Now on the twenty-fourth day of this month the people of Israel were assembled with fasting and in sackcloth, and with earth on their heads. And the Israelites separated themselves from all foreigners and stood and confessed their sins and the iniquities of their fathers. And they stood up in their place and read from the Book of the Law of the Lord their God for a quarter of the day; for another quarter of it they made confession and worshiped the Lord their God. Nehemiah 9:1-3

In this historic time of the Last Days, we are not people who wear fancy clothes and eat to our fill. We must become people who can persevere and serve humanity on behalf of history. We must go the opposite way. Only then will it be fair. We must oppose any ideology that has used its sovereignty to take people's lives. Such a time must come. History must inevitably pass through this process. Otherwise its path will be blocked. SMM, CSG 2311

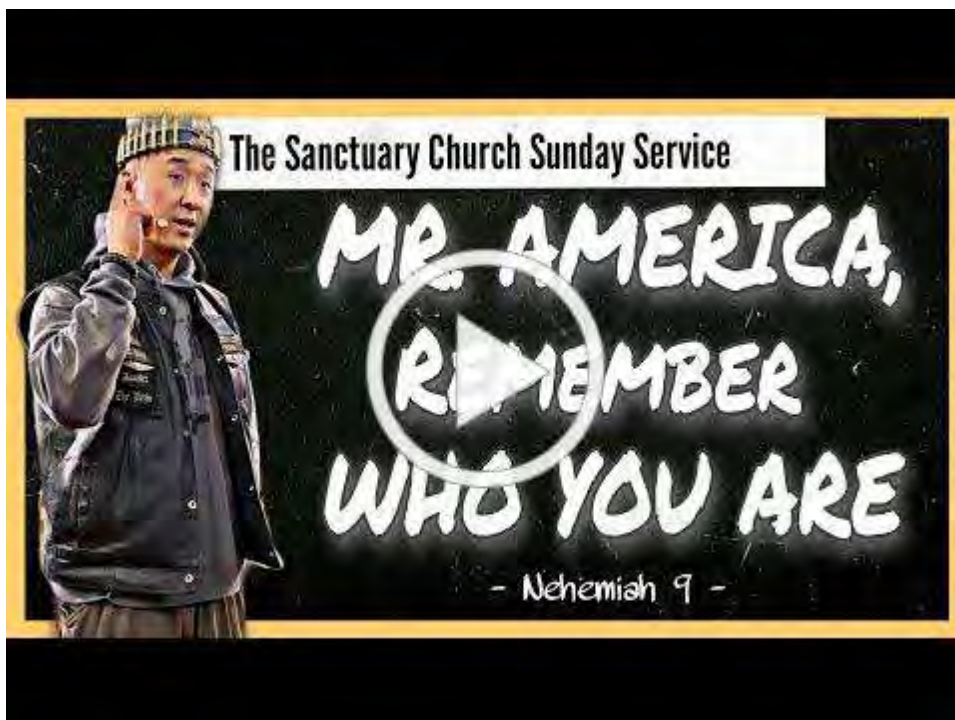

Hello,

Hyung Jin Nim started the Sunday Service by discussing how Nehemiah 9's main message to Israelites is "Remember Who You Are" -- we are not who the Egyptians said we were.

America needs to do that. Without the [Black Robed preachers](#) the Revolutionary War would not have succeeded. They were fighting for a Godly purpose, to preserve liberty.

There has always been a divide in Christianity between passive and more activist preachers. It's not enough to just pray. That emboldens the bullies. Communism is not just an ideology. It relies on force and murder.

If you love God, you must hate tyranny, and therefore Communism.

As Pastor Matt Guedes says, churches in the West have become sissified. God is patient, but once a line is crossed, His wrath calls for believers to end wickedness. God often used heathen nations to judge Israel. God is not just a tribal god. He protects the Principle of the universe. He will punish His own people when they become corrupt.

We see movie stars bragging about having an abortion, the murder of their own children. We see normalization of homosexuality and transgenderism, with hedonism as the main value system. Such people will vote for socialism to have others pay for their lifestyle.

Government also promotes non-marital sexual relationships through welfare payments to unmarried mothers and "sexual rights" sex education. Communist China promoted red light districts in cities in order to break down marital institutions based on Confucianism. In the West, feminists attacked marriage as a patriarchal institution.

The God of the Bible is the first to reject homosexuality and to promote sanctity of sex in marriage. This desexualizes all other relationships.

Today's business titans are mostly leftists who side with globalism and want to do business with Communist China. We've seen 10 months of government imposed lockdowns, leading to bankruptcies of millions of small businesses and the expansion of centralized government approved megastores.

North Korea was called Jerusalem of the East, but now there is no religious freedom there. We should not be so arrogant to think it could not happen here. The Body of Christ must not sleep. It must stand and resist the devil and he will flee.

To give an example, Justin Trudeau has invited the Communist Chinese military to train in Canada 18 times. Leftists teach that America's founding was evil. Marxism is a powerful worldview, religious-political system, which teaches that the cause of suffering is greed. Their solution is socialism, including abolition of private property and capitalism. Their righteous armies include ANTIFA and BLM who are taught "you are gods, you are the saviors." It is also a conflict of civilizations. The Black Lives Matter website stated they want to "disrupt" the hetero-normative family.

We are not just fighting flesh and blood, but against principalities.

Trump is calling Big Tech censorship of conservative voices the beginning of Communism and calling patriots to DC on January 6. There is the risk of terrorism, but we must not live in fear. We will show up to support our Commander in Chief. We are living in an epoch time! We have to choose to fight evil, saying "we will face you! We will defeat you!"
