True Parents gave blessing with a new name 'HJ Cheon Won'

On the 5.27 of the 4th year of Cheon Il Guk in the heavenly calendar (solar calendar, July 1st), the special gathering for the announcement of the HJ Cheon Won was held in the banquet hall of Cheon Jeong Gung Museum at 9:30 a.m. 'Cheon Won' means 'Heavenly Garden'.

With True Parents attending, the FFWPU leaders and HJ Cheon Won leaders, overall around 300 people, attended the special gathering for the announcement of the HJ Cheon Won.

HJ Cheon Won is a new name of Cheon Won Complex, and "HJ" means Hyo Jeong (filial and affection). True Parent's address was as follows.

"Where did you all come from today? HJ Cheon Won is like the Garden of Eden that Heavenly Parents dream about for humankind. The people living there should be the one who don't have a shadow and become one with Heavenly Parents like high noon settlement.

Giving back the pleasure that we received to Heaven with one mind and one purpose, we should try hard to achieve one world which Heavenly Parents wished, and we should have a grateful mind every day and return gratitude to Heavenly Parents from the blessed position.

Cheon Il Guk citizens are living in the center of the Garden of Eden, so everyone who is working and living here must be a role model and the standard for the whole world. And, they should be admired by many people from all other countries. We are going to make them realize for themselves, "we must follow their life style and live as they live". Everyone here! You can do it, right? Let's do it!"
