felt drawn to him like a magnet. True miracle will begin from now on as we attend True Parents, the Owner of the cosmos, we will make the miracle and make this time with that determination.

Hoon Dok Hae

'Heavenly Parent Who loves one thousand and ten thousand'

... God's Purpose of Creation was for Adam and Eve to become one, form and form a family of 3 generations. That was God's Wish. Because of Eve's mistake during the growth period, God was unable to establish Adam's family. Therefore, the world today is called the fallen world, a world where Satan became the master.

For that reason, throughout the historical course many religions had to arise, and they pursued goodness. God established the Israelites and Judaism and worked for four thousand years, promising that the Messiah would come. The question is whether I possess the standard that allows me to mobilize and have testament of the spirits in the spirit world whom human beings do not know. The spirit world also demands this. Because the spirit world knows God's Heart, when someone on earth appears in such a way, the spirits are mobilized to cooperate with the earthly world for the realization of the ideal of the kingdom of heaven...

The reason spirits in the spirit world cannot come to this earth is because it has become a fence of lamentation. Because Heung Jin Nim is in the Spirit World, he becomes a fence to take R, educate and move those who have resolved to remove the shame of what they could not accomplish on earth. Parents are not merely a shell. Centered on the entire spiritual authority of the spirit world, they are advancing. For this reason Spirit World can be blessed. Because the Parents substantial authority exists in the Spirit World, Blessing is given in a unified way to both the earthly world and spirit world, and those who receive Blessing are meant to go to Heaven.

Heaven is empty. To fill Heaven, the Blessing must be accomplished on earth. Without the earthly Blessing, there can be no Blessing in Heaven. Human beings, no matter how much God cries or grieves, behave as if they do not have concern for God. This is because humans are born having received satanic blood lineage. They even praise God's sorrow, and when they see ruin, they rejoice and laugh. How much labor does God endure trying to guide such human beings and teach them the direction for restoration.

However, if God did not have the Heart that cares for one thousand and ten thousand, the Heart that pities and has compassion, God would not have been able to hold onto the Providence of restoration until now.

## President Lee Gi-Seong's Message

1,447th Cheon Shim Won... our brothers and sister have filled this main hall...

about 47,000 have gathered

Message from Han sang Min, church leader: 'Today Hakikai Church is doing their 400th vigil...

At the Detention Center and entered the 72 day, centered on the district leaders and the marshal arts leader and their message: At this time as we connect to Cheon Shim Won vigil, we hope for True Mother's well-being and health and release as soon as possible...

From the Cultural Literature Arts Department, they created Chung Gi Him poem: Just like the water, time passes and never stops, and during those times, our pray toward True Mother has never stopped. Just like the sprouts come out in the spring, I'm certain our day of spring will come and the door of the DC will be open. So True Mother please stay healthy and I hope that You will return back to the light of the spring, and I offer prayer in tears tonight.

and an elder wrote another poem called: 'The Bright Sun Will Rise' (endure and be patient, and you will see the good days just as the dry branches wait for the beautiful spring, looking at the hope)

Pastor Burns came and gave great energy and to be bold with strength, and Mother is giving strength to us, and how True Mother is proud of Her own Life and She is boldly proclaiming. And he has given us charge to be bold and go out and testify about True Mother. And this pastor is the spiritual mentor of President Trump. He is very precious brother.

Today as you heard the news and walked the path, I'm sure many of you have lost strength, but we must proclaim about True Mother to the world that doesn't know and is left to believe mainstream news, etc....

What is the history of new religions, but we have made a strongest foundation and we must endure longer now with AFAL and AO to prepare ourselves to be the seeds that sprout and flourish when the spring comes... Please determine for that in this time of devotion (in this Place where you can resonate in one heart and call down the power of heavenly mobilized spirit world to connect us with the righteous, prepared people to come together with us)

The praise Way Maker, we sang two songs and invited great revival and grace and fire...

Director Chun Yu San shared how strong one-heart prayer, allowing the impossible to become possible... If three people gather for prayer, miracles can occur and more than 47,000 have gathered in one heart and I'm certain there is nothing that cannot be accomplished... have no doubt...

True Mother gave us the role of generals and told us to offer prayer as if as war... so to move Spirit World and Heaven to work through us, not just sit comfortably offering prayer and devotion but even with life-and-death determination... and be bold to be looked at by Heaven, to have your offering of your all be seen that you can be proud of, and when you offer your HJ Offering paper to Heaven, do not hesitate thinking others might see you but with conviction that Heaven must be moved...

Even if a national leader is passing by to see your devotion, have conviction, 'Look at my devotion to be moved with Heaven'...

Attendance and spirituality prayer even on weekends and then over 1,000 calling out. Yesterday we offered 130 calling out... They set the standard of victory, going over the previous limitation... To go to South America, our brothers and sisters sang, 'Let us Push forward to Go FR' and formed their own mission team and are fulfilling Mother's Words, moving out as missionaries... and in order to fulfill Her Words, our brothers and sisters are gathering devotion...

True Parents Words we read, During the growth period, because of Eve's mistake and Adam and Eve's lineage became fallen and many mistakes such as Abraham not cutting the dove at the end... He must fulfill the foundation of faith through Isaac and Jacob, set the foundation of victory, and if offering Isaac was not done properly, what would have happened? By offering Isaac, Providence began but then Moses hit the rock twice and just like holding on to the snake in the wilderness, we need to... but then John the Baptist was the really critical mistake to cause the Jews to crucify Jesus... and all the disciples following Jesus, as they saw the miracles, they made mistake and Jesus was allowed to be crucified...

In the prolongation many were crucified and as the Second Coming Messiah has come, also the Only Begotten Daughter, True Mother has come to this land. And the Providence of paying indemnity of the mistakes done vertically can be paid horizontally. And True Parents Life Course has been the path of

tears, blood and sweat. Their disciples who should not have made mistakes, made mistakes. Those Central Figures who were supposed to attend True Parents, made mistakes and could not attend True Parents properly. And that is why True Parents had to walk the difficult path.

And even now, True Mother is walking a harshest path.

The Holy Song, Page 40, in one of the verses in the song lyrics, it says 'I have found a very precious 'friend'... This is about the most precious Person, and True Mother said we shouldn't use 'friend' (the holy song lyrics have a word with the meaning like 'friend'). We should use a different word. And True Mother scolded us that we should (change the words in the holy songs)... in this song to use 'I have met the precious and amazing Parents' (This reflects this final stage of Providence) There is no one who is more precious than True Parents, especially he Only Begotten Daughter. (Jesus knows this and He Himself cherishes Her as most precious... I have met precious and great True Mother... None are more precious than True Mother/Parent. How does She come to Me, as She went over the stormy sea and path, She has come to Me

How does She come to Me (Heavenly Parent)? As She went through the thorny path. As She went over the raging sea, She has come for Me (Heavenly Parent). When we think about the Epic History of the chosen Han people of Korea, when we think about the Korean history, in order to see the Only Begotten Daughter on this land, the trials and suffering that this nation has faced is truly indescribable.

So as we understand the course of the Providence, we must watch drama and movies. The movie 'Jumong', one of the movies featuring one of the kings of the past of Korea, and one of the movies Mother really loved of a few years ago, (True Mother loves dramas too)... So, there were many dramas featuring General I Su Shing... So, in order to send Holy Mother Han, True Mother, how harsh the course had been. We all of us must understand through the Epic History of the chosen Han people of Korea. And finally, after enduring through all the trials to fulfill Heavenly Parent's Dream, True Mother was able to hold the opening ceremony of the Sanctum with great tears.

She has opened doors of the Heaven Realm wide for us, and today is 233 days since the Opening Ceremony. And in order to fulfill True Mother's Words, every individual, every family, all the FF in every nation must fulfill their R. So, with the motto that we received this year, 'In the 13th year of Cheon Il Guk, when we attend the Creator, Heavenly Parent substantially, let us, the Blessed families from around the world, become true sons and daughters of Cheon Il Guk who fulfill our R as the chosen people in unity with True Parents.

These are the amazing words True Mother bestowed upon us. In order to fulfill responsibility, you must not stay still. You must receive cooperation from the Spirit World. So, the word we have read today is written in Cheon Seong Gyeong, Page 800, the Korean version. The question is whether I possess the standard that allows me to mobilize and testify through the spirits in the Spirit World who human beings do not know. The Spirit World also demands this, because the spirit world knows this. Am I prepared to mobilize Spirit World to show people. Am I prepared to mobilize Spirit World to make work happen to the person I am offering the calling out prayer for. You must invent yourself. We heard the story of the sister who offered calling out prayer 43,000 times, and her husband began to start quitting smoking. So, she was able to do that because she was mobilizing the Spirit World.
