

President No Hi Park's Tour, Asia Forum, the best, safest seafood of the highest stand

May 30, 2013

Based on its years of experience and skill in the pristine region of Jeju Island, Asia Forum has experienced steady development in frozen fish sales, the production and sale of both edible and commercial use ice and flatfish farming. Based on the wellness mindset, consumers are always provided with the best quality, safest seafood of the highest standards.

Arriving early in the morning to Jeju Island, President No Hi Park and his entourage visited the Asia Forum headquarters and received a report. After the report, they headed for Segwipo and visited the Namwon Training Center there.

Afterwards, they visited the Asia Forum fish farm, the Pyeongnong tangerine factory and the Seogwipo Tongil Hall, which concluded the visit to Jeju's Asia Forum.
