February 7, 2018

CALL FOR PROJECTS

Is there a project you've been thinking about realising within your field of expertise?

Do you feel there is a skill you can contribute to your community or wider society, together with other like-minded people?

As part of the Cranes Club Annual Meeting, we will repeat last year's successful ***Project Incubators*** – a dedicated time within the schedule to help motivated individuals to publicise an existing project, develop a new project on a specific theme, and form working groups with other like-minded professionals within the Cranes Club network, creating specific outcomes and action plans.

This year there is also the possibility to apply for funding of up to 500€ for such projects.

If you have a project and would like to host an incubator session, please fill out a project proposal and send it to us: [cranesclubeurope@ gmail,com](mailto:cranesclubeurope@gmail.com)

The deadline for project proposals will be **Sunday February 25th 2018**.

More information and a project proposal outline can be found [here](#).

Best wishes,

Antto

On behalf of the Cranes Club directors

PROJECT PROPOSAL

1. Name

   Full name

2. Background

   Please provide a brief bio that highlights your <u>background, interest</u> and <u>expertise</u> relevant to your proposed project – this will be printed in publications.

3. Identify the issue you wish to address in your community/society

   Please provide a <u>clear description of the issue you wish to address</u> in your project – a more detailed outline of your issue will help to focus your project and attract potential collaborators.

4. Proposed project

   Provide a brief summary of your proposed project or initial idea. To the best of your ability, outline your:
   - *<u>main aims</u> (what do you intend on achieving?)*
   - *<u>methods/program of events</u> (what will the project be?)*
   - *<u>collaborator profile</u> (what kind of person could contribute to the project?)*
   - *<u>evaluation and follow-up</u> (how will you measure the impact of your project and sustain the outcomes?)*

5. Budget (if applying for funding)
