Belvedere Community Garden Project

Mika Rothstein is organizing this fundraiser.

Created 5 days ago • Environment

Hi! I'm Mika Rothstein and I'm a part of the Belvedere Family Community where we have been working on building and growing a garden the past few months. This project has been a dream of mine for awhile now and it has finally come to fruition. Within the right place and time, I was able to connect with others who also dream my dream as well. Together we have embarked on this journey to renew our community garden.

We will be hosting a Spring Festival event on April 22, 2023 which happily coincides with earth day, to invite anyone who would like to contribute their effort into this project.

We have the basic foundation for growing all the veggies, herbs, etc. Though, we need your help to keep the momentum going, and to be able to gather all the resources we need to keep growing. Our goal is to reach \$2k to host the Spring Festival Event and to keep going forward.

By helping us raise money to create and renew the Belvedere Community Garden will not only help my team specifically for this event, but to help ALL of us in creating a better environment, a hopeful future for generations to come and most of all, a community that overflows with abundance, love and service.

We appreciate any and all donations!
