## 5th Week of October: Continuous grace-filled testimonies

(9.19-20, on the 3rd year of the Heavenly Calendar, Solar: October 31- November 1)

On the foundation of the incredible great work of miracle by True Parents of Heaven, Earth and Humankind, the Chung Pyung Heaven and Earth Training Center is building the groundwork of rebirth on a daily basis by receiving the spiritual energy from an ever more powerful Heaven.

Like the womb of a mother, Chung Pyung built the substantive realm of the Holy Spirit by reviving the dead and embracing each life and thanks to that the members are shuddering with unbelievable experiences in this perfect Garden of Eden where Heavenly hopes and dreams are being realized.

Like the words of Heaven which says those who seek to die will live, the members who zealously rushed to Chung Pyung to realize Heaven's will are springing up with life by receiving Heavenly fortunes and countless blessings. We would like to share with the readers those incredible moments of miracles.

### 1. 1290th Chung Pyung Special 2-day Workshop

During the 5th week of October, from September 19th to 20th on the 3rd year of the Heavenly calendar (10/30~31), the 1290th 2-day workshop took place in full grace. This week too many international members from all around the world participated in the 2-day workshop.

Director Ki-sung Lee, at the opening remark emphasized our role in maintaining our true lineage by reading page 1399 of [Cheon Seong Gyeong] on absolute sex. Director Ki-sung Lee said we all must realize that the only ones who can save the world are True Parents and according to their teachings we must educate the world about Heavenly Parents, inform them about the rules of indemnity, and teach them about the spirit world so as to straighten the world.

Member A.U(30,000couples) from Seoul Seobu District testified the following: “the message of Director Ki-sung Lee on ‘absolute sex’ touched my soul and I felt that it connected the dots of the many thoughts I pondered upon regularly. Especially his words helped me decide to cleanse my fallen natures through the ancestor liberation. I could not stop crying during chanyang sessions and when the lecturer separated evil spirits by tapping my head. I felt an incredible heat pass through my body and heal me and I experienced the love of Heaven. Although a week passed since the Great Work carried out directly by True Parents, the intensive energy still seem to linger within me. I sincerely offer my gratitude.”

Member A.U(30,000couples) from Seoul Seobu District testified the following: “the message of Director

Next was the chanyang session followed by a special lecture from Overall Director In-cheong Kim on the changes in Chung Pyung work directly carried out in heaven as well as on earth by True Parents by relating it to the grace of ‘2015 Chung Pyung Autumn Special Work.’

Next day, while reading page 1195 of [Cheon Seong Gyeong] during Hoon Dok, participants watched the video of True Mother’s precious speech given during the 2nd day of Chung Pyung Autumn Special Work at the Heavenly Palace on October 24th and learned Heaven’s sublime providential significance in addition to the precious value in bringing the one and only begotten daughter to this earth.

Mrs. Won-guil Son, wife of the National Messiah to Congo, overjoyed said “Wherever I go, True Mother’s love fills every corner of the training center. The environment and the atmosphere got way better than when I had my 40-day workshop 3years ago. The words I heard were full of grace I have never felt before and they are so precious no one will find them anywhere else in the world. I hope that official memos are sent out to the rest of the world so that every member can gather at Chung Pyung.”

Member H.T.(Previously Married Couple) from Niigata Japan who participated in this 2-day workshop testified the following: “I entered the church for the first time when I was 19 years old but soon left the church. After 30years, my spiritual parents suggested that I visit Chung Pyung for the ancestor liberation and I visited the training center for the first time in January. My elder brother had left the church as well but when I suggested we visit Chung Pyung together, he easily agreed so we came together. In the coming March I participated in the previously married couples’ blessing and was overwhelmed with gratitude. My elder brother also wanted to be in the blessing so he too was blessed. I thought I would never want to be blessed again. In May I participated in the ancestor blessing ceremony. I believe this is because my liberated happy ancestors are all supporting me from heaven.”

## **2. Endless Testimonies from the 2015 Chung Pyung Autumn Special Work**

During the 2015 Chung Pyung Autumn Special Work, endless testimonies carrying incredible stories poured out from many members. Below are some of them.

First is a testimony from T.N. (2nd Anniversary Foundation Day Blessed Couple) from Minami Tokyo District, Japan.

“On the morning of the 3rd day of the Autumn Special Work, Secretary General Seong-il, Jo in his special lecture said ‘why do True Parents eat burgers? When they think of members who are walking in pain the path of Heaven’s will, they cannot eat anything more expensive than a burger. And burgers are easy and fast to eat. Moreover, True Mother, thinking on how to connect the members to the heart of True Father came up with the idea of Heaven G. Burger and created its recipe as well.’ Later on when I reread the memo taken from that lecture, I began to shed tears feeling that True Father was seeing through my 10 years of faith and embracing my pain. I could feel he understood me and more than anything loved me very much. I also could hear True Father telling me ‘We eat burgers because we do not have time in carrying out the providence. You will help True Mother, won’t you? As a man you must not cry. You are my son and I know you will do well.’ In response to that voice I prayed and replied ‘Yes Father, I will do my best.’ Through such incidents my heart was restored and it felt like True Mother was transferring us his love by saying ‘Let me show you how much True Father loves you all.’ More than anything I felt that

indeed 'True Mother, in absolute union with True Father, is completing the substantial work of the holy spirit.' True Mother's message was not to some anonymous person but a specific message aimed at me. I could feel the heart of their message as True Parents told me 'If you understand the heart of True Parents you must spread the words while crying out loud. You must save the lives dying in danger and anyone who goes to the spirit world without knowing True Parents will be in deep trouble. Since you know that truth, you must work harder than anyone else.'"

The testimonies of the Autumn Special Work did not stop here. Member H.T. (2015 Blessing couple) from Minami Aichi, Japan said she saw President Sun Jin Moon of FFWPU-International for the first time and promised to build a family that True Parents can be proud of by saying "I could not stop crying when I saw Sun Jin Nim shed tears on stage during her speech thinking of the members. I received lots of grace seeing her care and love the members even with the heavy burden and responsibility she is carrying on her back. In this Special Work, I strongly felt gratitude in being with True Parents and living in the same era. Moreover, during the prayer at the tree of all things, although I was alone, I could feel the presence of my wife who was not able to join me this time."

Member Y.M.(30,000couples) from Tochigi, Japan wrote the following testimony: "Recently, my faith was so weak I could no longer believe in the church and I faced such a serious situation that I thought of ending my blessing. But participating in this great work showered me with grace and returned my faith to the starting point. With Heavenly blessing, I not only shed tears but wailed like a baby and it made me realize the strength and power of the grace of Chung Pyung work. I could feel my physical father (360 thousand previously married couple) in the spirit world supporting me through all this."

In addition to all that, 350 members from 9 districts in Japan participated in the Great Work and many of them shared their testimonies with us.

One member from a 2009 Cosmic Holy Marriage Blessing for previously married couples in Minami Osaka, Japan said "Since last year, I was suffering from a severe back pain that I had given up treatment. But during chanyang session, a 7~8 year of child tapped my back and separated the evil spirits. Afterwards my back straightened up and I was relieved from all pain."

One member from a 2013 Cosmic Holy Marriage Blessing for previously married couples in Wakayama, Japan offered thanks by saying "I've been worried about my feet that were getting heavier and sore since 3 years ago. During chanyang I felt a heart of gratitude knowing that True Parents were carrying out the work and on my way back home my feet were as light as feather which I believe are all thanks to the blessing of the great work."

One previously married 30,000 couple from Higashi Osaka, Japan also said "During the prayer of gratitude on the last day, I saw True Father shining brightly on stage. Father was running around wearing a tie on his neck. I doubted my very own eyes because I so clearly so him visit every participant. It was an amazing spiritual grace."

Another 30,000 couple from Nishi Osaka, Japan full of happiness said “We all slept in the Great Hall squeezed next to each other and it felt like I was in Heaven because we all looked like one big family. During chanyang, I felt a strong energy on my right side and I was sure it was my ancestors in the spirit world who were so close to me. I deeply understood the value of the Great Work.”

One member from a 2009 Cosmic Holy Marriage Blessing in Higashi Osaka, Japan sent a testimony which said “Before the Great Work, True Mother appeared in my dream and held my hands and whenever I let go of them she held them back. When I actually participated in the Great Work True Mother was indeed walking together with us. I really felt that she was ‘indeed the True Mother.’” Another 30,000 couple from Wakayama, Japan also said “As we gathered around Cheongshim Tower with True Mother, I strongly felt that ‘she is our mother.’ My heart towards True Mother strengthened more than before and I repented not having understood the value of True Parents.”

All these testimonies are the incredible miracles happening from the united realm of the spirit world and the physical world automatically running on the victorious foundation of True Parents of Heaven, Earth, and Humankind.

### 3. Other work of Grace

From October 31 to November 1 was the successful 27th regular assembly of 6500 couples which brought the highest number of 300 participants. Everyone experienced the love of True Parents and victoriously completed the gathering. Many of the 6500 couples who visited Chung Pyung were moved by the changed in its atmosphere. Moreover at the visit to the Cheon Jeong Gung Palace, True Mother showed endless love by visiting them taking a picture together.

South Gyeonggi Leader's Unification Theory Seminar was held for 2 days since October 28th with a total of 28 participants. Yeongnam District Church Leader's Workshop also took place with 20 participants for 2 days since October 29th. The Special HQ's Church in Seoul HQ's District held a Divine Principle Seminar with 39 participants from October 29 to 30th. And UPF Korea Suwon City, South Gyeonggi District New Ambassadors for Peace 1 day Appointment Seminar took place on October 30th with 110 participants.

Thanks to Heavenly Fortune all worries and concerns were washed away clean with the new wave of happiness and hope pouring all over the cosmos. In this way True Parents have opened us an impressive era that showers upon man and creation a free Heaven and a liberated world.

A few days ago, clouds in the shape of True Father's face appeared in the sky. Just as he passed down his love through the Udumbara plants, True Father in the spirit world appeared to us with a big smile. We offer our gratitude and glory to our True Parents who have carried out incredible work and miracles.
