### Immense Spiritual Work of True Family

#### The First day of 'True Parents' Birthday and the Third Anniversary of the Foundation Day and Chung Pyung Special Great Work'

Amazing spiritual works were witnessed for three days from January 5 to 7 in the fourth year of Cheon Il Guk (Feb. 12-14) in Chung Pyung (CP) where True Parents' have taken direct control. With the dawning of the fourth year of Cheon Il Guk, we are now able to have a firsthand experience of True Parents' absolute unity. The third anniversary of the Foundation Day and True Parents' birthday events were a place where Heaven's amazing blessing fell upon the participants like a gigantic waterfall.

During this period, Hyo Jin Nim and Heung Jin Nim united centered around True Parents to form a Four Position Foundation of True Family members which allowed them to sprinkle the blessings of Heaven in CP like golden dusts. The attendees experienced that "Heaven is alive" and that "Heaven loves" them, not to mention that "Heaven blesses" them.

Over 22,000 members came from 72 nations around the world to participate in the 3-day long series of events that unfolded in CP. The number of nations from which people came rose 9 from 61 and the number of participants rose 5,000, breaking the last year's record. Countless members who believe in the automatic work of CP under True Parents' direct control came and stayed until the end.

The following is the order of events that took place from the day before the day of Great Work (Feb. 11).

### **Offering Ceremony for Heaven G Burger (Feb. 11)**

This year's Great Work which was made possible thanks to the victorious foundation of True Parents' birthday and the third anniversary of the Foundation Day was filled with grace even one day before (Feb. 11) its commencement. In the morning of the day before, True Mother prayed after offering Heaven G Burger to Heaven, "This place is transforming into the holy ground upon which you can unfold your dream in the future. This place that we are offering to you today is situated at the center of this holy ground, like the yolk of an egg. People yearning to see you will flock to this place. They will learn about your life and unite with you, ultimately contributing to this place's transformation into the Heaven on Earth."

To allow the participants to receive the grace of being able to enjoy the newly-opened Heaven G Burger, which was prepared to allow the members "fulfill their Heavenly Tribal Messianism," True Parents gave out 1,500 free coupons. True Parents also handed out over 20,000 pumpkin-flavor rice candies. The people who received these gifts from True Parents were able to realize that Heaven G Burger and the rice candies are not mere foods, but are like True Parents' bones, flesh, and blood. Heaven G Burger in CP has now become a monument of the promise for members' unity in the future. One member gave a sincere testimony regarding this blessing.

<Testimony from Mrs. Mee-hee Han, a 30,000-couple member from Kimcheon Church of Kyeongbuk District>

"Thank you True Parents for answering my prayer. I shed many tears as I prayed the night before to Heaven to allow me a chance to see True Mother and to taste Heaven G Burger.

Heaven answered my prayer, and today, I received a Heaven G Burger coupon. I ran to the store and bought a burger. I prayed before I took my first bite and tears fell down my cheeks as I felt True Mother's

love."

### Offering service for the portrait of Moon Hyo Jin Nim (Feb. 11)

An offering service was held to place a portrait of Hyo Jin Nim in Jeongsim Won in the presence of International President Sun Jin Nim and In Sup Nim, the International President of WFWP Yeon-ah Nim, and the director of Universal Ballet Hoon-sook Nim. The service was participated by the president of FFWPU Korea, Kyeong-seok Lu, the Vice President Hyeon-young Lee who came with other members of FFWPU Korea HQ, and the Director of Educational Support Department Jin-heong Yong. The President Gi-seong Lee, a number of employees from the Training Center, 40-day WS participants, Chinese members participating in the 21-day Top-Gun WS, and the members of the second 21-day Top-Gun WS also filled the seats. 400 people in total came to see the event.

Hyo Jin Nim's portrait was drawn to meet True Mother's description of him: "Hyo Jin's appearance is that of when he was in his 30s. Please carefully draw a portrait of him depicting as such." Last year on August 26, True Mother gave her command at Cheon Jeong Gung Museum, "Hyo Jin is on a position of restored eldest son. He fulfilled a victorious condition Can-Abel unity. He is a loyal son and walked the course of a loyal subject. He lived the life that every members and leaders of Unification Church around the world model themselves after. This is why we need to place a portrait of him in Jeongsim Won." Accordingly, a tentative portrait was placed in Jeongsim Won on August 27 to be replaced by a formal portrait on this occasion. With this change, people began to give testimonies regarding the spiritual works of Hyo Jin Nim.

[A Testimony of Vladimir Khokholskiy, a 400 million-couple member from Lithuania]

"Next day during first Chanyang of Special Great Works suddenly I began to feel Hyo Jin Nim's spirit come to the room. His image appeared before me, he was in his 40s. I started to feel his strong spirit, memories of pictures and videos I saw with him started to come to my mind. I gained very strong spirit with which continue to strongly invest in Chanyang. Loudly sing, strongly hit myself, I felt myself that time spiritually very unified and with Hyo Jin Nim's spirit worked hard to purify myself from fallen nature and bad spirits."

[A Testimony from Mr. Y.Y., a 30,000-couple Japanese member from Higashi-Saitama]

"True Parents told us to read the book titled, "Understanding of True Parents' CP Providence" before we come to True Parents' Birthday. I was, however, only able to finish the book the day after the Ancestral blessing. After reading the book, I went to Jeongsim Won and offered a prayer of gratitude.

I first prayed to offer a repentance to my ancestors. I told them, "I'm sorry I left you in pain for such a long time." My ancestors replied, "Thank you very much for coming."

I then prayed about my personal problems. After going through many of my problems, the ancestors told

me, "Don't worry." When I continued to pray for assistance, I could feel the firm, yet approval gaze of Hyo Jin Nim from his portrait. He didn't say anything, but I could feel him telling me this: "You're not going to run away, thinking there's no solution? Remember: my life was even more difficult."

Hyo Jin Nim truly had to fight difficult battles throughout his life. He didn't give up, however, and his eyes were telling me to do the same. No utterance of word came from my mouth since that epiphany, and only tears rolled down my cheeks. After Hyo Jin Nim's encouragement, my heart was filled with both gratitude and repentance."

### **International President Sun Jin Nim's Special Rally (Feb. 12)**

The International President Sun Jin Nim spoke on the first day of the Great Works. Sun Jin Nim entered the room at 4:30 in the afternoon with thunderous applause from members filling the Cheonseong Wanglim Palace. To the attentive members, she said, "This holy place of Chung Pyung, and the Special Great Works programs, have been an essential part of Heavenly Parent's and True Parents ministry, and Heavenly Parent's providence of restoration. At this time, we celebrate the 45th anniversary of Chung Pyung Holy Ground, a place where True Parents offered their blood, sweat and tears for so many years, and where so many brothers and sisters have come to offer devotions in the Prayer Hall, Chanyang Yoeksa, and "wish paper prayers," while also participating in various workshops, and the ancestor liberation and blessing ceremonies, centering on True Parents, True Children and Dae Mon nim. These are "great works" in themselves."

She continued, "We are so blessed to have our True Mother leading us at this time. And our movement is blessed to have faithful sons and daughters such as yourselves." Like this, she encourage everyone there to fulfill their responsibilities.

### **True Parents' Birthday Event (Feb. 13)**

The historical "True Parents' Birthday Ceremony" was held at 10 in the morning of the second day of the Great Works in Cheongshim Peace World Center with 30,000 people. Members who came to the Great Work walked from the Training Center to the World Center with a longing for True Parents.

Members from around the world shouted and applauded out of joy every time after hearing a hopeful news for our movement. Sun Jin Nim's moving speech where she offered all the glory to True Parents helped members' heart filled with hope for the future.

The grace of this day spread out to the world via SNS platforms where members shouted "Lord has come!" The musical play, especially, touched the heart of the members, the testimonies of whom are as following.

"I cried at the scene where Hyo Jin Nim cried and a member sacrificing his life in a communist country for his missionary work."

"When I saw the death of the missionary who, in his moment of demise, said 'Please forgive this son who dies before his parents,' I felt a searing pain from the deepest depth of my heart. Seeing True Father's tears falling endlessly, I did the same."

**Special Chanyang sessions, Wish Fulfillment Prayer, and Ancestral liberation from 1 to 287th generations and blessing for 1 to 280th generations of ancestors**

The total of 9 chanyang sessions, 3 a day, took place during the Great Works period. Everyone participated in the chanyang sessions later gave many great testimonies due to True Parents' profound grace of automatic detachment of evil spirits, a grace made possible upon the foundation of the unity between Hyo Jin Nim and Heung Jin Nim as true Cain and true Abel.

[A Testimony from Mr. H.O., a 30,000-couple Japanese member from Tama-Tokyo District]

"I came to this Great Work to rid my son of evil spirits. He was hospitalized for 60 days before coming to

CP. I wanted to do anything I can do rid my son of evil spirits to stop his panic disorder, so he doesn't have to go back to the hospital. By Heaven's miracle, I was able to take 19 days off from my work, so I decided to stay in CP from January 28 to February 15.

Beginning from January 1 by the heavenly calendar, I saw True Father, Hyo Jin Nim, Heung Jin Nim, Dae Mo Nim, and Chung Mo Nim at the chanyang sessions held on the 5th floor of Chinhwa Education Building. True Father stroke my son's head as if consoling him for his pain. When Hyo Jin Nim's portrait was offered in Jeongsim Won, Hyo Jin Nim appeared to my son often. Hyo Jin Nim's voice is very much like True Father's. He also has similar body-type, and above all, his heart was just as deep and loving as True Father's. True Father appeared to my son during the ancestral blessing that took place on the third day, and told him, "You got rid of evil spirits well. You will surely be victorious. I will rid of your disability. Please have strength."

[A Testimony from Mrs. M.K., a 400 million-couple Japanese member from Kita-Aichi District]

"When I looked up at True Father's chair during the first chanyang session, I saw True Father who told me, 'Welcome. I've missed you.' I couldn't stop crying after that. My heart was filled with gratitude as I was reminded of the time when True Father visited my church."

[A Testimony from Mrs. Tanko Alina, a 360,000-couple member from North Gyeonggi District Cheongshim Church]

"I'm a foreigner who's been living in Korea for 13 years. My husband and I have always felt as if we were in the Garden of Eden whenever we visited CP. This time, however, we felt that we were even closer to Heavenly Parent. I could receive answers to my prayers in Jeongsim Won. It was truly an amazing experience.

I've come to CP at least one a month for the past 13 years. This Great Works was different. I could feel stronger love, and I felt as if I was at my home. I felt love, consolation, and comfort. I felt True Father's positive energy and his love. I could eliminate evil spirits more comfortably and happily. I felt a great happiness and joy surging in my heart. During True Parents' Birthday event, I could see True Father in the picture smiling at me."

Countless members from around the world were seen inside of Jeongsim Won filling out thousands of wish papers during the "Special Wish Fulfillment Prayer Session." The members who took part of the event experienced many of their wishes coming true.

[A Testimony from Mrs. K.T., a 30,000-couple Japanese member from Kita-Tokyo District]

"This is my first visit in a year, and I felt the warmth of Heavenly Parent during the special prayer session. Tears came out as I felt the close presence of Heavenly Parent. The prayer session was very special, and I truly felt Heavenly Parent's presence. I felt that Heavenly Parent truly do live with us on Earth.

I felt that "The Age of Workshop" has transformed into "The Age of Living Together with Heavenly Parent." The workshops in the past were very strict, but I sensed it with my own body that the love has come down. I felt warmth in the atmosphere. The atmosphere was completely different.

I felt as if Heavenly Parent, wanting to forgive me and love me, said 'I want to place my faith in you people again. Start again from couple, from family.'

Also, I felt that the spiritual world has become a calmer place when I looked at Hyo Jin Nim's portrait. Heung Jin Nim also looked more assured than before. It seemed to me as if Heung Jin Nim felt more assured that "the greater central figure (Hyo Jin Nim)" has come."

During the Great Works, 4,037 members applied for ancestral liberation, and 3,694 members applied for ancestral blessing. Many amazing testimonies were submitted after the ancestral liberation and blessing that took place on the third day. Some of them are shared as following.

[A Testimony from Mrs. K.W., a 360,000-couple Japanese member from Kyoto District]

"My husband's aunt passed away October 21 last year. That day, my daughter was praying at night. In the prayer, his mother appeared and said, 'We've become absolute spirits, but my son and daughters are suffering in a painful place. Please save them.' So my daughter went to her parents' house with all the devotion that she had collected. I was thinking of doing only the liberation, but decided after listening to my daughter's story to liberate my husband's aunt and her siblings.

I came to this Great Works to bless those spirits that I liberated. When the blessing session began, the

words "loyalty and piety" appeared before my eyes during the prayer session. Then when the officiator began to speak, my ancestors' house appeared with the word "Seonryeong-dang" in rainbow colors. After that word disappeared, a couple of cranes came to sight. That crane couple circled around many times before they ascended to Heaven joyfully. I felt as if those cranes were True Father and Mother. I felt that they were showing me what Heaven is like. When the ancestors exited the room, they joined hands making a circle, and ascended towards Heaven waving their hands. Everyone had a small something that shined. Looking the ancestors leaving so happily, I felt, 'Oh, the spiritual world is uniting like this to help the physical world.' True Parents represented by the cranes looked very happy, and I felt Heavenly grace from my ancestors who received the blessing. I made a determination to practice loyalty and piety to return the love and grace to True Parents by fulfilling my mission as a Heavenly Tribal Messiah."
