Now Joab the son of Zeruiah knew that the king's heart went out to Absalom. And Joab sent to Tekoa and brought from there a wise woman and said to her, "Pretend to be a mourner and put on mourning garments. Do not anoint yourself with oil, but behave like a woman who has been mourning many days for the dead. Go to the king and speak thus to him." So Joab put the words in her mouth.

When the woman of Tekoa came to the king, she fell on her face to the ground and paid homage and said, "Save me, O king." And the king said to her, "What is your trouble?" She answered, "Alas, I am a widow; my husband is dead. And your servant had two sons, and they quarreled with one another in the field. There was no one to separate them, and one struck the other and killed him. And now the whole clan has risen against your servant, and they say, 'Give up the man who struck his brother, that we may put him to death for the life of his brother whom he killed.' And so they would destroy the heir also. Thus they would quench my coal that is left and leave to my husband neither name nor remnant on the face of the earth."

Then the king said to the woman, "Go to your house, and I will give orders concerning you." And the woman of Tekoa said to the king, "On me be the guilt, my lord the king, and on my father's house; let the king and his throne be guiltless." The king said, "If anyone says anything to you, bring him to me, and he shall never touch you again." Then she said, "Please let the king invoke the Lord your God, that the avenger of blood kill no more, and my son be not destroyed." He said, "As the Lord lives, not one hair of your son shall fall to the ground."

2 Samuel 14:1-11

Eve was to be the wife of God. This is so because Adam was supposed to become one with God, so he would become God Himself. Satan violated God's wife. Satan is God's enemy and our enemy. SMM, CSG 1141

Dear

Hyung Jin Nim started the service by discussing the passage in 2 Samuel 14 in which King David is manipulated by a woman who pretends to be a widow pleading for the life of her son but is actually coached by a general representing David's son, Absalom, who had killed his brother, Amnon.

Hyung Jin Nim commented that David should not have reacted emotionally. For example, in a survival situation, it's important to sit down, drink water and think clearly. Instead David did react emotionally and it created havoc for his kingdom.

After True Father's passing Hyung Jin Nim was asking the Han Mother to think rationally about the consequences of changing Father's words, but to no avail. Now the name of the church has been changed, confirming that she has created a new religion.

Parenting is like ruling a kingdom. Train yourself not to react emotionally. You will pay when they are teenagers if you guide by emotion and anger or nagging, instead of ministering to them. Don't think your children will be educated by the church. The purpose of the church is to empower parents to act as priests at home.

If children say they are bored, they can create a list they made of things to do when they're bored. Hyung Jin Nim is training Shinjoong, anointed by True Father to be the 3rd King, in apologetics. He is doing his own research. Hyung Jin Nim had him teach the family about the argument for God from physical necessity.

Since we live in an atheistic culture it's important to prepare our children. Instead parents often give your children to be educated by the secular state.

Even the 36 blessed couples emphasized their children having secular success in the public schools. It's a bad assumption that your children will automatically believe that God exists. We should not underestimate the enemy. Instead we should help our children to be prepared to challenge secular ideas. Encourage them to practice debating. If they still choose atheism, at least they cannot pretend it was for rational reasons.

Top level theists have debated leading atheists and won. Under True Father, Hyung Jin Nim was training youth to debate atheists. All that was stopped under the Han Mother.

Read a book or watch a video by leading apologists like [William Lane Craig](#), [Albert Plantinga](#) or a new one like [Sean McDowell](#), together and then have a discussion about why or why not it was convincing. If you send in questions to Reasonablefaith.com they will respond. One encouraging trend is that in the world of philosophy, theism has been growing since the 1990s.

It's natural for children to have doubts. Don't get upset. Remain calm. Seek for a rational answer. If you're not sure how to respond, you could say, "that's a very good question, let's talk to an elder/pastor about that."

God has made us kings and priests. Public education supports the power of the state. Ninety percent of those teaching in universities are supporters of Democrats/leftists. They invariably promote "sexual rights" education and the free sex culture, which is very alluring when you are young.

That is why we cannot give centralized power to anyone in the nation of Cheon Il Guk. The King has influence on the Supreme Court, but no power over the military, Congress or spending.

Keep on developing yourself to become a better teacher/counselor and resource.

California used to be conservative, but its culture today is completely different. Craig Sawyer's [Vets for Child Rescue](#) urges parents to be vigilant. Sex predators are active on the Internet. Know what platforms your children are using. You wouldn't send your children to a dangerous park by themselves, but the Internet is full of predators.

As is stated in 1 Corinthians 10:13, God will give you a burden so that you can overcome it, not avoid it. Studying the scripture is supposed to challenge us to improve and develop. Never stop developing while you're alive on earth.

Have a friendly debate. It's like learning a new martial art. The reason Communism is so evil is it attacks and penalizes faith in God. **If we are not prepared to counter it intellectually, then that's a big hole in the Cheon Il Guk Kingdom. We need to know both the physical rod of iron AND the spiritual rod of iron.**

"THE CSG HAS TO BE KEPT FOR TENS OF THOUSANDS OF YEARS FOR YOUR DESCENDANTS.. THAT'S WHY NOBODY SHOULD TOUCH IT" TRUE FATHER.

Introduction by Peter Daly

In this 3 minute video clip Hyung Jin Nim makes it clear that Father was a public person, and he left his words for all the public. Not just for any organization such as the FFWPU to use to create its own theology that Father never believed in.

Hak Ja Han and the FFWPU leaders have taken possession of Father's words and videos of his sermons and speeches since Father died, and they have been changing Father's words. They made a "new" fraudulent CSG book, just so they could leave out Father's words such as the content of pages 1179, 1141, 2530, that don't support Hak Ja Han's new false theology!

As Father's chosen heir and successor, Hyung Jin Nim created the Sanctuary Church, for the purpose to protect and preserve Father's words and traditions.

Hyung Jin Nim's Deposition: "Holy Documents"

Father made it very clear that his words should never be touched or changed, especially the CSG book, which he compared to the Bible, that needs to be studied for tens of thousands of years:

"Cheon Seong Gyeong has to be kept for tens of thousands of years for your descendants. If Christianity had the Bible which Jesus left, would they have sectarian fights? Because of this (Cheon Seong Gyeong), you cannot have sectarian fights." (4/19/05)

"Also, I don't want anyone newly changing [or editing] anything among the things I wrote. They don't know why the content is the way it is. If they change the content without knowing, then they will be judged by everyone when they go to the other world. They will be charged for it. That's why nobody should touch it." How and Why I Joined Sanctuary Church

A Personal Sharing from Beatrice Clyburn, Warsaw, Poland

1- HOW I JOINED SC (my husband walked his own road too- which luckily ended up at the same point!)

-October 1996 our American/French family came to Poland as national messiah. 20 years in Poland as pastor (UTS '83), European 15 day WS lecturer, counseling, etc...

-Fall of 2007 Hyung Jin Nim began his ministry at Mapo Church. I started transcribing his sermons at that time. First he gave us new hope. Then he made so many conditions and inspired us to follow. So I did, the fasting, the 21,000 bows... Through transcribing I

was getting into his heart during his process of recognizing that his father was the Returned Christ, and his Savior. Many tearful hours! Their father/son relationship moved me so deeply- which then became the central axis of the church. I could imagine how proud True Father was of his son; how much hope Hyung Jin Nim gave Father. During that time, in the Warsaw HQs church that I was pastoring, it was actually the International President that was our Pastor! For 2 years, I also headed a prayer ministry in his international online ministry.

-During this time we were also watching the Korean drama Jumong, the history of the founding of the Korean Kingdom of Koguryo (37 BC- 668AD). I felt I was watching the founding of CIG, with Jumong and Haemosu (his father), playing the part of Hyung Jin Nim and True Father. One day a shocking thought zoomed through my head: "In the CJG Palace they must have to restore all these historical palace intrigues!"

-Shortly after January 18, 2015, God guided me to find "Breaking the Silence!" and my world shattered. Such a shock! But I did get my answers about the palace culture! From then I did not miss any sermon- some of them inspired me so much, I watched several times in one week! I even transcribed five sermons in the spring of 2015.

- I could never accept the OBD theology; I knew it was against Fathers' teaching ... But it took 21 months of 'nights of the soul', constant conditions, two 7-day fasts to finally leave FF! Why so long?

* I could not imagine leaving all that foundation that we made for 20 years, all these people that we cared for. We were responsible for them! Maybe we could stay underground? So all my sermons then were only about Father.

*It took me a while to change some of my concepts about love and understand that if you love you must hate evil!

*I wanted to leave with Amos, my husband, and he too was not yet ready.

I remember my last sermon, "The Cost of Discipleship," based on Dietrich Bonhoeffer's book and example. God was calling us to a new level of discipleship and we had to heed the call, regardless of the cost ('costly grace')! And our deep joy and hope when my husband and I joined SC the next day; the feeling of freedom and victory finally able to answer our call from Father after almost 2 years on this battlefield of the soul!

(Rest of Bea Clyburn's Testimony)

May God bless you and your families!

Sincerely,

Richard

2- WHY WE ARE ACTIVE IN SC?

TRUST: After all the years transcribing the King's words, **I trust him**. My husband does too. His total focus is to make True Father happy and proud, and to establish God's Kingdom on earth centered on God's lineage. / His trust & oneness with Father. / His courage, righteousness, honorable character as a son who would rather end up exiled in the PA wilderness, with his True Cain, than betray his Father and Savior. / The King's love for Jesus! His deep respect and understanding of the Bible, that without this hermeneutic grid we cannot understand True Father. / He challenges us intellectually, theologically, philosophically. Has practical solution. / The King & Queen have a wonderful, united, exemplary family. / The King's appreciation for the old-timers who have lived their lives in attendance to True Father, and his need of us as Warriors in the army of the King of Kings! / The Rod of Iron: of course if you build an earthly kingdom, you'd better defend it! For me that's kind of a no-brainer! / All the education he gives us & the world, to create God's Kingdom on earth. / A man's man, a coach, afraid of nothing, of neither hard work, nor training, who demands the best of himself & others on all levels. /

TRUE CAIN & ABEL: The love and support of Kook Jin Nim towards his younger brother and King blows my mind! God never saw this in human history! I see him through the tears he shed during True Parents' cosmic blessing. / The King's and Kook Jin Nim's deep appreciation for the Founding Fathers, the US Constitution, for God's plan for America, and hence the Constitution of CIG! / Their courage in fighting society's evils. / The True C/A's respect and love for people in society who are also fighting against Satan's culture. Through their honorable character, their unity, their testimony about True Father and his CIG teaching, they are attracting righteous and/or Christian warriors. This is amazing to watch; it gives my husband & me great hope and reinforces our resolve to help.

OUR TRUE MOTHER: In the Unification Church Mrs. Hyun Shil Kang was the woman I respected the most. In WSs I always taught about her moving life of passionate attendance to Jesus and Father. That is why I transcribed all her words on the King's Report before she even became our True Mother! How much she is comforting True Father; how much True Cain and Abel love her because of that!

PLUS: We were raised by AAs. Now the King is challenging our many warped understandings and practices. I have had to wrestle with some of the education he has given us. But trust being my bottom line, when I sincerely study, listen, and pray, eventually I surrender! Living in attendance to and the presence of True Parents & the Three Kingships is a blessing we and our ancestors could not have dreamed of. Every day we wake up, and know that we are building God's nation on earth! Doesn't that blow your mind????
