

The Kingdom Suffered Violence and Violent Take It by Force

This will be my third visit to you. "Every matter must be established by the testimony of two or three witnesses." I already gave you a warning when I was with you the second time. I now repeat it while absent: On my return I will not spare those who sinned earlier or any of the others, since you are demanding proof that Christ is speaking through me. He is not weak in dealing with you, but is powerful among you. For to be sure, he was crucified in weakness, yet he lives by God's power. Likewise, we are weak in him, yet by God's power we will live with him in our dealing with you. 2 Corinthians 13:1-4

Do you think the Defense Department can safeguard God's world? Don't trust it too much. You can only trust the heavenly forces that are dedicated to God's purpose. Our young people should be trained in every way physically. In a final war against the satanic force it will be a life or death battle. In order to safeguard the heavenly side we may need to become soldiers.

It is Satan's nature that once he feels he is in a superior position he will attack. Is it a crime to defend yourself and the heavenly nation? You should not have some naive concept of Christian love; that does not apply in a confrontation with Satan's forces, which are determined to destroy God's world and God's people. If God has no power to defeat a satanic attack then He is no longer God. As God's force, we shall be able to defend ourselves and to defend the godly world. We are a different kind of religious leadership.

Dear

Hyung Jin Nim started the service by discussing how assassination of political leaders has been the norm in human history. Billionaires have been investing to defeat him. We shouldn't think they would not be willing to support the violent removal of President Trump.

This year, when we will hold the Book of Life Registration Blessing on October 14, is the 70th anniversary of True Father's release from Hungnam prison when U.S. airplanes bombed the walls of the prison.

The Cheon Il Guk constitution bans a "war on drugs," which creates black markets and incentives for gang-related crime. Illicit drug use should be fought by high level parenting and investing in your children.

The Bible tells us that God loves us, but it's important for parents to spend one on one time with children when they are young to express that and to build rapport. Family bonds are strengthened through personal relationships.

Some Christians think they can do whatever they want, but Matthew 27 makes it clear that believers will be judged. Jesus taught us, "If you love me, follow my commandments." We are not saved by our works, but we do the right thing because we love Christ. We often compare ourselves to the standard of other fallen people, but not to God's standard.

All of us have sin, which is why we must all repent. The Greek word metanoia means to change our mind. When you're a toddler you might put dirty things into your mouth, but when you're in your 20s you have no desire to do that. In the spirit world we will still have free will, but no longer desire to do evil things.

Psychologists say you will become like the 5 people you spend the most time with. Make sure that God is one of those 5 persons!

Homosexuality and infanticide are more ancient than Judaism and Christianity, but public schools teach that these are "modern." The media constantly tells us that we must believe in "tolerance," but where is the tolerance for those who believe in God's commandments? They promote the idea that you can create your own morality, but God is the source of morality. Hitler believed he was a higher consciousness being, an "uber mensch" beyond good and evil, but Christ came to reveal, judge and solve our sin.

"Higher consciousness" in itself is not what gives us value. The culture of most universities is licentious, saying that we should do what feels good. That is hedonism. Low-level relationships damage our hearts. People who focus on their own desires never develop unselfish communication and conflict resolution skills.

It's important to coach and witness to your children. We should make families that are like a strong SWAT team, training and working together. Educate your children about the reality of good and evil. You could read Karl Marx along with freedom-based thinkers such as Locke and Montesquieu so they can see the difference. The picture of a real man is Christ, the Bridegroom, who never abandons his flock. Sex is anointed in marriage. Even though there are higher rates of child abuse where the father is absent, tyrannies want to divide families. Many colleges ban conservative speakers who promote self-reliance, marriage and responsible parenting.

Following your feelings will ruin your life. Watching soap operas and TV dramas encourage this and can lead women to coveting other men.

God used the Babylonians and Assyrians to punish the Israelites when they defied Him. God does not play favorites with in-group preferences. Instead He pursues justice. America is not immune from judgment. If it remains an apostate country, He will be forced to judge it and remove His hedge of protection.

The early pilgrims prayed and dedicated their community to God, but now prayer is banned in our nation's schools and 70 million babies have been murdered. [One in four women have murdered their own child.](#)

As it says in Matthew 11:12, the Kingdom of God has suffered violence, and the violent take it by force. We are still weak, but in God we are strong. We must not have comfort with sin. Christians must condemn, in love, what

the Bible condemns. Not with lethal force, but praying for those struggling with sin. There is ethical use of lethal force in the heavenly kingdom. The vast majority of gun-owning people do not escalate fights and are taught how to use power responsibly.

Patience and forbearance are gifts of the Holy Spirit. In Christ, we have an unbeatable purpose and power, fighting for a Kingdom where all will be free.

Icons of Evolution and Zombie Science

By William Brunhofer, Former Assistant Professor, Unification Theological Seminary

Jonathan Wells' remarkable twin works, *Icons of Evolution* (2000) and its sequel, *Zombie Science* (2017), debunk the top 16 arguments of both the classic and recent "icons" upon which the Darwinian theory of evolution hinges. Wells writes: "Empirical science is devolving into zombie science, shuffling along

unfazed by opposing evidence. Discredited icons of evolution rise from the dead while more icons - equally bogus - join their ranks. Zombies are make-believe, but zombie science is real - and it threatens not just science, but our whole culture." (Wells 2017)

Indeed, this threat to "our whole culture," as he says, is easily seen as all

the philosophers and practitioners of militant materialism, chiefly Marx and his early followers, Lenin, Stalin and Mao, as well as, Ho Chi Min, Kim Jun Un, and so many more modern-day disciples everywhere in our political class who have hitched a ride on Darwin's "discredited" train of claims with its caboose, the new claims of the Neo-Darwinists. Like a religion with its Book (Origin of Species), its Canon (16 claims or "Icons"), and its Hero-Saint (Darwin), along with its Prophets, Priests and would-be Kings (Lenin, et al), the Darwinian "fact train" of "evidence" lumbers on. And Jonathan Wells reveals in a painstakingly scientific and scholarly way, the false claims, fakery and bare lies that populate the origin, canon and big idea of the great hero-saint, Charles Darwin, and his triumphant followers.
