Shigemune and Yoshi Mori

Immediate prayer is needed to help find Shigemune Mori, our second generation brother who fell from his boat into Long Island Sound on Sunday and is still missing.

This is Nathan and Debbie Loews son in law and Yoshi's husband and father of two young children with one on the way.

The search by the police officially ended less than 24 hours after he was last seen. We are asking for prayer to extend this search by divers until his body is found. Please keep this in your prayers. Also prayers are needed for his wife Yoshi and their children.

Thank you everyone.
