"We have received endless and unlimited grace from our noble and precious Heavenly Parent and True Parents of Heaven, Earth, and Humankind. True Parents, we, the blessed families who stand here today to share and practice True Love through this bus we consecrate, upholding the justice and the nation you have appointed us, have united with the Headquarters and every organizations and completed our Heavenly Tribal Messiahship in order to become the True children and the True citizens of Cheon Il Guk. Moreover, with each distance and hour covered by this vehicle under the protection of Heavenly Parents, we hope to only see prosperity; while every one of us riding this bus can become a catalyst who can experience the True Love of Heavenly Parent and True Parents. Please bless this procession so that it may move the heart of this nation and this people whom we would like to dedicate to Heaven.

Father of love, let life thrive everywhere this bus goes and Father, bless us and be with us so that the heart of man, together with creation, amidst the joy of creation, can think of Heavenly Parent and become a medium of love who can experience the immense love with which True Parents are embracing and loving this land.

Moreover, let whoever driving this bus, with a prepared mind, complete the responsibility of establishing justice and building your nation under your guidance and dominion so that all can be carried out and made real every single day.

Father, we begin with a single bus, but since you have allowed the members to bury and multiply all their love in this land, bless the responsible ones so that they may complete the responsibility of turning all these people into Heavenly citizens with an unchanging heart of absolute faith, absolute love, and absolute obedience centering on True Parents. Once again we offer our gratitude and bless everything in the name of True Parents. Aju"

Next, assisted by Director Ki-sung Lee, True Parents purified the Hope Bus and took a commemorative photoshoot in front of it. Afterwards, they boarded the bus and directly headed to the Chung Pyung Heaven and Earth Training Center.

"Although I am still insufficient at this point, since I was told that the most important goal of this workshop was to unite with the shimjeong of True Parents, I will diligently take part in the workshop with the heart of wanting to become the owner of Cham Bumo Gyeong and also march forward with the mind to accomplish anything no matter what True Parents wish to use me for thereby be the clean material that they can shape as they wish, whether it is national restoration, vision 2020 or the completion of Cheon Il Guk. I promise to march forward."

I promise to march forward."

Every time each group leader finished the testimony, True Parents, with the heart of a parent checking on the growth of the child, asked them "how old are you?" When she asked this question to Vice-leader

Yong-dae Han, he answered "45" to which she said "You are at the peak of your work age."

Also, during the testimony by TOPGUN group leaders, there was a report of Mr. Gye-cheung Lee, Head of Cheongshim Bakery being awarded with the Minister Prize from the Ministry of Employment and Labor for winning the grand prize at the '6th Healthy Sandwich Contest' (Hosted by the Association of Korean Master Bakers and Supported by the Ministry of Employment and Labor; the Ministry of Agriculture, Food and Rural Affairs; and the Human Resources Development Service of Korea), to which True Parents were very pleased.

When all the group leaders finished their testimonies, True Parents encouraged all TOPGUN participants by saying "you are mostly 2nd gens, right? You are all at the height of your age." Moreover, she also requested them to complete their responsibility as Heavenly Tribal Messiahs.

"What are we afraid of when we have True Parents at the center of our lives? You must all follow me. That is completing the responsibility of Heavenly Tribal Messiahship. That is placing Heavenly Parent and True Parents at the center. That is turning all the people living on this earth – the nation of faith and the nation of God -- into the people of Cheon Il Guk."

Next, True Parents also spoke on the future plans for the holy land of Chung Pyung.

"This Chung Pyung is Bon Hyang Won (the Original Homeland). This is the Original Homeland. How many shapes do we need to turn this holy land into a Chung Pyung longed, searched, and desired by the whole humanity? The 1st plan is to build the Cheonji Sunhak Won. I want to build an amazing site in 10 years' time and in order to do that I need your help. All I am asking is to at least be responsible for one side of the building. You must give your best in order to create citizens of Cheon Il Guk. I will prepare twice, thrice many layers of what you are capable of and build it. This will be the greatest and the only tourist site in the whole wide world. That is why we are not only building the Cheonji Sunhak Won but also turning the environment into a beautiful site as well. I will build a place that can calm any visitor by embracing them spiritually and physically so that they may find happiness."

As True Parents finished the speech, she requested the TOPGUN participants to sing a song and they chose the holy song 'Call'd if God, We Honor the Call' and sang unison in return for the love that True Parents bestowed upon them.

Lastly, True Parents once again encouraged all TOPGUN participants to which they all bowed and showed gratitude in their loudest voice.

As True Parents came out of Cheongshim Bakery, other 40-day workshop participants and Japanese Heavenly Tribal Messiah workshop participants, who were waiting for her outside, clapped and cheered at her appearance. Surrounded by a crowd of cheering, clapping participants, True Parents left the premise at around 12:10PM.
