Dear Distinguished Community Leaders and Ambassador for Peace,

The Universal Peace Federation USA cordially invites you to the 40th Anniversary of UPF Founder Rev. Sun Myung Moon's historical speech at the Washington Monument on September 18, 1976 in celebration of America's bicentennial.

He declared in front of 300,000 people, ***“I respect and truly love America as a great nation, the central nation in God’s Providence.”*** He said, ***“At this crossroads of human history, we must listen to the calling of God. God prepared America for 200 years. This is the time for awakening.”***

The idea of a "Peace Road" or an international highway that physically

connects all people of the world together, was the enduring vision of the founder of UPF, the late Rev. Sun Myung Moon. In 1981 at an international science conference in Seoul he suggested the construction of a highway between Korea and Japan, two former enemy nations, and from 2005 onwards he began to advocate a more ambitious project: the building of the “Peace Tunnel” to cross the Bering Strait.

The tour starts at 2PM. Register at www.peaceroadusa.org
