Heavenly Parent and True Father in the SW which is the Subject part of the physical world, as we Attend True Father, HyoJN, HeungJN, DMN and all the AGSs, their devotion is part of the physical world's devotion. True Family Happiness Workshop... all people struggling to find happiness as Divine Principle says, but we should not be people who strive to be happy only in the physical world. True Father Said that those who do not know the SW, they are too pitiful that I cannot even curse about that.

So, if you know the SW, there are a lot of things going on, but if you cannot realize the SW, that is the pitiful being. So, if you look at what's out there, the media... a grandfather was taking care of children, a 1-year-old and a 3-year-old, and he took those children and committed suicide together with them. (He went to the top of a building and fell of with the children, but those beings will remain in the pain in the Workshop that they were trying to escape.)

If you don't know the SW at all, only then could you live that way. If people feel that it's hard, they divorce. If it become difficult, they abandon their children.

So, when you say, 'What is the spirituality Workshop, it is not striving to find immediate happiness in the physical world. Although we may find hardship in the physical world, if we can become people who can be attended, who can be praised, praised by all things, in the PW, that is the most glorious place in the SW that you can go.

Although Jesus was crucified, there was no one in Christianity who stood in a more glorious position. Although we are facing suffering, we must become people who can be praised in the SW eternally, people who can live a happy, eternal life in the SW, even though it's difficult on earth.

Even if the husband denies Heaven, the wife must move forward or if the wife denies Heaven, the husband must move forward. If children deny parents, the parents must move forward. If the parents deny the children, the children must move forward....

... a time of new hope. Our brother Tu Sim myeon, former World Mission HQ Director, has been appointed as Director of H USA Cheon Shim Won. It is the greatest hope, the greatest gift that has been bestowed upon America Cheon Shim Won, the grace key, the master key that is given to H USA is the Cheon Shim Won.

In order to be Fulfilled, Director Doo Sim myeon has reported. applause of appreciation

Today, in the Asia Branch, in the Philippines, Asia Branch Leader and National Director of Philippines and leaders and members have gathered and held a 3-day Cheon Shim Won Resonance Prayer 3-day Workshop. 140 leaders are online and 68 gathered for a total of 208. And you saw that video today.

Truly they are people who are piling up the devotion, and they told me to send them the HJ staff, and I sent that to them. The HJ staff is a major item to use. Once you hold on to and cling onto that staff, the prayer resonance will occur and the AGSs will work through you. And if that happens in Asia, I believe miracles will be unfolded within Asia Pacific Region.

So, if we move forward as one during this GWs, I believe they can have more than 10,000 registering. They said they were going to register 5,000, but if you truly pray and move forward, I believe that the number 10,000 will be accomplished easily by Asia Pacific.

Today, the First Region of H Japan, we saw the video of Yeongseong graduates holding the prayer gathering. Adashi, Branch Director, dedicated them, the Yeongseong trainees. He shared that, if you don't do anything, that itself is a problem. We must gather and offer prayer and devotion for Holy Mother Han. We saw him give such precious words.

So, using all the things they learned through Cheon Shim Won, offering prayer until their voices were hoarse. To be honest, after receiving yeongseong, after they go back to their Church, if you stay silent, HyoJN and HeungJN will feel very sorrowful toward you. So all who graduated from Yeongseong Workshop, you should not be asleep.

You must gather and offer prayer and devotion together. If you just pray and offer prayer and devotion alone, then that would be weak. But if you gather two or three or more, it will become very powerful. If you have Yeongseong Workshop graduates more than 2 or 3, you must gather them and offer prayer and devotion and receive the Work of the Living Heavenly Parent. If you can testify to that as you move forward, I believe great work of resurrection, like a revolution will occur.

So, you must gather more and more people to offer prayer and devotion so that you can attend HyoJN, so that you can attend HeungJN and move forward for the unification of North and South Korea for a Heavenly Korea, and I believe amazing Works will unfold.

So, today Heavenly Director of Japan I Bon Sok, centering on that prayer gathering, he shared testimony, and one was the tremendous grace they received by singing, 'Let's Go Back to True Parents' and members were able to receive spiritual energy to move forward. Such testimony was given to us.

So, in H Japan there was more than one thousand Yeongseong graduates. So, throughout the nation of Japan, Yeongseong graduates must gather and offer prayer and devotion together. I believe such miraculous Works will unfold in H Japan. Aju.

Today, on Cheonshim Weekly, you watched it well, right? Our brother, Pak Jin min Coordinator, cultivated anger toward his father. And he a numbness in his heart toward his mother, but how could he be able to resonate with True Parents's Heart. In order to solve the anger toward his father, he offered calling out prayer earnestly. Truly he offered it earnestly for his own physical father.

As he passed 700 times, the wall of anger dissolved and eventually he was able to feel his own father's heart. And he went into that deep position, and next he realized that he has been indifferent to his own mother. And he offered calling out prayer for his own mother earnestly. And he was able to experience his own mother's heart, and open his heart. And finally he was able to have an earnest heart toward True Mother. Such a door has opened for him.

My brothers and sisters, if you have anger toward your own family members, just like our brother Pak Jon min, and his testimony, I hope that will become a grace of good help for you. The wall of anger, the wall of indifference will be dissolved and all can become one. And you will be able to find such a happy family you created.

Our Japanese missionaries, when you see them give a testimony, there are some that said they had been

hating their husband for 30 years, my husband who never goes to the church, my husband who is the friend of alcohol. As they thought about their husband, they had resentment. They had anger. For 30 years a sister lived like that. And as she came to the Cheon Shim Won resonance prayer, and as she came to the Family Happiness Education Workshop, she realized, 'That's not the heart I should have. I should cultivate a heart of gratitude.'

She offered calling out prayer, and that wall of resentment, wall of anger broke down. She shed tear after tear and broke down the wall that she had toward her husband. We heard the testimony. So, when you offer Cheon Shim Won Special Vigil Devotion, you must listen and discern Who is sending the Message from the SW to you.

This is not the Place for you to just be a bystander, sitting down and watching other people offering devotion. You never know when you or someone else can receive an answer. A child might receive an answer to give for you. President Lee Gi-seong might give you an answer in his message. You never know where the message will come from for you. So, you must take great interest in what kind of Message Heaven has been sending to you throughout this Vigil.

You must become such a people, not just watch the Vigil throughout your life. In our church, when a person takes a position, there are people who do not want to receive advice and education. In their words that say, 'Oh please teach me. I want to learn everything.' But there are leaders that I see taking a position and they become arrogant.

Whether you received education from Abel, or whether you receive Heaven's education, you must push yourself. So, instead of saying, 'Oh, this is good enough.' You must cultivate a heart, 'Oh, this is not good enough.' You must cling more to Heaven with this heart, and only then you'll be able to go closer to Heaven. And even at your last breath, you must offer prayer and devotion to get closer to Heavenly Parent.

We must struggle ourselves in order to get closer to Heaven. That's what we must do.

Today, Heshulen couple showed what is One Family Under Heavenly Parent. I am truly grateful for that. And international Blessed family, having four different national backgrounds as they have, for two years using their major, they started selling the Il Hwa products and setting a new start.

My brothers and sisters, understand the meaning before you that we must restore all things. Restoring all things, that is a war. You must be at the forefront to restore all things. When you are working, you must cultivate the heart that, 'I am at the forefront to restore all things.'

So, you must put everything, especially our Providential Institutions, you must make results out of conviction to bring the result back to Heaven. You must offer devotion and push yourself forward in that way. For that Purpose, during the Autumn GWs, you will be receiving that Blessing.

And that is why we have been issuing the Holy Candle, to receive multiplication for that. Through this GWs, all of us must stand at the forefront in order to be victorious. All things have been taken away. We must not let satanic energies take away human beings.

Until we die, we must restore all things, restore all humans beings, shedding blood, sweat and tears. That is the Providential Course. And that's where we're at. We must remember this Providential Truth, and engrave these words within our heart.

And in order for all of us to become the best results, the greatest results of all, we should not stop devotion.

Today, Ito Harina, since she was 1 year old, her own mother passed to the SW. Even when her mother knew she had a cancer, I don't think she did everything to save herself. Why? Because she had a baby and she wanted to save the 2nd gen.

She has been thinking deeply about how to raise the 2nd generation, and thinking about that, how sorrowful would Heaven be to take her away to the SW. And I believe when our sister Ito's is calling out, 'Mother!', then her heart will be in a different level.

She was also able to enter a different Place of Resonance with True Mother's Heart, and she shared such a grace-filled testimony. No matter how difficult it is, we should not cut off the praise. And if you keep these words in your heart, Heaven will bestow endless grace.

What we must remember is that True Parents's Words never fall to the ground. They will be absolutely accomplished. And here as they offer the Dedication Ceremony at the Cheonson Wanggi Palace, all the Words that They Proclaimed at that time, those Words are actually being Fulfilled.

In the Dedication Ceremony Proclamation, a Sanctum to Offer Devotion, a Place where Heaven and earth is unified. It is a Place where such heart of the SW and PW becoming one, such Place will be Dedicated. And those Words are already Fulfilling. You are already witnessing that. Aju.

This Place will become a Place where people all over the world come and Praise, not only the Base Place for the inter-religious and inter-racial, but also it will become the Hometown for everyone. When I think about what happened 30 years ago, when I found this Land, I am very moved to see what's going on now.

So, these are the Words that True Parents Gave. True Parents Offered such a Prayer. 'Please allow this Place to become a Place to connect the Heaven and Spirit World and physical world. Please Allow this Place to become a Place for the Unification of North and South Korea. Please Allow us to become the Starting Point to set the Righteous Heart.

This Dedication Ceremony was to Start Off such a Place, Place where SW and PW can become one, a Place where you can separate evil and good and set the Righteousness. Such a HQ is for those Purposes. That was the Significance of the Dedication of the Ceonson Wanggi Palace.

So, as we Attend Heavenly Parent and True Parents, we should be able to distinguish the good and evil, what is justification, what is right (not by self but by everything with Heavenly Parent and True Parents as our Center in Common, to care about and take care of in common agreement)

And in this era when we attend Heavenly Parent Substantially, we must become such a leader, such BFs who can distinguish such evil and good and what is right and wrong. All the people and all the nations and all the land will become of brothers and sisters under Heavenly Parent and True Parents.

And the Door of Heavenly Blessing will be open where such Spirit and physical world are coming together to live as One Family and all the ancestors who already went to the SW will come down and become one with their descendants and strive to unify this world.

Please Allow this to be Moved Forward, Centering on this Land, and please Allow this Place to Become a Place of Blessing to Connect all the people and all the corners of the world.

As you offer Dedication, on November 7, 1997, please Allow us to become the Place of the HQ aligning perfectly with Heavenly Parent, the Place to become the Palace of Love, the Palace of Lineage, where we can respect the Lineage of Heaven. Please Allow us to become such (Indwelt) Palaces.

And by doing so, the Parent of Heaven and Earth will become the Center, Making Depth (of Roots) of the Heaven King and Heaven Queen of this Land and the Spirit Realm. These Words are Written in Cheonbumo Gyeong. So, let us make sure that we do not let True Parents's Words fall to the ground, and at that time we thought about who would come to pray in this Place and fill up this Place. But I believe that we are already Fulfilling True Parents's Words by filling up this Place to Offer Prayer and Devotion.

And True Parents's Words are the following:

'Despite all the trials and hardships, when you truly are in a hard state, that's when you express it that way, and in such a hard Place, you are not discouraged. And you must look at the future with hope. What God expects from you is not about your power, about your major. What God Expects is your being children. In other words, your heart, your will and your devotion. That's what God Desires from you.

When we follow these Words, if you Follow these Words, I believe you should be able to see the future with great (and True) Hope. Look to the future with great Hope. True Mother Said that you must look with Heaven's Eyes. And I hope you can look at the future with Heaven's Eyes.

You must pray as you believe. This month, the month of liberation, the month of Blessing, we must make conviction to make great result. If you move forward with that conviction, I believe you will be able make great condition for October 8, and all the churches will be able to revive again, and we will be able to write a New History.

So, if believe and Offer Prayer to set a Kick Off for yourself, Heaven will Give you Dreams, Heaven will Give you Messages, Heaven will show you the Day of the Victory. Heaven will Say, 'Oh, now is the time.' and show you the Day of Victory.

Heaven always showed us the Day of the Victory. That Vision was not Given to only special people. As long as you move forward with that Vision and the Belief, Heaven will show you what that is. And that will Allow you to Move Forward regardless of hardships. Heaven can Bestow you such blessing.

Heaven showed Joseph the Dream of the future. And although Joseph was sold as he was, he still believed

for the future and eventually became a Prime-Minister-like figure in Egypt.

So, through the Central Figures, Heaven always gives you the Vision for the future. So, I hope you believe and receive that Vision of the future. And not just that, but through the prayer, through your voice, through the Heaven Words, you may be able to speak the Words that Allow you to see what the future will be like.

You might be able to see such grace, as long as you have the spiritual senses open and if you let your spiritual senses resonate with your physical senses, amazing things will unfold. And you must realize that we have cells in both the spiritual and physical body, so that in September, with Heavenly Parent and True Parents, if you move forward with absolute Faith, you spiritual selves will resonate with your physical selves and Allow your physical selves to show what it will be like in the future.

So, you must offer prayer with that conviction and become one in Heart with Heavenly Parent and True Parents, and so that you can fulfill the Liberation of Heavenly Parent and True Parents and you can Fulfill Heaven from the individual level, and eventually going all the way up to the cosmic level, so that we can Fulfill the Words that True Parents are Proclaiming.

I hope you have the hope to Fulfill the Heavenly unified world, and I believe, if you all Move Forward in that Way, Heaven will greatly Bless you. (He bows to us and to Heavenly Parent and True Mother/True Parents)
