#UPF #AFP Ambassadors for Peace shared the weekend in the beautiful Cleeve House and Wiltshire countryside considering Universal Peace Federation's (UPF) principles and purpose. Cleeve House, placed in acres of fields and views undisturbed by modern power systems, was a wonderful venue for examination of UPF's founding and founder's vision.

Jack Corley and Robin Marsh were presenting UPF's vision with humorous interventions from host Carlo Zaccarelli. Guided by Margaret Ali, whose family evening took everyone out of their comfort zone, the group bonded in a way that all could express their gifts, passions and talents.
