

## Rescuing the Founding Vision of America!

*You who love the Lord, hate evil! He preserves the souls of His saints; He delivers them out of the hand of the wicked. Psalm 97:10*

*America's greatness and pride stem from God. With Him, America deserves the blessing and can remain as the mightiest nation. With God, you can preserve your dignity and the leadership of the world. If you allow God to leave America, however, this nation will decline; it will be subjugated by satanic hands. When this happens, the future of America will be dismal, tragic. America will become a living hell.*

*When God's blessing is great, and one forsakes God's will, God's punishment is equally great. In the early 1960s, America seemed to be the hope of the world, and the symbol of America was the city of New York. Today, however, the world has lost faith in America, and New York has become a jungle of immorality and depravity. It has been transformed into a city under the attack of evil. Chicago is no different, nor Los Angeles. Throughout all of America, Satan is becoming the master. God has been forgotten in this country, and if forgotten, God can only leave America. Now is the very moment that this is taking place!*

*When the unifying force of God leaves America, nothing will be able to hold America together. The family will break down; churches will divide, and America will become mortally ill because the cells of her body are decaying. This will be the perfect opportunity for the evil of communism to overtake America. This state of emergency is here now. Someone must do something! SMM, June 1, 1976, Yankee Stadium N.Y.*

Dear

Hyung Jin Nim started the service by thanking those who participated in the statewide "OPEN UP! STOP THE LOCKDOWN1" rally in Harrisburg which was attended by several thousand Pennsylvanians and in the

[Pike County rally at the Courthouse in Milford.](#) Both rallies called upon Governor Tom Wolf to end the lockdown which has thrown hundreds of thousands out of work and bankrupted countless small businesses.

Hyung Jin Nim invited Andy Hallinan to speak. Andy is the owner of a gun store in Iverness, FL who has given NRA self-defense training to more than 30,000 people along with his motto, "Get armed! Get trained! Carry daily!"

Andy spoke movingly about his own search for real Christianity and about his concern that his 7 year old son Steven would grow up in a free nation.

Everyone is looking for Purpose, Acceptance, and Love. The *Rod of Iron Kingdom* message will do that for thousands of patriots and Christians seeking to understand what they can do to save our nation during this time of ferocious attacks on its existence, identity, and freedoms.

America is unique in human history in that it is not founded on an ethnic or even geographical identity.

Anyone who accepts the founders' vision of "God-given rights" can be accepted as a citizen entitled to full legal rights.

### Sanctuary Sanctuary Church Sunday Service 5/17/20

Andy discussed True Father Sun Myung Moon's historic speech at the "God Bless America" rally in 1976, with its message that America is threatened by Communism, immorality/family breakdown, and racial divisions. Statist "Progressive" ideologies are willing to sacrifice or even kill individuals for the benefit of the nation or "revolution."

### SMM God Bless America Festival 1976 Selection

The 2016 presidential election halted the progressive march towards socialism but the election of 2020 will determine whether this was a temporary interruption or a substantial reaffirmation of Americans' rights to life, liberty and property that include freedoms of speech, religion and self-defense.

Patriots need to understand that these are rights of ALL human beings, not just Americans, and be ready personally to defend these rights at the cost of their lives, if necessary. Beginning in mid-June a *Rod of Iron Kingdom* home study course will be made available to patriots around the nation.

### Hak Ja Han Crosses the Finish Line, Alone

On May 8, 2020 the Only Begotten Daughter told Unificationists that ONLY she, not True Father, crossed the finish line, saying:

*For 54 years True Parents have been running this marathon. In 2013, on January 13, True Parents (Hak Ja Han) proclaimed Foundation Day and who guided everyone (across) the finish line? ONLY True Mother crossed the finish line.*

The Han Mother also told those who had gathered on May 8 that from now on the True Parents Day will not be celebrated as before. Instead it will be absorbed into the day that matters to her, the one on 3.16, commemorating the Holy Wedding of True Parents. (Starting at 39:00 in the [iPeace TV video](#)).

### 5/8/2020 HJH Calls True Father a Failure Whom She Forgave

It makes sense if you think about it. She teaches that she was born sinless and that on 3.16.1960 Sun Myung Moon's Original Sin was removed when he married her.

On July 1, 2014 at the Cheon Jeong Gung Palace she said, "**The process of changing the lineage occurred while I was in my mother's womb. This is something you have to believe.**"

On December 30, 2016, Mother said at a meeting at the Cheon Jeong Gung palace with 200 wives of families who received the Holy Blessing between 1960 and 1968:

**"Father, who was born with original sin, could have that original sin removed as a result of meeting me, the only begotten daughter born into this world without original sin. Father was not supposed to marry any other woman before meeting me."**[i] [i] "Parents' Special Gathering for Early Woman Leaders"

[familyfedihq.org/2016/12/true-parents-news-weekly-update-108/True](http://familyfedihq.org/2016/12/true-parents-news-weekly-update-108/True)

Definitely the only day the Mother of Peace wants us to remember, instead of, for instance, October 14 when True Father was liberated from the Hungnam death camp, when she was just a 7 year-old.

Certainly she does not want us to remember why the Perfection Level Blessing could not be performed in 2011, even though leaders from all over the world had already gathered on True God's Day to observe it... The erasure of True Father's words, lineage and traditions is now complete. If you think about it, it was actually fitting that all of the church leaders' mouths were covered by Covid 19 masks.

As noted in an essay by Nikolaus Beutl, exactly one month before his ascension True Father had his last Hoondokhwe meeting where he spoke about his wife, as discussed in a [short Korean-language video](#). Nikolaus writes:

***On that day of August 3, 2012 he stated clearly that, "Mother threw away all the foundation (root, base)." When you watch his gesture while saying this you can see that he is truly upset and sad,***

*whereby he is turning his hand to express what he is saying: Everything was thrown away by his wife. By turning his wrist 180 degrees he is showing what she has done: to reverse everything.*

*At that time Father knew already more than anybody else what was on the heart and mind of his wife, that she was out to change everything to the opposite. That attitude became clearly visible in the years that followed where she put herself up as the true savior who liberated the Lord of the Second Advent from his sin, setting herself up as the sinlessly born only begotten daughter who is the true Mother of the Universe.*

*At that final public meeting Father asked the question, "Who is the Owner? Who is the Head?" and he emphasized: "Woman CANNOT be the Head! This all became upside down!"*

*If you speak Korean you can see the kind of language True Father used when he expressed his*

*distain about what his wife had done: "She threw away the grandfather and the grandson!" Obviously, Father was referring to himself as the grandfather and his grandson Shin Joon Nim who lived with True Parents at that time.*

In 7 short years, we have to admit, Hak Ja Han HAS succeeded. She has succeeded in declaring a FAKE HISTORY that does not include True Father's anointed lineage, or the 8 Great Textbooks that he approved, or many of the meaning-laden traditions that he created. Equally shameful is the fact that this fake history is accepted by the silent sheep in the "Holy Parents Church." A betrayal both shameful and sad...

## **Human Trafficking and Modern Slavery**

by Marie Koh

In this incredible age of the internet where the purchase of goods online is but a click away from a lap-top, a virtual world of the indulgences of the flesh emerges; it is one of a much darker kind - the cybercrime of child sex trafficking.

This heinous criminal activity of 'selling and buying' of online sex trafficking has found its way into the home of almost anyone who possesses a computer device. This underworld of internet perpetrators operates in broad daylight every day under the guise of dating agencies, video game chat rooms, forums, and websites of all kinds. A perpetrator has the ability to reach a child without the consent of a parent or being recognized as a threat. In addition to this, pedophile rings circulate in rich and poor neighborhoods alike, they can pose as a 'friend,' relative or neighbor. They can be living on your street, work at your local food store, school, a favorite charity organization, and many times, they just look like regular folks.

Tragically, human trafficking is big business. It generates a staggering \$150 billion dollars per year in revenue, second only to drug and weapon trafficking worldwide. A trafficker can earn up to \$250,000 per trafficked person, a highly profitable enterprise with low risks to the perpetrator. Approximately 25 million people around the world have been deprived of their rights and freedom due to human trafficking. For too long,

traffickers have been allowed to move and exploit humans with impunity, even within their own country of residence where it is estimated that 77% of victims come from and are exploited.

Veteran Navy SEAL "DEVGRU," Sniper, Graig "Sawman" Sawyer, founder of vets4childrescue.org explains that child sex trafficking makes more revenue annually than Netflix and YouTube, and warns society that there is a thriving epidemic of child sex trafficking happening in the United States and around the world. His documentary, [Contraland](#), exposes the proliferation of pedophile rings across states and what can be done to end this cycle of terror in our communities.

## **What Does Human Trafficking Look Like?**

The United States regards “trafficking in persons,” “human trafficking,” and “modern slavery” to be interchangeable umbrella terms that refer to both sex and labor trafficking. The Trafficking Victims Protection Act of 2000, as amended, and the Protocol to Prevent, Suppress and Punish Trafficking in Persons, Especially Women and Children, supplementing the United Nations Convention against Transnational Organized Crime describe this compelled service using a number of different terms, including involuntary servitude, slavery, debt bondage, and forced labor.

The Palermo Protocol defines “trafficking in persons” as:

*The recruitment, transportation, transfer, harboring or receipt of persons, by means of the threat or use of force or other forms of coercion, of abduction, of fraud, of deception, of the abuse of power or of a position of vulnerability or of the giving or receiving of payments or benefits to achieve the consent of a person having control over another person, for the purpose of exploitation. Exploitation shall include, at a minimum, the exploitation of the prostitution of*

*others or other forms of sexual exploitation, forced labor services, slavery or practices similar to slavery, servitude or the removal of organs.*

Child soldiering is also considered a form of human trafficking when recruited unlawfully through force, fraud, or coercion to work as messengers, guards, medics, cooks, or porters. Many child soldiers are used for combat in rebel groups and are often sexually abused.

### **Top Nations for Human Trafficking**

This is what Geoff Rogers, co-founder of the *United States Institute Against Human Trafficking*, said in an interview with Fox News. “We have a major issue here in the United States. The United States is the number one consumer of sex worldwide. So we are driving the demand as a society.”

He goes on to say, “ We’re also driving the demand with our own people, with our own kids, so there are tremendous numbers of kids, a multitude of kids that are being sold as sex slaves today in America. These are American kids, American born, 50% to 60% of them coming out of the foster care industry.”

A report by the U.S. Department of Health and Human Services shows that more than 300,000 of America’s youth are vulnerable to sex trafficking, an estimated 199,000 cases arise within U.S. Borders every year.

The most disturbing fact about human sex trafficking is that age holds no boundaries - Brook Bello, founder of [More Too Life](#) from Florida says, “ We work with victims that are 3 years old and up. The average victim that we work with, that’s over 18, started being raped at three. Trafficking in America, if you are trafficked in the United States, 85% of victims that are trafficked here are from here.”

According to Fox News, the State Department reported, the top 3 nations of origin for victims of human trafficking in 2018 were the United States, Mexico, and the Philippines.

Human trafficking also targets countries plagued with poverty, war, and oppression such as:

Bangladesh - where forced prostitution, forced labor, organ, and ova egg selling is the norm. People are trafficked to India, China, and other countries. Some of the worst human rights abuses occur.

Brazil - women are trafficked into prostitution for tourists’ demand. Men are trafficked into forced labor with low pay.

Haiti - is a tourist attraction who come from the U.S. And Europe. Human trafficking is huge, there are various forms of slavery and prostitution with girls as young as 12 who are paid \$1 in exchange for sex with a tourist. Orphanages are vulnerable to human trafficking and foster care systems and homes.

Pakistan - bonded labor is common where trafficked people work in factories, industries, mines, or farms. Prostitution rates are high.

India - forced labor, prostitution, forced organ selling is very high. Many girls are forced to become surrogate mothers and child trafficking is frequent. They are forced into the workforce, street begging, and child sex trafficking.

Sri Lanka - for prostitution and military forces. Children often used in war, sexual exploitation, or domestic labor.

Nepal - almost 10,000 Nepali women and girls are trafficked into India each year. Children are often used in the labor force. Nepal has many human trafficking routes that connect to countries around the world.

Uganda - Poverty drives rebels into trafficking young boys into the military where sexual slavery of girls and organ selling is common.

Ghana - Ghana is poor but has many mines rich in gold. Trafficked children are forced into hard labor in the mines, fishing, agriculture, and or prostitution.

China - The urban-rural gap is huge in China and human trafficking is used for forced labor or prostitution. Poor people are paid very little for their labor and are often exploited overseas. In recent years organ selling has become prevalent as well as human rights abuses in prison camps.

It cannot be denied that human trafficking and child sex trafficking, in particular, have a catastrophic impact on society at large. The physical and psychological damage caused is often irreversible and can lead victims to self-deprivation and ultimately, suicide. Human trafficking undermines national security, especially, in countries with 'open border' policies with globalist and socialist agendas; it skews markets and promotes transnational crimes and terrorism.

Human trafficking is a global problem and because governments across the globe are reluctant to address the issue when it happens in their own country, the exploitation of adults and children continues to grow. If domestic laws are not applied and enforced the business of human trafficking in all its forms will continue to thrive.

In ending, I want to take a moment to thank all individuals, charity organizations, Christian churches, patriots, first responders, and the President of the United States, Donald J. Trump, and his team for committing to saving the unborn and the vulnerable among us.

President Trump's declaration when he joined office:

*NOW, THEREFORE, I, DONALD, TRUMP, President of the United States of America, by the virtue of the authority vested in me by the Constitution and the laws of the United States, do hereby proclaim January 2020 as National Slavery and Human Trafficking Prevention Month, culminating in the annual observation of National Freedom Day February 1, 2020. I call upon industry associations, law enforcement, private-businesses, faith-based and other organizations of civil society, schools and families, and all Americans to recognize our vital roles in ending all forms of modern slavery and to observe this month with appropriate programs and activities aimed at ending and preventing all forms of human trafficking.*

*"Our country will not rest until we have put these vile organizations out of business, and rescued every last victim - and we will not stop until we have stamped out the menace of human trafficking once for all."*
