

## UPF UK Peace Council: Reflect on 2021 - Plan for 2022

Robin Marsh  
December 12, 2021

Aiming to 'Reflect on 2021 - Plan for 2022' we gathered a range of our activities and branches to finish the year together. With Covid restrictions growing we reduced the in - person numbers by increasing our online involvement. From 2 pm - 4 pm Saturday, December 11th, the speech videos are being uploaded according to the order of presentations.

We are grateful for all those who gave their amazing support during this year. The annual coming together of the branches and the areas of UPF activity across the UK. It has been a strange and tragic year. Most of our activities have been online. We will begin by sharing with you the highlights of the 2021 events and the development of certain projects we are planning for the future. We will also bring UPF international news as well featuring the many developments during 2021.

BTW: See how you can join a sponsorship programme for UPF-UK in 2022 [here](#)

Leading up to this programme there have been small groups planning different events and activities for 2022. We would like to hear from these groups to highlight the activities in their area of expertise. We will present Ambassador for Peace awards during the afternoon. Please see the programme below and the 2022 Calendar.
