

9 Steps To Save America From Socialism!

Richard A. Panzer

March 16, 2021

World Peace and Unification Sanctuary - USA

But for you, O Lord, do I wait; it is you, O Lord my God, who will answer. For I said, "Only let them not rejoice over me, who boast against me when my foot slips!" For I am ready to fall, and my pain is ever before me. I confess my iniquity; I am sorry for my sin. But my foes are vigorous, they are mighty, and many are those who hate me wrongfully. Those who render me evil for good accuse me because I follow after good. Do not forsake me, O Lord! O my God, be not far from me! Make haste to help me, O Lord, my salvation! Psalm 38:15-22

What kind of men and women does God need? God has been searching for men and women who are trying to give their lives to the fullest degree, to truly become the embodiment of His own way of life by giving totally for the sake of the spirit world and the earthly world. Until you give to the absolute degree you will not receive in the absolute degree. Absolute giving brings absolute receiving. SMM, Our Family in the Light of the Dispensation (II), 3-6-77

Hello,

Tim Elder hosted the service since Hyung Jin Nim was traveling back from Florida. After the announcements, we viewed the video message from the 2nd King. He started by discussing how in psalm 38 David expressed anxiety when he was being hunted down by King Saul's forces.

We have similar uneasiness when we see the reality that the Leftists and political Satanists have taken power of the federal government. They are moving forward quickly to implement their agenda and consolidate their control including disarming the American people. And to delete our natural rights enshrined in the Bill of Rights.

They are lustful for power. God intended his children to have dominion, not the archangels who seemed to be more knowledgeable and powerful. Lucifer was the first pedophile who defiled Eve and then Adam, who were meant to rule as King and Queen. As the Bible says, we are to co-reign with Christ as Kings and Priests.

We must not become slaves to such political Satanists. Victims of Communism are groaning in the spirit world. The Mark of the Beast in the head represents giving one's heart, mind and soul to Satan. The beasts spoken of in Revelation are metaphorical, referring to the power cults and alliances of evil that do not respect God. They seek to reduce the age of sexual consent to 10 years old.

[Sanctuary Service 3/13/2021](#)

We wish that all people will be saved. God cares about salvation and justice on earth. We must stand and be God's hands and feet to bring about His Kingdom. We must protect the natural rights enshrined in our Constitution and have the Godly love to protect our neighbors.

The Body of Christ must fight in both the spiritual and physical realms. The Lord's Prayer seeks God's Kingdom ON EARTH, not just in heaven.

In the 1770s the colonists tried to keep their rights through legal means, but finally they had to use force. While they seek to work through peaceful means, Christians and patriots must be ready to fight. We are not facing just England, but rather the entire world.

[The King's Report 3/15/2021](#)

Christians knew God's promise of righteousness would be their inheritance in the future. Despite the difficulties, victories are coming if people stand up and work together.

Significant leaders are rising up in Florida, such as Gov. DeSantis. Pray that President Trump will stand up with the spirit of General George Washington.

If all the faithful children of God put aside their differences and work together, God will work.

We must seek His Kingdom and reject the false values.

There may be weeping in the night but there is joy coming in the morning. Keep our eyes on the prize. Don't focus on the darkness. This is a temporary testing. Focus on freedom, righteousness, families, communities and you will be able to see, touch and taste the goodness of God's Kingdom.

9 STEPS to SAVE AMERICA from Socialism!

All Americans who love America and want to preserve it as a free nation watch in dread as they see the aftermath of the stolen presidential election and the takeover of our federal government by hardcore Leftists. Many of us are praying for God to work, but *beyond just having blind faith*, what can we do to be used by God as His hands and feet to restore this nation?

Author/filmmaker Trevor Loudon from New Zealand has researched radical left, Marxist, and terrorist movements and their covert influence on mainstream politics. Earlier this month his commentary "[A New Zealander's 9 'Starter Steps' to Save America from Socialism.](#)" which struck me as valuable because of its specific, doable steps. Here are Loudon's 9 steps for your consideration:

1) Face Reality

Loudon writes, "Millions of Americans are still in complete denial. Many think the military is secretly in control -- that it's only a matter of time until justice is done and President Donald Trump is restored. There's a "secret plan" -- just "have faith." The truth is that Trump was outmaneuvered by an alliance of communists, globalists, and even traitors in his own party. The "deep state" is now almost fully in control."

2) STOP All Violent Rhetoric

As the 2nd King has said, while we practice to develop our self-defense skills, including the use of firearms, speaking loosely about committing violence actually *harms* the patriot movement. Here is what Trevor Louden advises:

"Beware of anyone inciting violence online, at a public gathering, or in a private meeting. Distance yourself fast. They will be at best hopelessly naive, at worst government provocateurs.

The left is praying for "right-wing" violence. It will give them an excuse for a massive crackdown on patriotic Americans.

Having said that, the Second Amendment must be preserved at all costs. An armed populace is at least some check on tyranny, even if useless in the face of biological warfare or nuclear attack. Americans should keep their guns and work every day to ensure they never have to use them against their own people."

3. Restore Election Integrity in All Red States

If voter trust isn't restored within months, the Republican Party is doomed. Democrats will continue to vote. Large numbers of Republican voters will stay home. They won't trust the elections and will refuse to participate. We've already seen this play out in the Georgia Senate elections.

Thirty states are currently led by Republican legislatures. Some are already holding inquiries into fixing deficient electoral procedures. Most will be whitewashes unless the public gets heavily involved. If the resulting recommendations don't include the elimination of electronic voting machines and heavy penalties for organized voter fraud, it's likely to be a window-dressing exercise. Be alert.

Patriots must work to restore voting integrity first in the red states, then the red counties of the blue states -- then after 2022, the whole nation.

(a new 501c4 nonprofit organization called the **Coalition for Election Integrity** is being formed. Its website will be CoalitionforElectionIntegrity.org with Social Media pages on parler.com and Gab.com.

4. Close Republican Primaries IMMEDIATELY

This should be a no-brainer, but no one is talking about it. Only five U.S. states have truly closed Republican primaries. This means that in most states Democrats and independents (even communists) can vote in Republican primaries -- and they do. All over the country, the GOP's enemies vote in Republican primaries to pick the weakest, most wimpy candidate they can.

That's why the Republican base is super patriotic but most of their elected representatives in most states vote like "progressive" Democrats.

Close the primaries, Republican patriots. It will transform your party.

5. Organize a Compact of Free States

MAGA folk need to build a "nation within a nation." This doesn't mean secession -- Russia and China would be quick to exploit such division. *What's needed is a reaffirmation of 10th Amendment rights as*

already outlined in the U.S. Constitution. The already out-of-control federal government is about to go on a rampage against every form of independence left in the country. Every red state with the courage to do so must immediately begin working toward a formal compact to collectively oppose all forms of federal overreach.

Such a formal alliance should start with Florida and Texas, then grow by inviting Oklahoma, the Plains states, most of the Southern states, New Hampshire, the free Midwestern states, and the Republican-led Northern and Western states.

Such an alliance, stretching from the Florida Keys and the Gulf of Mexico all the way to the Great Lakes and the Canadian border and even Alaska, would bisect the entire country.

Adding the red counties of the blue states such as Virginia, Maryland, New Jersey, Massachusetts, Illinois, Minnesota, New Mexico, Colorado, Washington, Oregon, and California, would create a voting and economic bloc that Washington would find exceedingly difficult to challenge.

6. Republic Review

Every free state should immediately embark on the adoption of the "[Republic Review](#)" process. There's a small but growing movement in some Western and Northern states to review their engagement with the federal government *to eliminate or nullify all unconstitutional relationships.*

Under the Constitution, the states are technically superior to the federal government. They're sovereign under the "equal footing" doctrine and have the legal power to refuse to engage in unconstitutional programs.

For instance, most states only get about 10 percent of their education budget from the feds -- but are almost completely subservient to Department of Education dictates. *Why not forgo the measly 10 percent in exchange for a return to local control over all public education?* America is losing its youths in public schools. Every patriotic parent knows that.

This would give parents more control over their children's education and restore citizens' control over their own government. Is this worth 10 percent of your state's education budget?

7. Form a Multi-State 'America First' Popular Alliance

The left has "[Our Revolution](#)," a nationwide alliance of 600 groups operating both inside and outside of the Democratic Party. [Operated](#) by Democratic Socialists of America and the Communist Party USA, Our Revolution works in the Democratic primaries to elect far-left candidates such as Reps. Alexandria Ocasio-Cortez (D-N.Y.), Ilhan Omar (D-Minn.), and Rashida Tlaib (D-Mich.) into office. Our Revolution isn't subject to Democratic Party discipline, but it does get to choose Democratic candidates.

We need an "America First" umbrella group to operate both outside and inside the Republican Party -- even possibly within the Democratic Party in some areas.

This organization should be all about pushing the MAGA/America First agenda at every level of government, in every state of the union.

8. Boycott/Buycott Bigtime

Patriots should be abandoning Google, Facebook, Twitter, etc. for more honest platforms. They should also enthusiastically support efforts by DeSantis to [heavily fine](#) Big Tech operators who "cancel" patriots. *If 25 or 30 free states did the same, Big Tech would soon be little tech.*

Patriots need to organize nationwide boycotts of unpatriotic companies and **buycotts** for loyal American companies like My Pillow and Goya Foods.

Already, local groups are drawing up lists of "unfriendly" local companies and friendly alternatives so patriots can stop supporting their opponents and spend more with their fellow MAGA supporters.

It would also be smart to sequentially target vulnerable unpatriotic companies.

It should be also a given that every U.S. patriot boycotts all communist Chinese goods wherever possible. Check those labels! *Buying Chinese communist products in 2021 is like buying Nazi products in 1939. It's immoral and it's suicidal.*

9. Remove Malign Foreign Influence at State Level

DeSantis has announced legislation to massively curtail communist Chinese activity in Florida. The legislation also targets several other enemy states, including Russia, Iran, Syria, North Korea, Cuba, and Venezuela -- all of which interfere in this country's internal affairs.

In December 2020, Trump's Director of National Intelligence John Ratcliffe revealed that the Chinese Communist Party was conducting a "massive influence campaign" focused on dozens of members of Congress and their aides, including through attempted blackmail and bribery.

Currently, thousands of foreign companies from hostile regimes are buying up land, food production facilities, technical companies, educational facilities, and infrastructure. Tens of thousands of foreign agents are co-opting unpatriotic businessmen, unethical politicians, and sympathetic journalists in the interests of China and other malevolent states.

Under the Biden-Harris administration, nothing will be done to stop these activities at a federal level -- but much can still be done by the free states. If every free state cracked down on foreign bribery, corruption, espionage, and subversion, this country would be transformed.

If hundreds of corrupt academics, journalists, businessmen, and politicians (from both parties) were exposed and punished, this country would soon be well on the way to moral, economic, and political recovery.
