1669 Cheon Shim Won

Hello everyone (He bows) In this 1,669th Special Vigil Devotion, those who are sincerely participating, I share my sincere gratitude.

The Yeongseong and Moshim trainees together, they have offered up this praise 'Way Maker' and tomorrow at 10am, will be the Graduation Ceremony. And they are being fired up at the end of the Workshop. And it's so good to really see them resonating with the Heart of Heavenly Parent. When you truly resonate deeply with this Shimjeong, in that Praise it becomes the greatest Prayer that can Move Heaven.

Participating together in Yeongseong and Moshim Workshop, and training prayer with sincerity and offering devotion, I am so grateful that they are being able to reach the Standard that Heaven Wants.

We can see that this Main Hall of HQ is filled and I truly think that Heavenly Parent and True Parents will be Glad Seeing us here. Internationally 18,900 places are connected, about 40,000 people are offering devotion together.

In H Korea, Cheonon District 148... Sun Moon University 55...

H Japan, Fukoka Church 36... Nagano 35....

H USA Cheon Shim Won, 56 and centering on Rev. Doo, President of Cheon Shim Won H USA, is starting a new hope... I truly hope for the revival of H USA.

H Africa West Branch, the 5th Hyo Jeong Cheonshim CheonBo Spirituality 40-Day Workshop

and in Mozambique, the 4th Yeongseong Workshop trainees are there

and in Colle Mattia, Italy the EUME 21-day Yeongseong Workshop trainees are connected to the Main HQ Devotion.

Internationally this is being conducted for them to become even greater devotion more than the HQ. The Branch Leaders are doing their best and from the HQ, the Yeongseong Academy will go as Volunteer Corps creating the Kingdom of Fire

Internationally 670 places are connected on You Tube and I truly pray that the same grace will upon them.

Long-term trainees 380 of them are here

13th Japan Resonance Prayer participants, 417 of them have registered and a total of 800 of the trainees are here, and I truly believe in the profound Providence for the #800. From the 1st to the 13th, all of the participants applause... the total by the 13th Workshop # is 1,777... Don't you think it's an amazing #... applause...

In order to find the #13, Heaven Worked so unimaginably hard, sending the Son of God, but his disciples distrusted Him and He was crucified with all of His disciples scattering. This #13 had been taken from us to Satan, and in Western Society they say that on the 13th day, Friday the 13th, is an evil day, a day to beware, but to Heavenly Parent and True Parents that # was restored through the Coronation Ceremony.

We remember how Heavenly Parent and True Parents Restored the #13, and through this H Japan Yeongseong Workshop where the total reached 1,777... being able to find and establish the #7, I truly believe there will be GWs of the Holy Spirit.

Those who came to the first Workshop, if you continue to offer the Devotion without letting the fire down, Heaven will listen to you. I deeply hope that you will truly understand what Cheon Shim Won really is. It is the focus of all the Heavenly Victories upon the Foundation, the Fruition of the Victory of Vision 2020, making the Condition of the H Tribal Messiah Victory.

Cheon Shim Won is the Fruition of all of the H Victories, the H Victories of the Entire Life of True Parents. It is the Course that True Mother Walked after the Seonghwa of True Father. The Fruition of the Vision 2020, this is the Cheon Shim Won.

So, it is said that the Cheon Shim Won is the Greatest Gift that Heaven can Give. Centering upon this Cheon Shim Won, when we Offer Devotion, in any circumstance, we can see hope. In that Position, we can see hope. When we Offer Cheon Shim Won Devotion, you will be able to overcome problems that might seem impossible to solve with human strength alone.

This is the Blessing True Parents have Given. It's not done automatically, but we need to offer Devotion. Think of Mother's Devotion after True Father's Seonghwa, when She Offered Jeongseong for 3 Years... At the Thought of this, True Father is Working.

When we Attended True Father as True Mother Did for 1,095 days, and when we Move Forward, Inheriting such Devotion, Great Works will happen. We will experience the Spiritual Providence, which is liberating the ancestors and the Blessing of the Ancestors, resolving the central resentment spirits... liberating the spirits that have resurrected within our bodies. When we revive them, these are still continuing.

The Path of Resurrection of the earthly people are alongside and reviving and resurrecting the spirit people. We need to cultivate our spirituality where we can have the experience of communicating with Heavenly Parent, and understanding how the Living Heavenly Parent is Working.

True Mother, Who Is the Substantial Holy Spirit Does the Works of Revival and Rebirth... understand how HyoJN, HeungJN and DMN Work.... and how the ancestors Work through us through those experiences where we deep Root our Faith.

Whatever the authority or force the secular world may have or may use, we need to deep Root the more Power of Cheon Shim Won Devotion. For 7,777th 3-Day Resonance Prayer of H Japan resonates deeply with Heavenly Parent, all of the difficulties in H Japan will be overcome. They will be able to find great revival, and I truly pray you will be able to find the great hope of this Cheon Shim Won Devotion.

We heard from Deishi Aura, doing the CARP Activities in Japan. There were times that she continually shed tears. But whenever she felt her shortcomings and reached out in prayer, she felt her heart coming closer to Heavenly Parent.

This 40-Day Workshop which is the (#40) condition for the separation of satanic. If you are able to separate, you will be able to walk the unwavering path. But if the satanic spirit intervenes within you 40-Day Workshop, there might be a path of the wilderness course ahead of you. That's how important this 40-day Workshop is.

Because of the failure of the path to Canaan, they went on the wilderness course for 40 years. That's how it is to find all of the #'s that were lost in this Workshop time. The fallen humanity is losing all of the numbers, and this Workshop is restoring all that the fall took from us. Satanic spirit will continuously attack you in order to steal them away.

The way for us to be victorious is through Workshop and Cheon Shim Won prayer and devotion, and even throughout generations there were such life of faith conditions made for us to have this chance time now. I truly hope that you will think of this.

We heard testimony from this sister that before coming to the Workshop, for 4 years, she distanced herself and distrusted Heavenly Parent and True Parents, and was in a dormant state. This state put her under the a satanic realm. But because of the devotion of her mother, who was constantly and earnestly pleading for her to join the 40-day, then she was able to enter the general 40-day.

She said she experience Heavenly Parent's Shimjeong for the very first time. If our 2nd gen come, they

can heal the shimjeong very easily by entering into such state of resonance with the shimjeong (not knowing it made them vulnerable in the world.

In order to deepen more, she resolved to join the Yeongseong Workshop and she has said the first goal was to offer praise and prayer with tears every day; second, deeply resonate with Heavenly Parent and True Parents's Shimjeong and really deepen the shimjeong; third was to become one with HMM.

She felt that True Father was Directly driving and educating this Workshop Himself. When offering up prayer and praise with tears, she profoundly realized that this was not her own tears but the tears of the ancestors. To taste this was Heaven Presiding over her. But amazingly that shimjeong fell as if it had not been there.

This teaches us about our position. She changed her mindset that she shouldn't be in this state that had fallen again, and she offered special devotion for 21 days, where she would offer 1,000 calling out prayers, and 43 bows and doing HD for 21 minutes every day.

But her heart was in such a depressed state and she wondered if she could join the Moshim Workshop in such a state. But at the end of the 21 days condition, she realized that her state was the Providence of Heaven to share greater Love. She received the answer for her 3 goals and realized that True Parents are actually the True Parents.

We are so used to thinking of our physical parents as our parents, and realizing that our 'true' Parents are True Parents is not so easy to really believe in and receive. But that is the greatest realization ever for fallen human beings.

The realization we need to have is to know Heavenly Parent's Substantial Manifestation as True Parents. Knowing that is the greatest realization that revives our spirits and bodies. True Parents Who Give Birth to our families and tribes, giving birth to all the spirits that are piled up like dust and being to be reborn as children of Heavenly Parent. If we realize those True Parents are the Real Parents, no other people, no other saints had that realization about Two Real Parents of Heavenly Parent's Manifestation Birthing us.

This is the Goal we need to have with utmost earnest. Even if we were to reincarnate many times, even doing various extreme conditions, without that realization, without really knowing True Parents, you cannot become children of God.

Now, we wish our sister, Jo Gayeon, an even deeper realization through her resolve to go to the Moshim Workshop. applause for these two testimonial trainees

The GPP trainees sang the song, 'The H Unified Korea'... These are such precious people. Some joined the GPP 6 times. At the time of the very first trial, he joined the 40-day conditions for Mother, until the last date closest to the trial date, joining the Workshop until the very last day, resolved to offer devotion. But because we have the 2nd trial, he resolved to join again until the end of this period. With such resolve, I truly believe these are such amazing people (we are grateful for).

Today, the report was given by the Cheon Il Guk Chosen Blessed Families of the 3-day Workshop, by Director Chun Yu san. When we go to any place, we need to love that place, and all of the spirit that love that place will support us.

So, when we have the mission field, when we love the mission with love greater than anyone who had loved that field area, all of the good spirits of that land will support us. That's the reason why True Parents have Loved this Land of Korea so much.

In order for all of the patriots, martyrs and loyal subjects who went to the SW loving this land, they Offered Devotion with Tears to Love even greater than any historical spirits. When True Parents were in Japan and America as well, They made the condition to Love Japan and America more than any of those loyal patriots and martyrs, saints loved Japan or America.

In the Washington Monument Square, there a reason... 300,000 people gathered and that Love is the reason. To receive the support of the AGSs in Gapyeong, leaders and members need to make the condition to love Gapyeong more than anyone else. If you actually do your best in order to make such a condition, all of the good spirits will descend upon the land Pyunyeong and work through us who love Gapyeong more than anyone else who loved Gapyeong.

We need to build our tower of devotion for Gapyeong... that is the assignment... that is the problem we need to solve for how to restore the nation... for us to find the precious treasures.

Yesterday, Rev. Tsujingte Director, shared all of the treasures... also Director Jun Yu shae... the treasure of filial piety. Do you remember his name? Kan Yeong chan, the filial son. When he was 7 years old, he bit his finger and fed blood to the mother. It not so much by her being physically revived by feeding her blood, but it is that Heaven was moved to revive his mother.

When he was 30 ears old, again, he went to Pochuk to find medication. His wife actually removed all of the puss that was there, using her mouth. That was reported. How can a 7-year old, bite off his finger in order to feed his blood to revive his dying mother.

We need live a higher standard than this child. But when we reflect, do we have such hyojeong? With a heart of yearning and searching for this in ourselves, I truly felt that we should offer Devotion for HMH.

When we all go to the SW, all of the spirits will accuse. This filial son, Kan myeon chan can appear to us and compare what have we done for HMH? What could we say in front of him. When his wife appeared and compared how she sucked out all of the puss with her mouth to revive her mother-in-law, but what was your life to be filial to HMH? If she appeared to us, what could we say?

If all of the loyal subjects, the patriots and martyrs all come to us and accuse us and give this trial, we need to have a thought that they are looking and seeing how we are (or or not) attending True Parents. (and what we do, do we do for our own honor? or really all out for obedience sacrificing our own honor and preference?)

When we go to Cheon Shim Won and fall down and pray, we should not just have the idea that they will listen to our prayers, but those who would look upon us saying, 'With what kind of heart are you standing in this position?' The spiritual environment of Cheon Shim Won is such a Place where HyoJN, HeungJN and DMN's Spiritual Power can be felt.

If, in such a Place, we are thinking about our own difficulties and thoughts, it is difficult for us to resonate. We have read today, how can we resonate with hyojeong? How can we restore hyojeong? to find the hyojeong toward our True Parents.

The treasure was found in this land. They have lived without knowing True Parents. When we offer devotion so that the filial son, Chun Yu chan, (I'm not sure if he is liberated and Blessed) but if we find those treasures, I truly hope you can liberate the spirits of them.

In this war, as human soldiers, they risked their lives without knowing what we knowing the Treasure of all Treasures. Do you know what that is? We have a lot of CheonBo Families. CheonBo, meaning Heaven's Treasure. Everyone sitting in the front are CheonBo Family.

This HJ Cheonon where CheonBo Families are living, this HJ Complex is Treasures among Treasures. All the people around the world, in this Golden Age where True Parents are Alive need to come here. If True Mother will go to the SW, later the Authority of True Parents will be Unfolded. There will be times when people will regret and be embarrassed not being able to come to this Cheonon Complex.

For all of the people to know, in 1992, the 30,000 Blessing Couples are where all of the leaders have gathered. After meeting Gorbechev and Kim Il Sung, upon the Era of Peace, They set the 30,000 Couples as the Messiah and Savior, and the True Parents were Proclaimed to the entire world.

And HMH, True Mother, through Her Suffering, True Mother has Proclaimed to the entire world that She has come here as the OBD of Heavenly Parent, and Shared this to the entire world. All of the citizens of H Japan, through the Dissolution of the FF, the Difficulty of True Mother, there is no one who doesn't know about the FF.

If we offer Devotion. everyone will be able to experience the Words of True Parents, and Heavenly Parent's amazing Works will unfold.. There will be even greater Works than the Apostle Paul. Aju.

And this 3-Day Resonance Prayer Workshop is where we can learn such Works. There should be Great Works done by Heaven. That is the Hope of True Mother. There should be a Spiritual Works by us Offering Devotion in each and every corner of Korea, Devotional practices that can Move Heaven.

That is how we could Fulfill the Will for a world of peace, Attending Heavenly Parent as One Human Family. If we do not Fulfill those things, we don't know when war will unfold. We shouldn't walk such path of war again. We need to Attend Heavenly Parent. As brothers and sisters of One Human Family, this is a time when we can Fulfill such things.

This is the time. How precious is this time? If we lose this time, you need to realize how serious that is. It's not important how we live individually, but how can we save this nation and the world?

And amidst the Words that we read today: You must not forget that, today, Heavenly Parent is worrying about individuals, society, people, nations and the world. I have never forgotten this even in my 40 years. I truly hope that, together with True Parents, we will not forget this fact even for a moment, and offer prayers resonating deeply, thinking about our True Parents's Heart. TYVM (He bows)
