42 young Brazilian members attended a 40-day workshop from February 27 to April 7.

Last year, when Dae Mo Nim toured Brazil, he encouraged all the youth to attend a 40-day workshop. Finally, for the first time, it was realized.

To prepare all their expenses the youth funded the workshop. Since the prices in Brazil are almost half that of Korea, it took months in order to come to Chung Pyung. They had to invest twice the time and effort than usual.

The Brazilian trainees were able to attend the “Special Great Works to Commemorate the 20th Anniversary of Chung Pyung Works and the 2nd Anniversary of Cheon Il Guk Foundation Day”, which were held on March 1. They began to receive deep love from Heavenly Parents and True Parents as soon as they arrived in Korea.

On March 18, the trainees attended the Unification Sports Festival and learned ways of becoming united through sports and with other people. They also heard 2 days of Unification Thought by Rev. Gwangmyeon Jo, President of CheongShim Graduate School of Theology and sang an amazing song for the opening of the “Moon Hyo Jin Music Festival” held at Cheon Bok Gung on March 21.

The trainees practiced very hard even in the midst of their difficult schedule, in order to sing a song that Moon Hyo Jin Nim loved so much.

On March 24, the trainees took part in a Q&A session with one of the lecturers in Chung Pyung and could ask many questions that were on their mind.

On March 25 the members went on a Cheon Jeong Gung Museum Pilgrimage. They were able to visit the palace which they’ve seen so many times in pictures and movies, and they were deeply moved and excited by the great experience of seeing it in person.
