Dear WFWP-GWPN members, friends, and supporters,

In today's fast-paced and often fragmented world, the essence of motherhood offers a hopeful outlook, encouraging us towards a more inclusive and balanced approach to leadership. Reverend Dr. Sun Myung Moon and Mother Moon, Co-founders of WFWP, have long emphasized the profound significance of mothers in shaping not just families, but societies and the world at large.

Yet, despite its undeniable importance, the maternal presence remains conspicuously absent in contemporary leadership narratives, leaving a void that needs to be filled. Mother Moon, revered as the Mother of Peace and the Mother of the Universe, embodies this maternal mission, advocating for a more holistic leadership model that integrates both feminine and masculine energies. Her vision extends beyond the family unit, encompassing a global perspective that

recognizes the need for nurturing qualities such as empathy, compassion, and inclusivity in leadership.

In this forum, speakers will offer their insights into the perspective of motherhood, acknowledging the profound and multifaceted impact of mothers. Join us in celebrating the legacy of Mother Moon and embracing the maternal heartbeat that resonates within each of us, shaping a world guided by love, empathy, and unity.

May 23, at 5 PM PT/ 6 PM MT/ 7 PM CT/ 8 PM ET

We invite you to join us and RSVP below:

Sincerely,
WFWP-GWPN USA
